Man, Swami. I was in a lot of secret groups and covens and egyptian orders and old chinese priest temples and many european monk orders, knightoods, and these types of things. I saw that this is why I always gravitated to martial arts and energy arts and secret societies and things like that. They always come easy to me and I am always the top student of my teachers and its like I have known them before. It all feels a part of me. When I go through these vows, it's like me going	

through a bunch of memories. I'm gonna keep going. Thank you Swami.	134

Don Juan did not discuss the mastery of awareness with me until months later. We were at that time in the house where the nagual's party lived. "Let's go for a walk," don Juan said to me, placing his hand on my shoulder. "Or better yet, let's go to the town's square, where there are a lot of people, and sit down and talk." I was surprised when he spoke to me, as I had

been in the house for a couple of days then and he had not said so much as "hello".228

EXCERPTS FROM THIS BOOK...

Yuko's daughter and Yuko are OK together now thanks to the Energy Enhancement Meditation Course. They are now both learning Kendo together as befits a Samurai Family of Spiritual Warriors! Kiaiii!

Here is one of our Students Yuko Sato working with the Energy Enhancement Meditation Course Advanced Meditational techniques using the Kundalini Kriyas, Achemical VITRIOL, and the Taoist Five Elemental Circulations of the Qi to increase her Spiritual Energy, Open the Third Eye to see Energy BLockages on the Astral Plane and by Using the Seven Step Process and Merkaba Psychic Protection remove Energy Blockages and implant addiction blockages from the Psychic Body and All of her Past Lifetimes.

The Astral Plane is a Psychic Plane of Virtual Reality which is viewed through our cultural lenses. As Sosan the third Zen Patriarch says, "They Know!" and our students are not beginners, they have many lifetimes of experience navigating the Astral Plane. Many Times my students teach me!

Many times we get help on the Astral Plane from Spiritual Teachers and Angels as we remove our Traumatic experiences so our messy history painting can become a clean white sheet..

"This afternoon, I invited my ex-husband and my daughter for Sushi brunch at my place. I was amazed at how much I was calm and relaxed this time.

Because I had removed huge blockages from both my ex-husband and myself from our throat chakras. Also, because I had removed blockages from my past and future timelines on which my daughter was there I was able to have a relaxed conversation with my teenage daughter.

Any of their negative attitudes didn't affect my mood at all. They were quite the same as always, for instance, my ex-husband often used his iPhone and my daughter sometimes didn't reply to me.

I had just changed somehow by using Energy Enhancement Meditation.

I could see the situation above, objectively from a different perspective without the trauma from previous memories. I focused on their presence when I enjoyed making Sushi for them and spending time with them. I stopped thinking about myself and why they did such things.

It was pretty good."

I had several new happenings in my real life and a bit of difficulty to clean my Antahkarana, especially the Logos chakrs, third above the head, in meditations. I have just finished cleaning my Logos this morning. It took a week! I will report a half of this process as a Part 1. But all are positive and good!! How is yours?

Firstly, the truly incredible happening is that I've already seen my daughter 6 times since I meditated on her as the Petty Tyrant and cleaned all connections between us using the Energy Enhancement Video Course Level 4 techniques and following your advice. I think it was at the beginning of February. During several sessions of meditations, I also felt Karmic mass from many life times. When I fought against the Bloody Red Witch, my mind computer showed me that this Karma had influenced my daughter and far more in my future. As I wrote the review to you, I cleaned all blockages related to Lipstick in my timeline by time slam. Through meditations, I started to wonder what I should learn from this long Karma. Then, the result of the tarot I picked rang a bell in my head.

The Empress represents the Feminine Archetypes in the Tarot and teaches the daughter the true meaning of being a woman. I as the Maternal Mother carefully watched my creation grow and develop until the time comes for my daughter to stand on her own two feet. Like all Mothers, I did find it difficult to let go of my creation and hard to deal with, my negative aspect could become possessive, smothering, controlling and manipulative. I had

been struggling badly last year. My ego with negative aspects attracted my daughter's ego like magnet.

But finally, I succeeded in this letting go process through meditations with the Energy Enhancement Video Course Level 4 techniques. Thank you so much, Satchi. It was a miracle. The Empress of this card showed that she was free from her Karma, at least I could feel it. Then, the relationship changed dramatically.

My daughter spontaneously started learning Kendo, Japanese swordsmanship, with me and she seems to like it. It is an amazing change which I couldn't have imagined this situation last year. Also, my mind and feeling have changed. My emotion stopped reacting to the past happening and small inconveniences and negativity. So I feel relaxed with her as an adult woman. And I am free from the delusion of what an ideal mother should be by old custom, education and society. I can't explain it well, but feeling, emotion, thought and intellect act independently without Ego or blockages. I feel very different from myself I used to be before.

TESTIMONIAL FROM THE SEPTEMBER 2006 COURSE

Yuko comes from Japan and is a Professional Photographer in Shanghai and London. Before coming on the course she had not meditated before although she has been trying Yoga for a while...I can feel other person's fear in my 2nd chakra. So I give them love and ground their fear in centre of the earth. I understand the world better, that keeps the sky of my heart is clear and the sun is shining.

Yuko Sato First Energy Enhancement Meditation Course Report on the Opening of the Third Eye, the Removal of Blockages, and the Removal of Addictions - The Black Magician: After burnt the eggs, many angels arose above. I bring into my Antahkarana to increase the size and function of my energy body, the new means of evolution. - I started reading your book about shadow subpersonality at November 20. It led me to the new direction in my meditation. I found so many blockages and removed them with emotional tears. Satchi, your method, The Energy Enhancement Seven Step Process of Energy Enhancement Level 2 is so powerful. I will keep doing it. Because I start feeling the really bright light in it and I am moving toward it. Because my soul was whispering me.

Yuko Sato Second Report - The Energy Enhancement Meditation Course Report The Astral Plane is a Psychic Plane of Virtual Reality which is viewed through our cultural lenses. As Sosan the third Zen Patriarch says, "They Know!" and our students are not beginners, they have many lifetimes of experience navigating the Astral Plane. - If my experience would help others to meditate properly. If they do so, anybody can do and travel different multiple dimensional worlds. And I believe it would help the world. Before that, I will tell you about my

meditation experience yesterday when I asked my mind computer to show me the blockages in my timeline, just you asked me to do it from the Energy Enhancement Meditation Level 3 Course. It was an amazing technique, Satchi.

Yuko Sato Third Report - Energy Enhancement Meditation Course Report on Sexual Implant Blockages, Seduction, Pornography, BDSM and Satanic Ritual - Curing Cancer and Diabetes - Then, my mother came from the astral plane. I sat with crossed legs and she did the same. We started meditating. I connected to her, more or less I was inside her. I went through her life. She had a difficult life. I removed her blockages with the Energy Enhancement Meditation Level 2 Seven Step Process and they stuck to my anger and sadness caused by her blockages. I removed all of them and poured water energy from my fountain on the top of my head, then automatically transferred it to Shakti to burn in the center of the Earth. - Every member of humanity has been already implanted from our childhood and youth in the company of evil in every gathering place, through pornography, traumatic sexual experiences, rapes, school, hospital, university, rituals, and also from previous lifetimes by all manner of blockages including Implant Addiction Blockages - Drugs, Sex, food, and unnecessary exercise, etc - This means YOU!

The Energy Enhancement Meditation Course Yuko Sato's 4th Report on The Opening of the Third Eye, the Removal of Trauma from Memories, the Removal of Blockages, the Karma Clearing Process, Chakras above the Head - Then many women from the timeline appeared. I sensed that those blockages were given when they were forced unwanted sex. I felt their anger and resentment. - The dagger I got from my great-grandmother last year in my meditation. She said "This dagger comes from this world with the fire of the blacksmith. In front of the fire of the blacksmith, your soul can be sparked into cellular form and all cellular forms of your body including your dignity and pride will be awoken. However, before this process, you must be purified, brightened, and burned of waste and toxicity, then you can alight on new ideas and attribute your new life to the influences of new ideas. And you will walk your new life with the great endurance of the samurai. The endurance of the samurai is only revealed without shadows and shame. Our endurance can be soothing, replenishing in the dark womb of dragons, then it will be the vital liquid of our soul and body." Then, she gave it to me.

THE DANS OF ENLIGHTENMENT

It's only possible to become Soul Infused - the First Dan of Enlightenment - by removing all the Subpersonalities.

Yuko Sato Fifth Report - The Energy Enhancement Meditation Course Removal of the Succubus Sexual Addiction Implant Blockage and the Karma Cleaning Process. The Suck-ubus

Succubus Hookers Most people have been implanted with the sexual Addiction Implant Blockage without knowing anything about being implanted. They just have to deal with the evil results.. It was a long time ago, I was very small. I played with my little brother outside and the minion of the Black Magician came to me. There was nobody around. He lifted me up in his arms. And asked us to keep quiet and not to tell this anybody. We were simply scared. He started walking with lifting me. And it was disgusting, I remembered now. He started touching my vagina, clitoris, and perineum.... I didn't know what he was doing. I froze time and fought against him and held a sword to his throat. I asked him where his controller was. He told me and I captured and compressed him. I removed and compressed the blockage.

The Energy Enhancement Meditation Course Report on the Integration of the Feminine Side, Removing the Subpersonalities and Forgiving the Family... In my dream, I saw his face. He was naked and had a happy smile on his face. Because of the scarlet red lipstick, he said. I looked at his face, but he didn't put on the lipstick. I looked down and I found a big scarlet lipstick. It was his penis! And he asked me to make love. I had a blank mind for a while. It was clear that it was a lipstick by the touch and the bright red colour on my palm.

Yuko Sato Seventh Report - The Energy Enhancement Meditation Course Report on the Integration of the Feminine Side, Removing the Subpersonalities and Forgiving the Family - The Red Lipstick and The Red Witch! - The witch started to talk to my past life incarnation. She suggested a bad thought to my past life incarnation. Didn't she want revenge on him? The witch even whispered to my past life incarnation so as not to let me hear.

Finally, my past life nodded. She became a witch! To curse him and the men who gave her pain including her father, brother and husband.

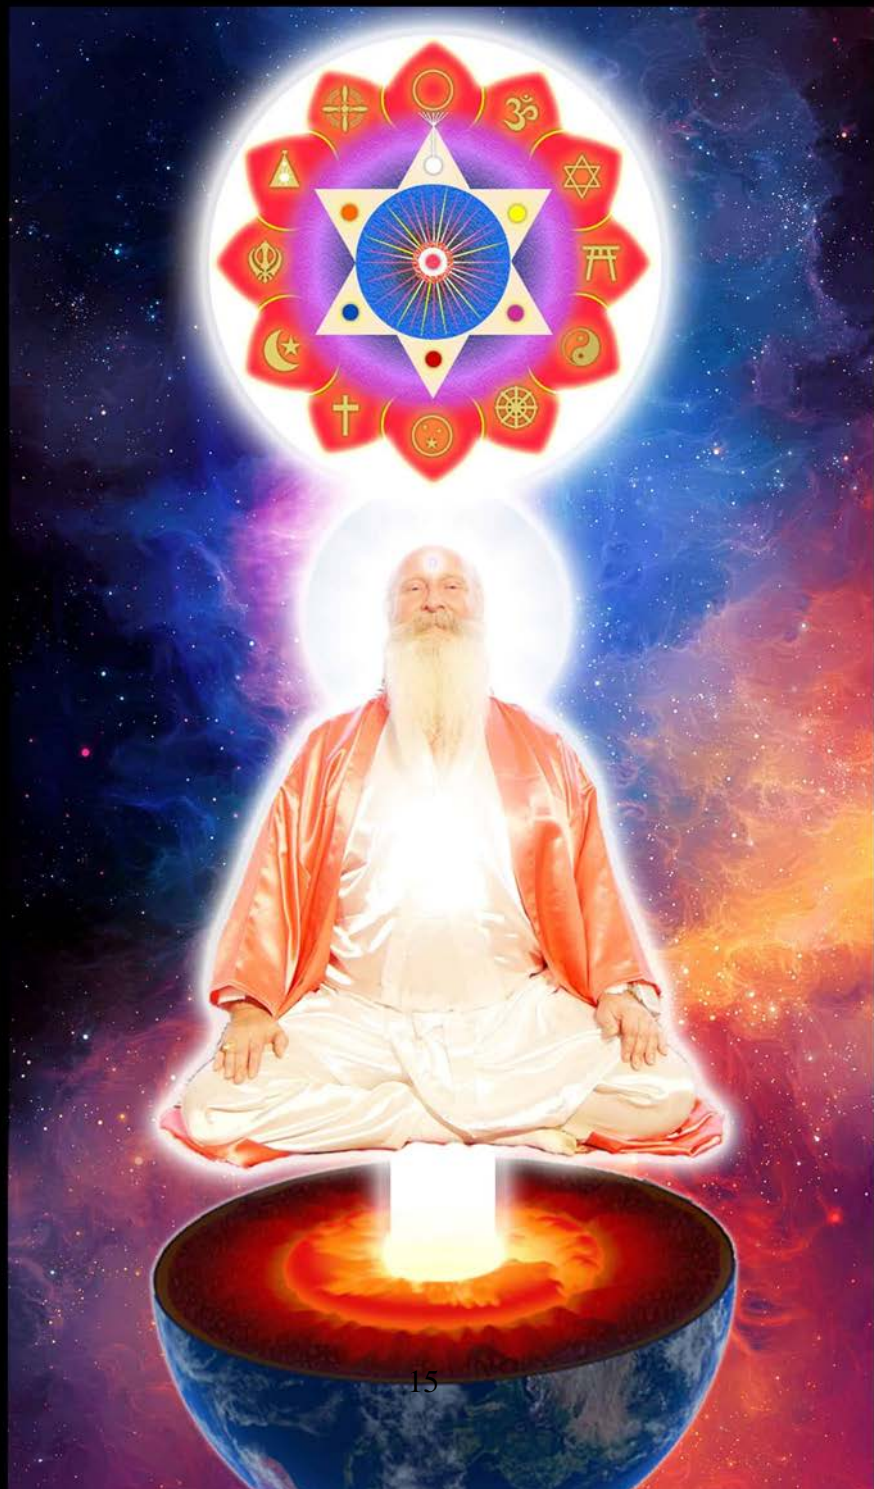

I was shocked to know this and at the same time, I understood that it all came from this traumatic experience. She, my past life incarnation, cursed her future lifetimes, Me! BLACK MAGICIANS WITH THEIR IMPECCABILITY INCREASE THEIR WILL POWER AND INTELLECT BUT TOTALLY REMOVE THEIR CONSCIENCE, THEIR HEARTS, THE ENERGY OF LOVE!! A PSYCHOPATH!

YUKO SATO - MEDITATION ENERGY ENHANCEMENT TESTIMONIAL FROM THE SEPTEMBER 2006 COURSE

**YUKO SATO TAKING A GLASS OF WINE IN GIRONA, SPAIN DURING
THE ENERGY ENHANCEMENT COURSE - TAKEN BY SATCHIDANAND**

Yuko comes from Japan and is a Professional Photographer in Shanghai and London. Before coming on the course she had not meditated before although she has been trying Yoga for a while...

Oh my god, I changed a lot!

YUKO SATO TAKING MEDITATING IN THE ENERGY ENHANCEMENT CENTER IN SPAIN DURING THE ENERGY ENHANCEMENT COURSE - THE MOVING INTO THE SOUL INFUSED PERSONALITY INITIALLY ONLY HAPPENS OCCASIONALLY, BUT AS WE INTEGRATE MORE AND MORE IT BECOMES PERMANENT IN ENLIGHTENMENT - TAKEN BY SATCHIDANAND

I screamed with silence.

I was sitting in the bar around 9 p.m. by myself in Barcelona on the first night after my Energy Enhancement Course. On the way back to the hotel, I wanted to have one drink. Surrounding by local Spanish people, everybody had a good time with their own friends, even a bartender was chatting with some regular customers.

I was drinking a glass of red wine in the middle of them and felt totally relaxed without fear. I enjoyed the moment of being, by myself, in foreign country as a stranger.

If I were to be here before, I could not relax this situation, I might worry too much, for example, how they think about me? how am I look like? do I look a bit lonely? am I look OK? etc..... too many of small thoughts,

however they usually are big enough to destroy having a simple good time....

To be honest, I have not had that feeling, "without fear...." for the whole 33 years of my life.

This is just after the two weeks of an Energy Enhancement meditation course.

During the course, I had many interesting and amazing experiences through meditation. I saw three black snakes, a BM with snake hair, a black rose covered with thousands of ants, a devil who controls and sucks the energy from me and thousands of innocent people, frogs, parasite eggs...etc..

All of them were blockages and implants in my body and my chakras.

Then I removed all of them using the Energy Enhancement Techniques.

The techniques are simple and powerful, moreover effective.

I did not feel any difficulty during the course. On the contrary it is fun and enjoyable.

The meditation with Satchi and Devi is sailing with fresh wind, also they have a big map. You can not be lost.

After the EE course, I went to the Juice fasting place in Portugal.

I did it for two weeks and I felt so much energy without eating.

I went for walking in the mountains for 3 hours, 2 hours yoga practice, swimming in the sea and meditation everyday.

After my Energy Enhancement Course, I am the most energetic person in this fasting program, people who work there, they thought I am not a normal human being, because I am smiling and happy all the time.

I feel absolutely happy and full of love.

(Satchidanand - fasting is a spiritual technique used for thousands of years because as well as being good for the waistline (Wasteline) and for the health, it is also working internally to get rid of the energy blockages. Because Yuko had removed most of her energy blockages during her first two weeks of the 4 weeks Energy Enhancement Course, she did not have these problems, and was able to use the fast to find and remove more of her internal energy blockages. Usually, it is my habit to do a 28 day fast each year and there are no problems due to the previous removal of

internal energy blockages; I work as normal, just difficulties with entertaining.)

Pictures taken by Yuko 1006

Another change, I can feel other person's fear in my 2nd chakra. So I give them love and ground their fear in centre of the earth. I understand the world better, that keeps the sky of my heart is clear and the sun is shining.

(Although we teach this during Energy Enhancement Initiations, this removal of energy blockages from others happens quite naturally once we begin to take back the power normally taken from us by our separated psychotic sub-personalities. Integration of them back into the Soul Personality. Once we integrate them we get back the psychic powers they normally use to get us into trouble and destroy our lives using ego strategies like the poor me and the violator. - Satchidanand)

Yuko Sato

(Yuko, due to her Japaneseness and her experiences in past lifetimes brought a colourful experience to the Energy Enhancement Course. She had great fun removing her blockages. - Satchidanand)

For meditation, I now do for at least one hour everyday, sometimes for two hours.

I find new blockages every time.

Two days ago I found the river bottom of my antahkarana and I saw a snake swimming under my antahkarana. I have done the Energy Enhancement 7 steps for them and in the 6th step I met a strong ice woman subpersonality who can turn everybody and everything into ice.

Finally I grounded her.

I just drop lines of my meditation is going and I feel bright energy every time I meditate.

Thank you for meditation

Love and light

Yuko Sato First Energy Enhancement Meditation Course Report on the Opening of the Third Eye, the Removal of Blockages, and the Removal of Addictions

[Yuko Sato First Energy Enhancement Meditation Course Report on the Opening of the Third Eye, the Removal of Blockages, and the Removal of Addictions](#)

Yuko Sato First Report 2022

Dear Satchi,

Thank you for your email. I read all techniques. My favourite is the Energy Enhancement Level 2 Seven Step Process Construct. It is a psychic protection taught in Energy Enhancement Meditation Video Course level 2. It worked amazingly.

Day1 :

I meditated for about 30 mins on the hill yesterday. It was much fast to remove all blockages, I could say half time.

I created four constructs around me. It created a powerful protection also they scanned my body and remove average blockages through all my chakras

I found..

1. The blockage: a pond of black slimy liquid in my heart chakra. I removed it. Then I created a wonderful green gate by leaves, something like in the British garden. I will send the picture. There is a

nice breeze through my heart chakra. I grew a green power in it. I felt warm.

2. The minions. Then I look down the place where there was a pond. I found thousands of eggs, all were black. I removed them and shocked, grounded into the centre of the earth.

3. The Black Magician: After burnt the eggs, many angels arose above. I bring into my Antahkarana to increase the size and function of my energy body, the new means of evolution. I found black vines connected to the Black Magician. I caught him and shocked him and cut him apart. Then burnt him and grounded him.

4. The controller: I jumped above with four constructs. I put them horizontally and scan all universe, like a fish net. I catch so many controllers and I shocked them and burned them all into the center of the earth.

5. I did the same as 4 a couple times even jumped higher

6. I did the same as 4 more. I found millions of Black Magicians and I shocked them and burned them all into the center of the earth.

7. Then I jumped higher to the stage where I can enter my past life. There are many small bumps, like mole hills. Each hill has a green wooden door.

I use constructs to scan over the field of hills. Something was caught, I grabbed it and cut him. Then I entered the door of my past life. There was a battle field. I met my guardian who was a warrior. He called me, "Princess" and he said many soldiers are fighting for me and my love who was caught and tortured because I tried to be with him. There are many soldiers, my soldiers in a pool of blood. Then, when I looked up.

There are many Black Magicians in the sky controlling and manipulating my enemies. I flew up above the sky. I looked them down. There are millions of Black Magicians like a black cloud covering the sky. I shocked them and removed and burned them and grounded them into the centre of the earth. I had to concentrate so hard. After witnessing them burnt, countless freed angels rose up into the high antahkarana and they are healing my soldiers and augmenting my chakras, increasing my psychic body. And the battle field was covered by rainbow light.

Beyond the horizon, I found a hill and there was a tortured man was connected on the top of the hill. I flew to the hill, I had wings, like an angel. I gently wrapped his cheeks with both hands. He looked at me. He had light brown hair that looked soft. I felt nostalgic. "Who did it to you?" I gave the word to him and started caring for him so much. His gaze, looking at one point, turned to me. Those eyes were mysterious. A long history was engraved in them. When I started reading his history, my third eyes were connecting to his one and started synchronizing each other. Amazingly, we

had synchronized all our chakras and I brought him to my heart chakra. There is a river breeze swaying leaves of the green gate. We walked through it together and we united. I felt massive relief and the relief became green energy to cover all my body.

YUKO KENDO

Then out side of my protection, I found my ex-husband and his mother. They are dark shadow and glaring at me. I shocked them and cleaved them in twain. And grounded them into the centre of the earth.

I opened my eyes.

I have a question. Satch, fear which was a dark pond in my heart chakra came back when I sleep. I meditated twice during the night. Then I fell asleep. I can't hold my protection for 24 hours.

Love and Light

Sincerely

yours,

Yuko

to Yuko

Yuko, you are an infinite energy immortal soul!

You will never die.

You are invincible.

These BM guys can not harm you.

Their only work. Their only task is to persuade you to be Evil.

To Pervert. To Degenerate.

To steal every drop of your Spiritual Energy.

To implant you with demonic energy blockages.

THEY ARE A TEST!

When all the blockages are gone you will fuse with your Soul.

You will become Enlightened!

I am free from all addictions using the Removing Addictions Process of Energy Enhancement Level 3 and I am not nervous anymore. It was amazing feeling. It took for a while to quit smoking which I had started after separation. I smoked when I felt lonely. The biggest addiction was the

poor me attitude - the Subpersonality Strategy alongside the Violator and the Selfish Competitive Black Star of Energy Enhancement Level 3..

I cut all unhealthy male friends who filled my loneliness. It was true which you wrote in your book. After I removed huge amount of blockages, I am free from alcohol for 4 years, meat, cigarettes and need for approval from men. Thank you Satchi!

The Energy Enhancement Seven Step Process of Energy Enhancement Level 2, your book and your video about subpersonality helped me a lot.

Dearest Satchi and Devi,

Thank you very much for your email and the links. I wanted to reply you after reading your book and when I saw any meaningful visions to teach me in my meditation journey. I've just had this moment. So I am replying you with heartfelt gratitude. It would be a bit long. Please take time to read when you have time in relax. Thank you Satchi and Devi to think about me.

I started reading your book about shadow subpersonality at November 20. It led me to the new direction in my meditation. I found so many blockages and removed them with emotional tears. Also In real life, some uncomfortable things happened, it made me emotional and cried. However, I thought it was a kind of test for me. So, I tried to be calm and not to fight against them. I kept meditating, practice Yoga at home, because accidentally I run over a hare on the highway on November 7 and my car was broken. It was shocking experience and I stuck at home for a month. I felt I was a hermit and I tried reflexing myself and focused on meditation and yoga.

Many visions came up to my mind during meditations and had meaningful dreams after it. I did The Energy Enhancement Seven Step Process of Energy Enhancement Level 2 about my dreams as well. I started using new techniques. One is that I use removed blockages as magnets to pull another blockages. It works so well, I realise that I can neutralise traumas. I did a lot and it works. I felt lighter and stop thinking over the past.

I had the new experience two days ago. I had a lucid dream on December 20 early morning. It was not so surprising experience, because I had some since last year. But this time I was meditating in the lucid dream and in my meditating mind a man popped into my mind. He looked down painfully,

and he stood silently in my heart chakra. I was watching his mind from above. he was blaming himself. He was blaming himself that he had done me wrong in the past. I felt he wanted to say sorry to me. He regretted so much. I knew him. He was one of my friends. I gave him a big hug, a sort of brotherhood big hug.

Then, the painful thoughts, fears, and ruminative memories of the past in me were stuck to his regrets like a magnet. It's a liquid black magnet. Painful memories and traumas were sucked out of each other's bodies as well as minds. It got bigger and bigger and floated above us like a cloud of liquid. It grew and grew, and joined the fear and trauma of people all over the world. My heart felt lighter and my strength increased. I focused and grounded that black liquid cloud-like magnet to the bottom of the earth. Wow, it was such a work!

After that, I flew above and moved to a different parallel world where wishes come true easily. It was filled with lights. I looked at him and released him to return to where he came from. I told him he was OK now. He stayed there. Then I was back to the reality.

Then I meditated about this dream, it was a bit strange, I felt just went back to my dream. But I was just meditating. He was there, so I did The Energy Enhancement Seven Step Process of Energy Enhancement Level 2 on him. I had to do it, right? That's what you taught me.

He had so many shadow subpersonalities, fear, regrets and ego. Those were so heavy and thick, I cleaned them up, at the same time, those blockages stuck to my dark sides which were hidden in the bottom of my all chakras, where I could not reach, but with his help, it is a sort of help, right? I reached them out.

During The Energy Enhancement Seven Step Process of Energy Enhancement Level 2, I cried and felt pain. I knew that we were together in our past lives. We tried to trust each other, but we failed. After The Energy Enhancement Seven Step Process of Energy Enhancement Level 2, he became a shiny light, Unbelievably I jumped into my Soul with this light. We were swirling together in my Soul and became the one. After that, I was with golden lights and brilliant white lights.

Satchi, your method, The Energy Enhancement Seven Step Process of Energy Enhancement Level 2 is so powerful. I will keep doing it. Because I start feeling the really bright light in it and I am moving toward it. Because my soul was whispering me.

I will meditate now for a while and go for Kendo Practice later. I am fine and finding real myself.

Have a lovely xmas and new year. I am always sending love to you and Devi.

Sincerely yours,

Yuko

15. Book 15 out of Fifty Free Books with Energy Enhancement..15. Eliminating the Shadow.. In this book, Satchidanand trashes the greatest most intellectual investigators and descriptors of the Shadow and the Shadow Subpersonalities and announces Energy Enhancement Meditation as the Only way to remove the Evil Subpersonalities of the Shadow!.

ELIMINATING THE SHADOW

In this book, Satchidanand trashes the greatest most intellectual investigators and descriptors of the Shadow and the Shadow Subpersonalities. Great People - The Highest of All Humanity - Jordan Peterson, Carl Jung, Nietzsche, and every Psychotherapy, Psychological therapist who can describe the problem of the Shadow, talk about the problem of the shadow but have no Practical solution to the Shadow. All of those guys Failed to Solve the Problem of the Shadow. None of these guys have Any practical solution for the Shadow.. And it is the Shadow Subpersonalities which are the Source, The Fount, of All Evil on this Planet... And the Source of All Evil within You!

Carl Jung says, "There is no generally effective technique for assimilating the shadow. It is more like diplomacy or statesmanship and it is always an individual matter. First one has to accept and take seriously the existence of the shadow. Second, one has to become aware of its qualities and intentions. Third, a long process of negotiation is unavoidable." (Carl Jung)

As Jung notes in the passage above, he thought there is no general technique to integrate the shadow, even though the Buddha and Jesus Christ accomplished the Meditation Technology. For thousands of years great souls have come to earth to demonstrate otherwise, that enlightenment is, "that you are" "That you are that!" You are a part of the Universe and have nothing else to seek.

Energy Enhancement Meditation - Spiritual Insight - combined with psychological knowledge is THE complete way of processing and integrating your Shadow Side into wholeness.

Because Energy Enhancement Meditation has actual ancient time-tested meditative techniques that you can use and apply to your Shadow work to Heal All your trauma formed Subpersonalities and Integrate them into the Soul. As long as we have a Shadow Side we have Trauma formed Negative Karmic Mass - pain, frustration, pessimism, depression, anxiety, grief, bitterness, spitefulness, jealousy, anger, greed, lust, addiction, escapism, nihilism. These all need to be addressed and healed - Transmuted and Integrated.

Energy Enhancement Meditation uses the Psychic Spiritual Center - Third Eye as primary gateway into healing yourself. If we just use psychological analysis then we are limited. If we just use creative therapies, dream exploration, dance-work etc then we are also limited still. This is because we need to heal both sides.

ENERGY ENHANCEMENT MEDITATION - DEEPER THAN THE INTELLECT, MORE PROFOUND THAN THE MIND!

Alchemical VITRIOL is an Ancient Meditation Designed to remove Trauma from Memory! VITRIOL IS A LATIN ACRONYM - VITRIOL - Vitae Fructus Terre Rectificandus Invenies Occultum Lapidem, THE GROUNDING AND TRANSMUTATION OF ENERGY BLOC. KAGES - the unification of the conscious and the unconscious, night and day, hot and cold, masculine and feminine. In the case of the Ajna Chakra - Third Eye - the Kundalini Serpent has risen from the Muladhara - Base Chakra to the Third Eye Center. The symbolic meaning of its risen state is a raised consciousness that has dissolved duality. A state of Wholeness - Enlightenment - Enlightenment.

"Come together, right now, over me, singing these famous song lyrics from the Beatles to yourself. You can come together, surpassing your current self to a higher self."

With Energy Enhancement Meditation.

I am writing today because this is so important.

Only Energy Enhancement can Annihilate Evil on Earth and change this Planet into a Planet of Love and Light in this Place, for You, for Me, for the Entire Human Race.

It is about The Energy Enhancement Elimination of All Evil on this Planet.

You remember my latest book, Eliminating the Shadow Subpersonalities..

It is beneficial for everyone to heal themselves by removing ALL blockages using Energy Enhancement advanced techniques. Not just a handful.

Because the Shadow Subpersonalities are the Source, the Fount, of All Evil on this Planet.

The Shadow Subpersonalities are essentially Evil because they are cut off from the energies of God and thus from Good, because Only God is Good!!

Shadow Subpersonalities are virtual machines existing within the mind computer but with no access to God, "They are minds of metal and wheels" - Tolkien, with no access to genius because the geni etymologically, is the Soul.

Shadow Subpersonalities, cut off from the energies of God, can only live off the Soul infused Personality or the Essence within themselves or that Energy within other people.

Shadow Subpersonalities Vampirise the Energy of God and devise Evil schemes to get it.

Strategies, - the Strategies of the Vampire are all Attention Seeking schemes to Vampirise your Energy. The Poor Me Addictions, the Violator Bullying, the Selfish Competitive Black Star, the Sabotaging Self Destructor, are all Drama Queens - just a little Evil to destroy lives - Your Life, the Lives of your family, your City, and your Country.

You can see all these strategies busily at work in the people around you. You might even see them at work in yourself. Know that these strategies are even now turning you against the One Course which can Remove them.

ONE COURSE, ONE SOUL INFUSED PERSONALITY, ONE WORLD OF LOVE AND LIGHT!!

The Energy Enhancement Seven Step Process Can Easily Remove All your Strategies and Subpersonalities!

ENERGY ENHANCEMENT LEVEL 3

KARMA CLEARING PROCESS

Most people are just a little evil, but over many lifetimes, as the number and power of Subpersonalities grow within you, so that the Demon on your

left shoulder, debating with the Angel on your right shoulder becomes so powerful that you become more and more Evil.. Until you are entirely taken over by Evil.. Possessed by Evil, a Servant of Satan!!

THE ENERGY ENHANCEMENT ELIMINATION OF ALL EVIL

You can see in the picture below that most people are controlled by Shadow Subpersonalities. As we remove All Subpersonality Energy Blockages and Fuse them with our Soul we understand - THERE CAN ONLY BE ONE SOUL INFUSED PERSONALITY, And that personality in the Enlightened Personality - it is very strong!

The Energy Enhancement Meditation Course Level 3 - The Karma Cleaning Process - Remove Even Deeper Subpersonality Energy Blockages Click Below..

These Evil Shadow Subpersonalities band together to take you over and repress the Soul infused Personality. They are then Evil psychopaths and this is bad enough.

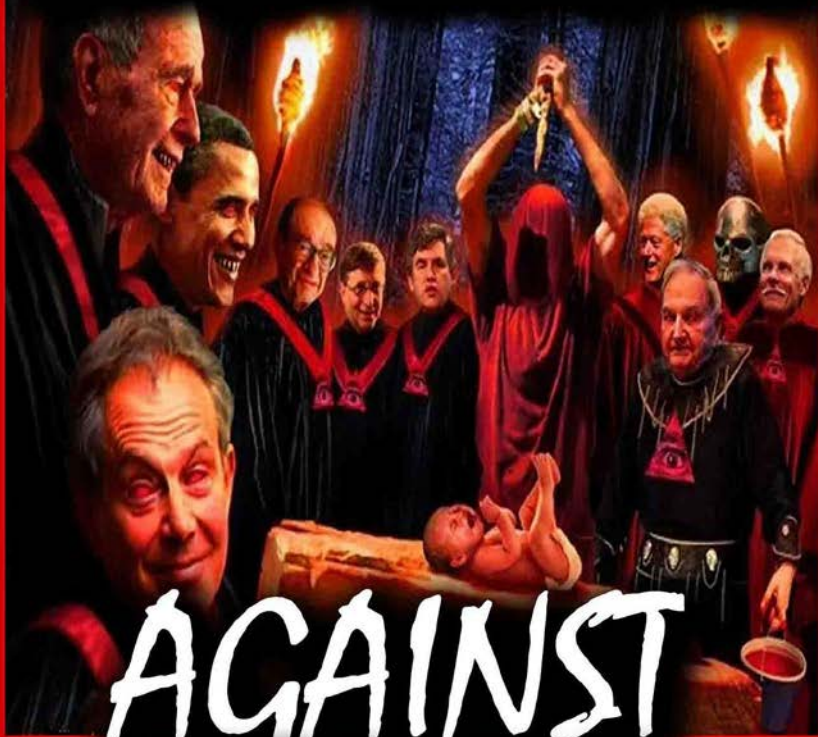

But when these Evil Shadow taken over people band together into groups, Satanic Phoenician Mega Trillionaires, Satanic Evil Religions, Bloodline Families and Bloodline Races, Secret Societies, Cartels, Banksters - performing Satanic Rituals - the SS Fascist Sodomy Rituals of the Yale University Skull and Bones Society and the 33rd Luciferian Freemason Degree and the Illuminati who become Illuminated by Sodomy - Human Sacrifice - Murder! The Burning of the images of children at Bohemian Grove Cremation of Care Rituals in front of a 40ft statue of Molech attended by the elite of USA Society on how to repress further the soul infused personality - how to become even more Evil - then this is what and why I write in my Against Satanism series of Books - currently Eleven volumes available for FREE!! when you sign up for the newsletter at

THE CURRENT FALL OF THE AMERICAN EMPIRE...

72 Empires have been recorded over the last 10,000 years and every one of them has failed in the same way. The facts have been recorded that a totalitarian and Satanic Phoenician Mega Trillionaire elite infil-traited and took over all these Empires and that 72 once free, flourishing and rich republics were destroyed from within by Satanic Ritual - read Toynbee. Satanism is gradually being instituted as the New World Religion defined by Satanic Ritual.

Infil-traition of Satanism is the methodology as slowly every Government Ministry and Societal function is taken over. Eventually a Satanist becomes King Emperor President. LGBTP - The Satanist Ritual Pillars of Homosexuality, Pederasty, Pedophilia, Drugs and Ritual Sodomy Sex - both Hetero and Homosexual - are introduced overtly as a prelude to Ritual Human Sacrifice and Ritual Baby Sacrifice. Christianity and Judaism - the bulwarks Against Satanism - are destroyed and then society destroyed through the fear of mandatory Ritual Human Sacrifice.

The key is that the Satanic Religion and is current recruiting cults of 33rd Degree Sodomy Ritual Freemasonry and the Crowlean Sexual Sodomy Ritual OTO - Ordo Templi Orientis - are Fake Gangs, created by men as a 10,000 years old technique to create psychopathic leaders and their minions AND THEIR BIG PHARMAS, THEIR GOVERNMENT INSTITUTIONS, THEIR UNIVERSITY PROFESSORS, THE NAZI DOCTORS, THEIR KINGS, THEIR PRESIDENTS, and thus conquer the world.

All Rituals, Religions, Education, Secret Services and Political Movements have been scientifically Engineered to create Fake Gangs for 10,000 years. It's what the old Roman Empire, The Babylonian Empire of Satanic Nimrod, and the Cult of Apollo and the Byzantine Empire did before.

As you know, every Gang has Blackmail Rituals before you can join. Making your Bones with the Mafia means you must murder someone before you can join. Drug Cartels like MS13, secret groups within the Masons, the Hellfire Club, all have their Video'd Epstein Pedophile and Human Sacrifice Rituals before you can progress.

Epstein did not kill himself. He videoed Scientists from MIT and Harvard, Oligarchs, Politicians etc, Pedophilizing young girls then Blackmailed them into doing the work of his Trillionaire sponsors - MKULTRA, Transhumanism, CRISPR Androids. As their willing victims are given access to stealing higher quantities of money, so they must go to the next level of Ritual. First it is 15 year old girls who look 25. Then it's 12 year olds, 5 year olds, and then its the murder of children, babies!

All to create a Satanic Society of Total Control through Perverted Sex, Human Sacrifice, poverty, lack of education, poison in the air, water and food, poisonous vaccines, the fentanyl and opioid prescriptions epidemic by Psychopathic Nazi Doctors who get 40% of their salaries from drug and vaccine commissions. Lack of infrastructure, education and Total Control of the Media, Twitter, Fookcbook and Google.

All of them Censoring Worldwide, Advanced Meditation techniques - Alchemical VITRIOL, the Kundalini Key and Energy Blockage Removal from every Meditation Program.. EXCEPT ENERGY ENHANCEMENT!!

The very word secrecy is repugnant in a free and open society JFK (27 April 1961)

The very word secrecy is repugnant in a free and open society; and we are as a people inherently and historically opposed to secret societies, to secret oaths and to secret proceedingsâ€ For we are opposed around the world by a monolithic and ruthless conspiracy that relies primarily on covert means for expanding its sphere of influence â€œ on infiltration instead of invasion, on subversion instead of elections, on intimidation instead of free choice, on guerrillas by night instead of armies by day. It is a system which has conscripted vast human and material resources into the building of a tightly knit, highly efficient machine that combines military, diplomatic, intelligence, economic, scientific and political operations.

JFK (27 April 1961)

What We See when we Remove an Energy Blockage is the Secret of Infinite Energy, Secret of Eternal Life, the Secret of Immortality. Energy Blockages

are Satanic being connected directly to the people, BM's who made them to vampirise your energy back to them along energy cords, and it is this we see directly with our Energy Enhancement Powered Third Eyes when we transmute and remove the blockages with the Energy Enhancement Meditation Course Seven Step Process..

Energy Blockages do not exist alone, they are part of a network of evil, a network of control, which is designed not to allow people to understand the nature of that control, the purpose of that control, so as to maintain that control and the flow of energy - stolen from all human beings - to allow an elite of Black magicians, Sorcerers, Enchanters, Warlocks, Witches, Necromancers, Devils, Dark Gods... to live forever, Immortally, in private Universes, outside the body and then to download into a body from time to time, to maintain their Plantation, their Farm, their Property, to maintain the flow of stolen spiritual energy to them from every human being on this planet - Eternally.

This is why I wrote Eleven Volumes of Against Satanism..

See this..

ALL SATANIC ENERGY BLOCKAGES CAN BE TRANSMUTED BY
ENERGY ENHANCEMENT MEDITATION

ENERGY ENHANCEMENT IS THE ONLY SOLUTION!

In order to remove blockages using the Level 2 Seven Step Process, Internally, we teach you how to Ground every trace of Satanic Energy which makes you sick, which perverts, which degenerates!

Externally we see the effect of Satanic Energy Blockages and their creators, on the World.. This is why I wrote Eleven volumes of Against Satanism..

Yuko Sato Second Report - The Energy Enhancement Meditation Course Report on the Opening of the Third Eye, the Removal of Blockages, and the Removal of Addictions in herself and in Others by Energy Enhancement Spiritual Healing

Here is one of our Students Yuko Sato working with the Energy Enhancement Meditation Course Advanced Meditational techniques using the Kundalini Kriyas, Achemical VITRIOL, and the Taoist Five Elemental Circulations of the Qi to increase her Spiritual Energy, Open the Third Eye to see Energy BLockages on the Astral Plane and by Using the Seven Step Process and Merkaba Psychic Protection remove Energy Blockages and implant addiction blockages from the Psychic Body and All of her Past Lifetimes.

The Astral Plane is a Psychic Plane of Virtual Reality which is viewed through our cultural lenses. As Sosan the third Zen Patriarch says, "They Know!" and our students are not beginners, they have many lifetimes of experience navigating the Astral Plane. Many Times my students teach me!

Many times we get help on the Astral Plane from Spiritual Teachers and Angels as we remove our Traumatic experiences so our messy history painting can become a clean white sheet..

"This afternoon, I invited my ex-husband and my daughter for Sushi brunch at my place. I was amazed at how much I was calm and relaxed this time.

Because I had removed huge blockages from both my ex-husband and myself from our throat chakras. Also, because I had removed blockages from my past and future timelines on which my daughter was there I was able to have a relaxed conversation with my teenage daughter.

Any of their negative attitudes didn't affect my mood at all. They were quite the same as always, for instance, my ex-husband often used his iPhone and my daughter sometimes didn't reply to me.

I had just changed somehow by using Energy Enhancement Meditation. I could see the situation above, objectively from a different perspective without the trauma from previous memories. I focused on their presence when I enjoyed making Sushi for them and spending time with them. I stopped thinking about myself and why they did such things.

It was pretty good."

Hi Yuko, Do you have the videos for Energy Enhancement Meditation levels 3 and 4?

Dear Satchi,

I haven't watched videos about Energy Enhancement Meditation levels 3 and 4 yet. But I watched your video about the shadow, sub personality on Youtube which was accidentally popped up when I stayed in Hotel on November 27th.

I could not forget about this day. It was so powerful, Satchi. I moved on and decided not to tell this meditation experience anybody. Because not many people believe my experience in meditation. The meditation is science with high quality imagination and high level of creativity. So, I decided to tell you this with sincere gratitude.

If my experience would help others to meditate properly. If they do so, anybody can do and travel different multiple dimensional worlds. And I believe it would help the world. Before that, I will tell you about my meditation experience yesterday when I asked my mind computer to show me the blockages in my timeline, just you asked me to do it from the Energy Enhancement Meditation Level 3 Course.

It was an amazing technique, Satchi.

Before I went to sleep last night, I meditated and asked my mind computer to show me blockages in my timeline. I didn't know how it was look like, but I did. My mind computer was located, well... I thought first, between the crown chakra and the third eye. But actually it was in my Antahkarana, the column of energy comprising the infinity of chakras above the head connecting us with God and the infinity of chakras below the base chakra

connecting to shakti, in the Soul Chakra above the head. I was surprised that my mind computer looks very inorganic and showed me blockages like a matrix, a sort of binary.

I understood the black parts were blockages in the entire timeline which was huge area. It showed that I have lived many past lives. Firstly, I picked one black part to look at. I was in the battlefield and I was a male fighter and fighting against brothers for my father. I was hit by arrow at my right shoulder, and fighting with a sword against a betrayer, who was my brother. It was painful experience physically and mentally. I was removing my blockages and the same time I faced on the enemy's dark side. Both were connected in the end and I cut off it with the sword through my body finally.

Then I brought it into the centre of the earth. Then, I decided not to go through one by one. I gathered all the black spot energy blockages and removed them at once. My emotion was shaking in all directions and my blockages too. It was difficult work to ground them all, but I did.

Then, I moved to the different stage or dimensional world. Before that, I turned off the automatic replay mode in my mind computer. I felt that it kept playing the same story in my mind to prevent me to move to the different parallel world. I turned off to choose a better choice to project on my life manually with my will. I felt if I turned off the automatic function, my computer projects the same traumatic experience in my life again and again. I wanted to change my life better, so I will go with manual function for a while. Do you understand what I mean?

It is strange to explain the system of my mind computer, but it was connected to the big library, very modern, futuristic library, there are a huge stock of life choices for all creatures. I picked the one shining one for new life.

Then, I moved to other dimensional world. There was my daughter. I had to face up to my daughter's fear. She knew everything, why I had to divorce to her father, who I was. I knew that I needed to learn and execute unconditional love toward her, even though she hates me.

I came to this world to experience this after releasing all addictions and attachments. I decided to connect to her and I showed my love. I felt strange in my heart. I tried to remove strange feeling, then I found spiky metal weapon inside my heart chakra - an implant energy blockage from past lives created by black magicians to shut down the empathy of the heart chakra - and it reached down to my solar plexus because the solar plexus is the power center for the heart. It was huge and so painful to remove it, using the Energy Enhancement Level 2 Seven Step Process

because this metal weapon was long and it was scratching my chakra as I removed it.

Finally I removed it, then I got bleeding from heart so much. I made an ocean in blood around me. I let bleeding because I wanted to get rid of all blood from me. I thought I needed it. Then, I started to feel weak and I was floating above and reached the golden light high above me. I was covered by the golden lights and these lights turned my blood clear and purified. My blood became crystal clear water and flowed down into my heart, where there was a great canyon after removing huge metal spiky weapon.

Then I opened my eyes. Satchi!! What do you think? Did I do well to remove blockage in my timeline, or I should I have done something different? Anyway, I will try to ask my mind computer again tonight.

Here is the experience where I fought against my sub-personality and started use some removed blockages from me to use as a magnet to remove the blockage from another person who gave me traumatic experience in my past including a past life.

After this night, I started reading your book. Your explanation made sense to me a lot to understand my experience in society. Thank you again.

After watching your video, I naturally crossed my legs and meditated for a couple of hours and removed so many disgusting blockages connected to two people who both got angry with me too much to block me from the contact list, which are my brother and the friend I thought he was my soulmate. Because I told them the truth from my perspective which they didn't want to hear from me.

They expected me to make them feel needed responsible, like they were fulfilling their manly role. However, they failed to keep their word, then they blamed me as I am too strong, cool, strange, etc. I didn't understand why they hate and reject me. So, at that time I blamed myself, moreover, I regretted what I did to them. Something, perhaps I should have been more kind, or I should have allowed myself to be tamed.

But I understood that day while watching your video.

Those were their shadow, sub personalities and probably, my sub personality attracted them. After running away from my ex husband, I tried to do the same mistakes with other men.

Satchi, this is my shadow personality, my ego. I meditated and faced on her.

She was so beautiful, strong and selfish. She has threatened me that if I didn't follow her way, I would be miserably alone and nobody would care of me.

My shadow personality, my ego, she strongly needed a man.

I fought against her with sword. Did I tell you? I have learned Japanese swordsmanship, Kendo. It was very useful.

Haha! I fought against her, finally she jumped on me holding my arms. While mounting on me, she asked me to surrender.

Which means that I get men by using a poor me attitude or strategy, then keep struggling because he was not the right one during the relationship and then I run away from him again and again, just as I have done time and again in this life!

That satisfied her. That I did until this year. I tried to regain myself on the bottom.

Then, I realised that she was actually so weak. Satchi! This is me pretending being mounted by her. I could get rid of her anytime If I am determined. Then, I did. I pushed her and regained myself and I told her that I was the person to decide what I wanted to be. I could change my future, even rewrite the past. I will choose to be happy by myself. I don't need any man to soothe my ego!

Suddenly, there were group of people, Angels, Spiritual Masters, surrounding me. They were listening to me quietly. My sub personality demon became a black medusa like creature. Sure, I cut her head off with my sword and grounded her dead body into the centre of the earth, transmuted, she turned into a white light, an Angel, liberated from the

blockage after all it's evil trauma-formed negative karmic mass was transmuted by the Energy Enhancement Meditation Level 2 Seven Step Process. I brought her into my Antahkarana to increase the size, function and evolution of my energy body.

I meditated while crying till early morning so that I cleansed my heart chakra and purified my soul. I have been healed for the first time since my parents passed away two years ago.

Then next morning, I saw seven swans swimming in the river in very cold, fresh air in front of the hotel during the breakfast. I understood the world and the meaning why I was born. The seven swans were stunningly beautiful, elegant and powerful existence.

I have moved on and I've opened my heart to give unconditional love. I misunderstood what is love. Love is big and neither searching nor taking. Now I am learning swordsmanship and writing my story. It will help others like me.

That's it. Satchi. Your Energy Enhancement Meditation Course Seven Step Process method is powerful, I will keep meditating until the last blockage would removed.

Sorry for such a long email. I am glad to share my meditation experience to you who taught me.

Merry Xmas and take good care of yourself and Devi and other fellows to meditate by the Energy Enhancement Meditation Course level 2 Seven Step Process.

Love and peace

When we remove blockages, sometimes we get visions where God says that you have a big lesson to learn here. You fucked up royally against the laws of God. Learn the lesson. Do not make the same mistake again. Ground everything in the blockage.

When it's gone you will not see the vision again. Do not turn off the replay. Totally ground the lesson. Understand - what did you do which was wrong? Against the laws of God?

What should you not do next time?

She strongly needed the man. I fought against her with sword. Did I tell you? I have learned Japanese swordsmanship, Kendo. It was very useful. Haha! It is very difficult to find the right man or woman.

But I am a romantic and I feel very happy when good people get together and strive to make each other happy.

Personally I found it easier than most because I understand we are here to help each other in areas where our partners have less experience - I ask myself what help do they need? I try to give that help.

To give and receive is the business experience.

Very rare to receive an equal amount back but give 50% and receive 50% is ideal.

But a saint gives 100% and does not expect anything in return.

But God, the laws of the universe decree that if you give 100% then God will give back even more.

Love and Light,

Satchidanand

Thank you, Satchi OK, the auto replay in my mind computer is not connected to my Karma!! I believed so. That's why I turned off. I learnt from my mistake. I remember where is the cockpit of my mind computer. I will go and turn on the replay during active meditation in Ashtanga Yoga practice now with a beautiful sunrise.

I am ready to remove all black spots in my matrix of my timeline with sincere apology to royalty in the Law of God. I've learnt how to respect and apologise the higher people in Kendo and Ashtanga Yoga. Both teachers scolded me when I did wrongly and correct my mistakes. I will do now, sooner is the better, always. So, the place I've been is the entrance or the connection spot to GOD? WOW! I've reached there finally!

Last night's meditation, I tried to connect to the moon, because it was a new moon when I rested from Yoga practice. I flew up to the Antahkarana and made sure that the golden book I chose from the futuristic library was playing in my mind computer. I didn't read your email yet, so I didn't turn on the replay. The golden book was projected by the bright golden sun just like the sunrise no. I will attach the photo. My crown chakra was connected to the Golden light.

Then I looked down myself through all chakras, found a thin black string though all chakras above head and below root chakra. I carefully pulled it. It was the long long black string connected to several lifetimes, like roots of potatoes. I found my father and grandfather's and several ancestors' blockages there.

Gently and carefully did I pull all and I poured them with the golden lights. Then, they showed me the blockages in my future life, or maybe current. It is a bit strange to say the blockages in the future, isn't it?

Both are falling each other well, like pieces of a puzzle. I was observing all process, they worked automatically. Then when they ended, the blockages grew bigger. I scanned the world with the Golden lights, the black liquid

were falling. So I collected them with the blockages and grounded into the centre of the earth.

I felt emotional attachment this time and felt difficult. Then I found other people - Angels and Spiritual Masters - who helped me to ground this blockage. They were flying next me and sent energy to ground it. We made it. We grounded the blockages. During this process, I made sure a couple times that my crown chakra was connecting the golden light. It was.

Then this morning, I read your email. So, this is the sign to watch your video of level 3 and 4. I want to learn new things from you.

And I surely am a romantic person. Satchi, But now I can't trust myself to chose the person until removing all blockages. Romance will make me selfish and blind, I've learnt from my experience. But I believe in it. Don't search for it, whenever I am ready, it will come to me.

Love and Light

And many thanks

Merry Xmas

Yuko

It is a bit strange to say the blockages in the future, isn't it?

Yes, we talk about this in Level 3

And I surely am a romantic person. Satchi, But now I can't trust myself to chose the person until removing all blockages. Romance will make me selfish and blind, I've learnt from my experience. But I believe in it. Don't search for it, whenever I am ready, it will come to me.

Exactly right!

Good to use the videos to help to ground all blockages, but you are doing well too, by yourself!

There was a guy, Cato the Elder, said at the end of every speech in Ancient Rome, "Carthago Delenda Est" Carthage must be destroyed!

Blockages Delenda Est!

S

Dear Satchi,

I did an active meditation in this morning. I meditated in this way when I have time. After getting up, I immediately sat crossed legs on the yoga mat and meditated with deep breathing and enjoying incenses from Tibet. I tried to relax and focused on my Antahkarana. I had a mission this time to turn on the replay.

Once I was there, I started yoga practice in Antahkarana. There was a beautiful, bright morning sun on the blue sky in this morning after two weeks of temperature below zero. Focusing on the part I feel stiffness, pain, then I applied the seven step. It worked so well.

Once my mind was stuck in Antahkarana and when I entered into closing asanas of Ashtanga, shoulder standing, head standing etc.. I focused on my mind computer. The cockpit room was dark, because I turned off two days ago. I apologized to my higher self sincerely and explained my ignorance. They accepted. So, I turned on the replay button in the several places where I turned it off. There the light lit when I turned it on.

Then I realised that something has changed. I think my mind computer has updated, because I turned off, or because of the winter solstice, or a new moon?

I flew up to the top of Antahkarana which was the connection point to the futuristic library. There I found the beautiful round gem stone which was a size of my palm. I touched it, I will have to be more careful next time. It turned on and lit with brilliant lights all through the Antahkarana. It was violet colour, not solid, and the light, orange and pink colour of light, was glowing inside the Antahkarana which I can see though. It was upgraded!!! I have been upgraded!!!

I flew down and found the scrolled long paper which was hanging in the middle of the Antahkarana. Because I pressed the gem button it has communicated to me. I picked it up and it was like a music sheet. I can read music, but this is not the notation I learnt. I intuitively knew this was music.

So, I scanned it in my mind and tried to sing, just moved my lips. In meditation, everything is possible, right? That I like the most. Then, it was an application. The new application was installed automatically into my mind computer and it opened. I felt that I directly connected to another environment or world. This is the application which allows me to connect

to something huge. It was not my higher self or something connected to my line. Then I finished the last yoga pose, savasana.

I felt great after this and went to the kitchen to drink tea. Then, I found the rainbow!!!! It showed in front of my kitchen window. This is the sign from the universe, I am in the right direction, Satchi. You are amazing guru! I've just followed your instruction and I've communicated to the universe. :)

Thank you for your advice. I will keep meditating while reading your book which I downloaded.

I am really looking forward to meditating tonight. I will investigate this new application tonight.

The rainbow is a gift for us! Merry Xmas!

Love and Rainbow

Yuko

p.s. Yes! It could be blockages in future? It is interesting, those are connecting to the past lives. I will try to remove them tonight. I am really looking forward meditating. Seven step is the best.

Hi Yuko,

You are going great removing all the blockages, upgrading your spiritual computer.

Go one step higher!

This is the Zen story about a man climbing to the top of a greasy pole.

He gets to the top and shouts down to the Zen Master, "What do I do now?"

Go one step higher!

Zen Master Hogen shed a golden light, but Swami Satchidanand shed a higher silver white light as did the head of the Benedictine monks as well as me, now.

As you travel up the antahkarana into the higher more intense light you will lose more blockages.

You will shine like the Christ.

At Christ Mass!

S

Yuko, you are an infinite energy immortal soul!

You will never die.

You are invincible.

These BM guys can not harm you.

Their only work. Their only task is to persuade you to be Evil.

To Pervert. To Degenerate.

To steal every drop of your Spiritual Energy.

To implant you with demonic energy blockages.

THEY ARE A TEST!

When all the blockages are gone you will fuse with your Soul.

You will become Enlightened!

I am free from all addictions using the Removing Addictions Process of Energy Enhancement Level 3 and I am not nervous anymore. It was amazing feeling. It took for a while to quit smoking which I had started after separation. I smoked when I felt lonely. The biggest addiction was the poor me attitude - the Subpersonality Strategy alongside the Violator and the Selfish Competitive Black Star of Energy Enhancement Level 3..

I cut all unhealthy male friends who filled my loneliness. It was true which you wrote in your book. After I removed huge amount of blockages, I am free from alcohol for 4 years, meat, cigarettes and need for approval from men. Thank you Satchi!

The Energy Enhancement Seven Step Process of Energy Enhancement Level 2, your book and your video about subpersonality helped me a lot.

Dearest Satchi and Devi,

Thank you very much for your email and the links. I wanted to reply you after reading your book and when I saw any meaningful visions to teach me in my meditation journey. I've just have this moment. So I am replying you with heartfelt gratitude. It would be a bit long. Please take time to read when you have time in relax. Thank you Satchi and Devi to think about me.

I started reading your book about shadow subpersonality at November 20. It led me to the new direction in my meditation. I found so many blockages and removed them with emotional tears. Also In real life, some uncomfortable things happened, it made me emotional and cried. However, I thought it was a kind of test for me. So, I tried to be calm and not to fight against them. I kept meditating, practice Yoga at home, because accidentally I run over a hare on the highway on November 7 and my car was broken. It was shocking experience and I stuck at home for a month. I felt I was a hermit and I tried reflexing myself and focused on meditation and yoga.

Many visions came up to my mind during meditations and had meaningful dreams after it. I did The Energy Enhancement Seven Step Process of Energy Enhancement Level 2 about my dreams as well. I started using new techniques. One is that I use removed blockages as magnets to pull another blockages. It works so well, I realise that I can neutralise traumas. I did a lot and it works. I felt lighter and stop thinking over the past.

I had the new experience two days ago. I had a lucid dream on December 20 early morning. It was not so surprising experience, because I had some since last year. But this time I was meditating in the lucid dream and in my meditating mind a man popped into my mind. He looked down painfully, and he stood silently in my heart chakra. I was watching his mind from above. he was blaming himself. He was blaming himself that he had done me wrong in the past. I felt he wanted to say sorry to me. He regretted so much. I knew him. He was one of my friends. I gave him a big hug, a sort of brotherhood big hug.

Then, the painful thoughts, fears, and ruminative memories of the past in me were sticked to his regrets like a magnet. It's a liquid black magnet. Painful memories and traumas were sucked out of each other's bodies as well as minds. It got bigger and bigger and floated above us like a cloud of liquid. It grew and grew, and joined the fear and trauma of people all over the world. My heart felt lighter and my strength increased. I focused and grounded that black liquid cloud-like magnet to the bottom of the earth. Wow, it was such a work!

After that, I flew above and moved the different parallel world where wishes come true easily. It was filled with lights. I looked at him and release him to go back to the place he came from. I told him he was OK now. He stayed there. Then I was back to the reality.

Then I meditated about this dream, it was a bit strange, I felt just went back to my dream. But I was just meditating. He was there, so I did The Energy Enhancement Seven Step Process of Energy Enhancement Level 2 on him. I had to do it, right? That's what you taught me.

He had so many shadow subpersonalities, fear, regrets and ego. Those were so heavy and thick, I cleaned them up, at the same time, those blockages stuck to my dark sides which were hidden in the bottom of my all chakras, where I could not reach, but with his help, it is a sort of help, right? I reached them out.

During The Energy Enhancement Seven Step Process of Energy Enhancement Level 2, I cried and felt pain. I knew that we were together in our past lives. We tried to trust each other, but we failed. After The Energy Enhancement Seven Step Process of Energy Enhancement Level 2, he became a shiny light, Unbelievably I jumped into my Soul with this light. We were swirling together in my Soul and became the one. After that, I was with golden lights and brilliant white lights.

Satchi, your method, The Energy Enhancement Seven Step Process of Energy Enhancement Level 2 is so powerful. I will keep doing it. Because I start feeling the really bright light in it and I am moving toward it. Because my soul was whispering me.

I will meditate now for a while and go for Kendo Practice later. I am fine and finding real myself.

Have a lovely xmas and new year. I am always sending love to you and Devi.

Sincerely yours,

Yuko

Yuko Sato 25th December 2022 to me

Hi Satchi,

I will keep going to meditate twice a day. It doesn't bother me at all, it is a big change is that I am looking forward to meditations, and reporting the

result to you makes sense to me. I can find some details I did not pay attention to during the meditation. Sorry, this was a really long meditation. Probably, the longest....

Last night, firstly, I prayed a little for celebrating Christ's birthday, and this time I manifested what I would do in this meditation. Because the last meditation I focused to do one thing taught me this way might work. After seeing the rainbow, I felt the time came.

This is the time to face the biggest enemies. Every time before meditating, I send gratitude to my ancestors and my daughter's ancestors to protect her.

This time I manifested them I will clear up their blockages to pass through to me and I will finish this negative Karmic mass, not to pass down to my daughter. She might be influenced a bit already. I will tell you this later.

I scanned all chakras and connected Shakti first. I realised that I was good to connect to the above, but I am less to the center of the earth. Before snowing, I walked on the field barefoot. It helps me a lot to balance all sorts of things. I haven't got clear fixed visions of Shakti till now.

It was dark and a part of a volcano. But this time, I got colour visions and there was a lake and it looks like early morning with misty fog. I was a bit confused to connect to where. I connected my fountain on the top of my head, which cascades into the place where I removed blockages to calm and purify them, to the lake of Shakti. It worked well to clear blockages between my head and Shakti.

Then I moved to the Antahkarana, the column of energy comprising the infinity of chakras above the head connecting us with God and the infinity of chakras below the base chakra connecting to shakti. It was shining and looks bigger.

I entered. I felt good to be there. It felt like home. I flew up to the top of the Antahkarana and touched the gem which now has a different colour, clear white-like diamond.

After I touched the gem the space expanded above. I entered. I asked. Show me the blockages and said that I came to clear up my ancestor's blockages.

Then, my mother came from the astral plane. I sat with crossed legs and she did the same. We started meditating. I connected to her, more or less I was inside her. I went through her life. She had a difficult life. I removed her blockages with the Energy Enhancement Meditation Level 2 Seven Step Process and they stuck to my anger and sadness caused by her blockages. I removed all of them and poured water energy from my fountain on the top of my head, then automatically transferred it to Shakti to burn in the center of the Earth.

This technique was very calming compared to my usual removing process where I fight against the blockages. Because I didn't need to ask why her blockages held my anger and disappointment I didn't need to feel those emotions.

Then my grandmother came. She sat with us and we did the same process. Then, next ancestor.... and so on. During this process, I realised my mind computer was sorting blockages from all the lifetimes of all my ancestors and future selves. Because I saw my daughter's lifetime. After sorting, I ask to delete all blockages. It was done.

I was sitting with all my ancestors and perhaps, descendants who became white light angels. I was receiving these white lights and my mind was void. It was the first time I was void in my mind. My mind had stopped! Because since I started meditation my mind has been busy searching for blockages and removing them.

Then my father came. I was surprised he transformed into half a robot. He kept his upper body as a human with many operation scars that made me sad and he didn't have legs, but wheels. He had another company next to him who was connected to his body. I thought she was my mother. But she was not. She was a demon, half human and half robot with wheels, but she looked very sad, whilst my father looked happy. He said he would go to Osaka to study at University. It made me surprised. Because he was an alcoholic and he always told me he was not clever, unlike his grandfather and ancestors. He came from a rich Samurai family and my great-grandfather was a diplomat. He even said that he didn't want to go to the same grave because he was ashamed of himself. I simply did the seven steps on him.

Oh my God! I regretted to start removing his blockages and I had them too as they came into me. I understood him, why he didn't do any actions, he was quiet and very passive, but stubborn as a mule. He had so much fear within which came from his father. His father whom I've never met. I heard that he was an alcoholic and had a mistress whom he wanted to marry, but he couldn't. Because he had to marry a woman of blue blood, a Samurai. After he married my grandmother, he became an alcoholic and gambled to spend all money he inherited. He sounds like a captain Shadow Sub-personality, isn't he?

I felt a dark shadow approaching me undulating. All sorts of negative feelings because all ancestors had to be patient, follow orders, swallowing the words to accept any orders from superiors. Then, woman's anger and sadness are groaning in frustration.

Satchi, how can I ground them? They are like a black ocean. I cannot cover it with my fountain. I looked at my mind computer, they are sorting and deleting automatically, but there were too many to catch up with. So, they were approaching me. And at the same time, my legs were in pain, I thought I would give up today. But I didn't want to leave them behind me, in a new space above the Antahkarana? Then, the white light Angels surrounding me started to help me. They started glowing and shining more and more. It was sparkling white.

I looked down through Antahkarana, chakras to Shakti, the center of the Earth, to which I was still connected. I saw a black dot energy blockage. I tried to remove it. I simply wanted to do something I am familiar with. I was not sure what was going on next. I focused on this black dot. It was

connected through Shakti. It created a long black line of blockages, like the eggs of frogs.

It didn't move at all. I need to push those out from the inside. But how? My sources of light and power were busy dealing with my father's side blockages. I asked for the help from the Sun, golden light. I placed the sun in my solar plexus. Then I saw and removed a big metal spike weapon from there. I filled water energy in my heart chakra, but I filled the sun energy in my solar plexus.

By removing the big metal spike weapon energy blockage from the solar plexus I gained the power of my solar plexus, and it cut the frog eggs' energy blockages. Then I pushed them up and down through my chakras. Those are like a black paste that came out from the tube. It stayed on just above of the Antahkarana and just below Shakti. Two big black tumor energy blockages stayed there. I couldn't do anymore.

I asked white lights and Shakti to help to clear tumors. Then I paused my mind computer and left.

I have a question, Satchi. What should I try next? I must go back there tonight.

Thank you for reading. This reviewing process helped me to find next move. Thank you so much.

Swami Satchidanand to Yuko

I scanned all chakras and connected Shakti first. I realised that I was good to connect to the above, but I am less to the centre of the earth.

This shows the blockage between you and the center of the earth.

I looked down through Antahkarana, chakras to Shakti which was still connected. I saw a black dot.

Remove it and your power to ground will grow.

But understand, grounding all your ancestors is a big job.

Good to finish the job quickly.

The Zen Masters sometimes sit for 15 hours a day.

Any pain in the legs is a blockage, to find the blockage, to remove the blockage, to connect better with Shakti center of the earth.

Same above, to an infinity of chakras above the head and an infinity of chakras below the base.

You have lots of Angel, Spiritual Master helpers.

Take the help.

I have a student called Bob who has many Dans in the Martial arts, also healing arts, Bagua. He is a Chinese Taoist priest.

He says all Chinese martial arts are based on black magic.

They learn how to put blockages below the base chakra to weaken their opponents.

But only down to the first chakra below the base the center of the earth.

I explained an infinity of chakras below the base.

We started to clean the chakras below the base.

4th chakra below the base we saw blockage! With the face of his bagua master of 12 years!

His master who he totally trusted is a black magician, stealing his energy, stealing the energy of all his students, binding his feet, stopping his possibilities!

Many teachers are like this...

Those are like a black paste came out from the tube. It stayed on just above of Antahkarana and just below of Shakti. Two big black tumours stayed there. I couldn't do anymore.

I asked white lights and Shakti to help to clear tumours.

Yuko Sato 25th December 2022 to me

Says all Chinese martial arts based on black magic.

It surprised me. I know Bagua, I learnt Yijing. How about Japanese Martial arts? I saw a couple of my past lives in meditations and cleared blockages. I was a Samurai. I felt strong resistance from the blockages implemented by my father and my brother. My great great grandfather from my father's side was a Priest in Shintoism. They shouldn't be BM, should they?

I will focus on the chakra below the base tonight. Kendo and Ashtanga teachers and you noticed I am weak in grounding. And my weakest chakra is the solar plexus. That is why I placed the sun to burn blockages all the time. I will focus on the solar plexus also.

One by one to clear blockages to gain more power to remove big fish.

Thank you very much

Dear Satchi,

I decided to take help as your advice.

Last night, I read your book called the Mastery of Relationships.

Here is EEBook2 - Energy Enhancement Eliminate Energy Blockages Manage Energy Connections and Attachment and The Mastery of Relationships

Energy Enhancement LEVEL 4 - Stop the Suck!! Heal All your Relationships!! Find Your Twin Flame!! MASTER ENERGY CONNECTIONS AND RELATIONSHIPS

Just imagine spending years of your time meditating with lesser courses yet getting nowhere!

The Energy Enhancement Meditation Course Level 4 - Master Energy Cords - Gain Fantastic Relationships

<http://www.energyenhancement.org/Free-Book-Level-4-Master-Energy-Cords-and-Energy-Vampires-Gain-Fantastic-Relationships.htm>

It is also so good. I learned a lot and I reflected on my past relationships. After reading until page 185, I fell into sleep. Then I had an interesting dream and woke up in the middle of the night. In the dream, I worked in a cafe and my ex-husband came as a customer. He ordered a sweet and I didn't want to show it. I tried to hide it in front of him. I felt embarrassed because if he saw it, he will be shocked and sad. I tried to explain and I coughed. Coughing made me awake. I kept coughing for a while. I haven't seen my ex-husband in my dream this year, I had a couple of times last year. So I decided to meditate on this dream.

I went back to the scene of my dream. I sat in front of him and meditated. I connected each of my chakras to his chakras. There were blockages, so I removed mine and it stuck to his blockages and vice versa.

I focused on connecting to Shakti in the center of the earth and grounded the blockages. I was surprised that I could find blockages in the place I thought there were no more.

Then I felt uncomfortable in my throat chakra. I tried to remove the blockage, but I couldn't I threw it up. It was a black slimy ball which was size like my head. And he did the same and he vanished.

Now there were two black balls I had to deal with. They were a bit strange blockages, I felt there was something inside, Anyway, I decided to take help before meditation.

So I asked for help from the Angel white lights and Shakti. They did help!! See below...

They picked one each and connected to the last blockages which stayed in front of them. Do you remember those blockages like frog eggs? They stuck together and they started moving!

They didn't move last time at all, but one moved toward the white light and another one toward Shakti. Then, they vanished.

They left two things. One was a scorpion and another one was a shield. I used these two tools to fight against my ancestor's blockages. The scorpion weakened the blockages with poison and I used the shield to protect

myself.

Then Angel white lights kept falling on my ancestor's blockages. I started feeling pain in my toe and the ankle of my right foot. There were blockages. I applied the Energy Enhancement Meditation Seven-Step Process.

Then I went back to sleep.

The next morning I went to the city for Yoga practice. I meditated before starting practice in the studio to get rid of my ego, sub-personality, and shadow side of me. I convinced myself to be able to focus on blockages and sincerely asked for help from other yogis and a teacher in my mind. We would chant, breathe together, and share practice together. I imagined the wonderful feeling after practice and removing blockages from my ancestors and I really felt that.

Then, I started a series of asanas. The teacher adjusted my posture more than any other lesson. She had wonderful soft hands. My body was simply accepting her adjustments. Those corrections helped me to connect to Shakti in the Center of the Earth so well. I felt a strong connection during the practice.

In the end, I was on the top of Antahkarana in front of the gemstone which looked like an opal. I touched it and the energy of Shakti came up from the Center of the Earth and below to reach this gem through my chakras!!! Once the gemstone was covered with Shakti, the space above the Antahkarana opened beyond the futuristic library.

There was a wonderful world, not like the earth. I can't explain it, like a dream world on the oracle cards. There were people waiting for me. I was on the top of their palace and was laying down. They are maintaining my chakras!!! They poured the liquid into my chakras and healed them. I felt so calm. And they downloaded my experience and projected it outside. Like a cinema!! Children enjoyed watching them. I heard the peaceful, lovely laughter. I was healing....

Then I opened my eyes and finished Shavasana....

Wow!! Satchi, isn't it wonderful!! I felt so much energy today and so calm.

Now it is 23:22. I will meditate and go to sleep.

My meditation journey is going to somewhere I've never expected before.

Good night

Love and Peace

Yuko Sato 27th December 2022

Dear

Satchi,

Thank you for your advice. I really appreciate these. I feel like I stepped into the unknown world within me. Once I removed blockages which cause unnecessary and frivolous thoughts which will weigh me down and slow my progress, I discovered more and learned a lot. Meditations I have had since November are different from the ones I did before. They lead me to magic and mystery, but somehow I am familiar with this world. Otherwise, how can I see so clear visions during meditations? I will report what I have just experienced this morning. Since sunrise, I kept meditating for four or five hours.... Unbelievable.... I will keep going because I am determined to do it, there is no other way left.

Last night, after sending the report to you, I meditated. I was still lying on the top of the palace which was located above Antahkarana. I was resting and receiving the chakra maintenance. So I will just be there and made sure my mind computer's auto replay was on. Yes, it was. Also, I left the autoplay for detecting and deleting blockages on. It was so clever. Thanks for it, I went to sleep. I was relaxed, guess too much? I trust my mind computer.

I woke up early morning. I had a dream of my mind computer was dealing with my solar plexus. Because I had removed a huge blockage in my throat chakra two days ago, energy started to flow more. I had removed many blockages in my heart chakra over a year, but did less in the solar plexus and below.

I was so calm in the morning, crossed my legs while drinking a cup of coffee (I drink only a cup of coffee early morning now, I had been addicted before. I had drunk 4 or 5 cups... I was insane...) I was brushing my dog called Inca, Inca the empire, and started meditating casually. I started brushing her more often a month ago when I watched your video about sub-personality and removed so many disgusting blockages. I felt like healing my inner child when I brushed my dog.

Then the thought popped up. I might have blockages to giving love contrary to what I thought. Then, I felt pain on my right foot near the instep. I have a stiff right leg compared to the left leg and I have pain on the right side of my neck when I do a shoulder standing asana. I have been

applying the Energy Enhancement Meditation Course Level 2 Seven Step Process 7 step on those areas, but still there.

I decided to meditate about those parts and intuitively felt that it was connected to my past life's blockages and surely they were in the chakras below the first chakra. At that time, the sun rose. The tangerine orange sun was shining. I was covered by orange light. I closed my eyes and meditated.

I connected to the center of the earth, orange energy was flowing into me while asking my mind computer to sort blockages of past lives. I saw many under the base chakras. They are located deep inside the chakras. More and more difficult to remove them. I wanted to finish all today, I didn't want to leave there, especially since a big and ugly one was stuck on the top of my right leg. It would cause pain during yoga practice. My right instep was imposing in pain already.

I got an idea, I asked my mind computer to assemble my past lives under the base chakra. There were around twenty past lives assembled. WOW!! I have lived quite long, which means my soul was old. You told me so when I was in Spain. It was true. We all sat there and meditated. I focused on my twenty past lives one by one, I removed blockages in each past life and those blockages became magnets and sucked the blockages in my chakras below the base chakra because the blockages in the chakras in the past lives were supported by the blockages in the chakras below the base(1).

It worked well. Once I cleared both, the blockage and the past life, my past life disappeared and pinkish-orange energy flew into the base chakra and it created a hot spring of energy around me.

I was sitting with my past lives in a pinkish-orange hot spring. It was so nice. Once I removed the blockages of the last past life, I moved orange light into the right side of my body and chakras. I felt the strong orange sunlight covering me. It was so powerful and the image popped up. It was Maitreya, MirokuBosatsu in Japanese. I saw the statue in Koyru temple when I was in Japan. I thought it was the most beautiful statue I've ever seen. He was covered with orange light. He overlapped with me. I moved the right arm as he did and I did the same pose. I will attach a photo of this statue. I felt so great.

I removed the blockages on the right side of my neck with this energy and I went up to the top of Antahkarana with Maitreya.

I touched the gemstone with my or his right palm covered by an orange hot spring that came from Shakti. The space opened up beyond the futuristic library. But this time another world had appeared. Amazing... are there multiple facets in this space? I was in the huge red temple decorated with yellow embroidered fabrics and packed with monks wearing orange costumes. They were waiting for me.

I was lying in the middle of monks who were chanting mantras or sutras. Incense and chanting were fixing the right side of the body and chakras, removing blockages, surprisingly there were still more there.

They opened the instep of my right leg and removed blockages through the hole and burned them in fire, then poured sacred water. I heard the sound of shuuuu which calmed me.

Then the monk hit the blockage after being purified by water. They are doing blacksmith!!! I was hearing the sounds of blacksmithing, it reminded me of Tibetan bowl music.

Once they fixed my right side, they started to remove the stagnant love I failed to give this lifetime and past lives. Instead of giving, I held it for a long time. It was rotten, thick, old love and attachments in past unhealthy relationships.

Oh, my god, Satchi. I've never ever expected this moment. These monks were so skillful and calm. They kept removing, burning, purifying, and hitting. I was wondering how much metal there was now and what they are creating.

It had finished. I was empty and light. Even regrets, shame, anger, and sadness were removed. I had no thoughts or attachments. Then, they showed me beautiful shiny armour! Oh my god, I was so overwhelmed and moved. They created the armour protection from my purified blockages and old stagnant love reservoir.

They told me that this was a special soft metal created from the Angels released from the blockages of old love and attachments in past unhealthy relationships created to protect me from bad energy psychic attacks, but I can absorb positive good energy through it. They put it on me. It was soft like silk and light like a feather. I put my palms together and thanked them from the bottom of my heart.

Thanks to the tangerine sun! And one of my friends sent me photos of the tangerine-coloured sky behind Mt. Fuji and tangerine orange yesterday.

I felt great after the meditation and just stayed there doing nothing. I enjoyed just the moment.

I don't try fusion with higher chakras yet. But the chakras below the base chakra are getting much stronger and fatter.

I am looking forward to this stage you wrote about, I don't know how, but I want my daughter to have a happier life. I have changed now, we can hopefully create a new relationship.

And the integration of those fusions into goodness and light evolution in daily life, this sounds amazing.

Thank you for all you gave me. I will follow what you taught me, then see the end.

Love and light

Yuko

Swami Satchidanand to Yuko

Antahkarana is the column containing the infinite chakras above the head.

First is Soul where you find all the past lives and the Buddha - gold
Second the Monad group of souls with connections to your monad type of spirit

Third the Logos is the collection of all the 50 monads - all of humanity
Fourth Sirius where saints like Swami Satchidanand and Jesus reside - bright white. Perhaps you are there exploring the many mansions?
Fifth the Avatar of Synthesis where I reside to create an impetus for the evolution of all humanity

I got an idea, I asked my mind computer to assemble my past lives under the base chakra. There were around 20 past lives assembled. WOW!! I have lived quite long, which means my soul was old. You told me so when I was in Spain. It was true. We all sat there and meditated. I focused on my 20 past lives one by one, I removed blockages in each past life and those blockages became magnets and sucked the blockages in my chakras below the base chakra because the blockages in the chakras in the past lives were supported by the blockages in the chakras below the base(1).

(1)These are Chakra Pairs - the lower chakra supporting the higher chakra with energy, and any blockages in the lower chakra support blockages in the higher chakra.

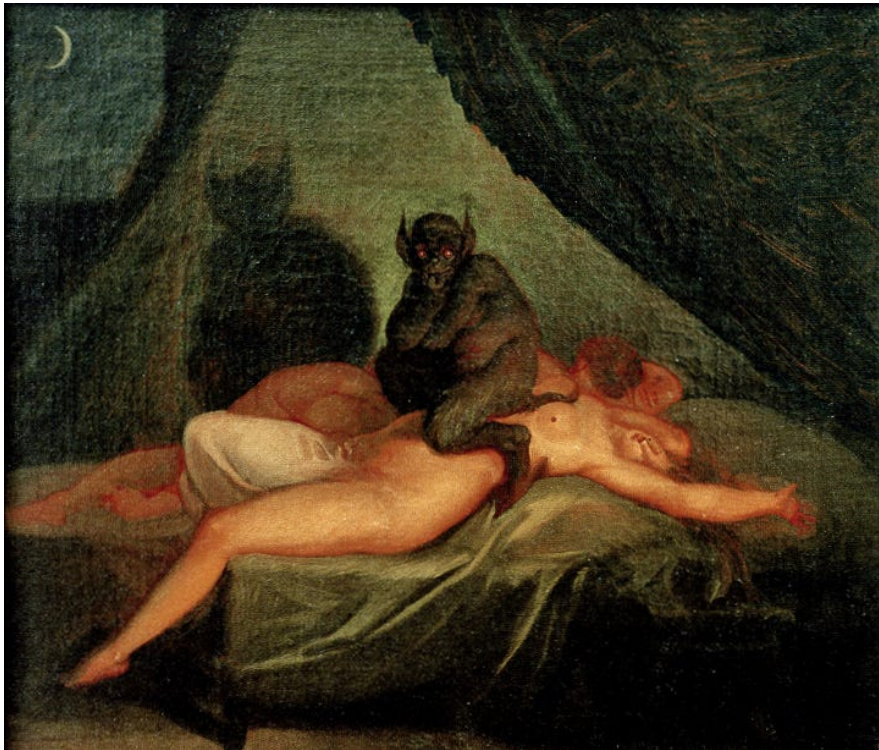

For example... like blockages in the Muladhara chakra support blockages in the Head triangle of chakras. Blockages in Swadisthan second chakra supports blockages in the Throat, vishuddhi chakra the 5th chakra. Blockages in the 3rd solar plexus chakra support blockages in the Heart, 4th, Manipur chakra.

When I removed blockages in the first chakra below the base, I saw the blockages they were connected to in the base chakra the sexual chakra, and the chakra for giving energy.

Remember the Story about my Doctor of Psychology in charge of an institution for children in Ireland who had been sexually abused by her mother, father and grandfather in this lifetime and for 100 lifetimes before this? Her brother and sister had been abused similarly and were heroin addicts wanting to commit suicide.

She saw in her Energy Enhancement meditations about her previous lives that about 1500 years ago she was a beautiful female healer in a Greek temple with long blond hair and blue eyes.

A black magician seduced her by connecting to her base chakra - the unconscious - with an energy cord - a horizontal Antahkarana - and implanted her with a sexual addiction blockage demon which always leads people into sexual excess, BDSM - bondage and sadomasochism, and then to Satanic Rituals including Human Sacrifice.

Over ten lifetimes she exulted in death. Then her Black Magic partner tired of her, broke her base chakra and below the base chakra with demon blockages designed to incarnate her in the wombs of psychopathic parents who would sexually abuse her and lead her into prostitution, drugs and many short lifetimes as a vampirised power source for the Black Magician.

The sexual addiction blockage demon is a vampire which feeds the energy of the orgasm back to the Black Magician who made the implant. If maintained and acted upon by naive young souls then all the stages above follow one by one...

Note, the sexual base chakra to base chakra lust connection is necessary to create the next generation of children.

The Energy Enhancement Meditation course ability to form base-to-base chakra connections, to cut base-to-base chakra connections, to remove the sexual addiction blockages implanted into you along those connections from your partner who may be innocent of what his subpersonalities - always connected to Satanic masters - are implanting into his partners is a very necessary Mastery of Relationships.

When you make love, you not only make love to the person, but also to all the people they made love to before, all their subpersonalities and their links to the dark side, and all of their ancestors. And all of their Energy Blockages which are implanted over into your base chakra.

This is the reason why people married innocent young virgins with no previous relationships brought up in a nunnery.

Black magicians, witches, and their minions implant you with the sexual addiction blockage which always leads to sexual excess, pornography, BDSM, and Satanism including the Satanic rituals I talk about in...

<http://www.energyenhancement.org/FREE-BOOK-AGAINST-SATANISM-VOLUME-3-Satanism-is-defined-by-Satanic-Rituals.htm>

Satanism is gradually being instituted as the New World Religion defined by Satanic Ritual.

Every energy blockage in your body has a low frequency and slows down the energy and life force wherever they reside because they are veils to the energy of God, thus the dance of the seven veils. Toxins gather around the blockage. Parasites gather around the blockage. Disease enters and cancer or diabetes comes.

Base chakra blockages give prostate cancer. Pancreas or spleen blockages give diabetes.

The Energy Enhancement Mastery of relationships gives you the hiatus, the time, the psychic vision to help you choose a good partner. Otherwise, the lust connection overcomes good sense and leads to serial monogamy and six painful and expensive divorces.

As an experiment one day I went to a shop and connected to the base chakra, the unconscious of two ladies there. The first one went into a hypnotic trance and said she apologised but it was not possible to have a relationship as she already had a good relationship. The second tried to connect and then entered my dreams as a succubus, trying to connect with me like a black magician.

Which lady would you choose?

When I removed blockages in the second chakra below the base, I saw the blockages they were connected to in Swadisthan chakra, second chakra, the Relationship chakra. When I removed blockages in the third chakra below the base, I saw the blockages they were connected to in the solar plexus the third chakra, and so on.

The process continues!

It is good.

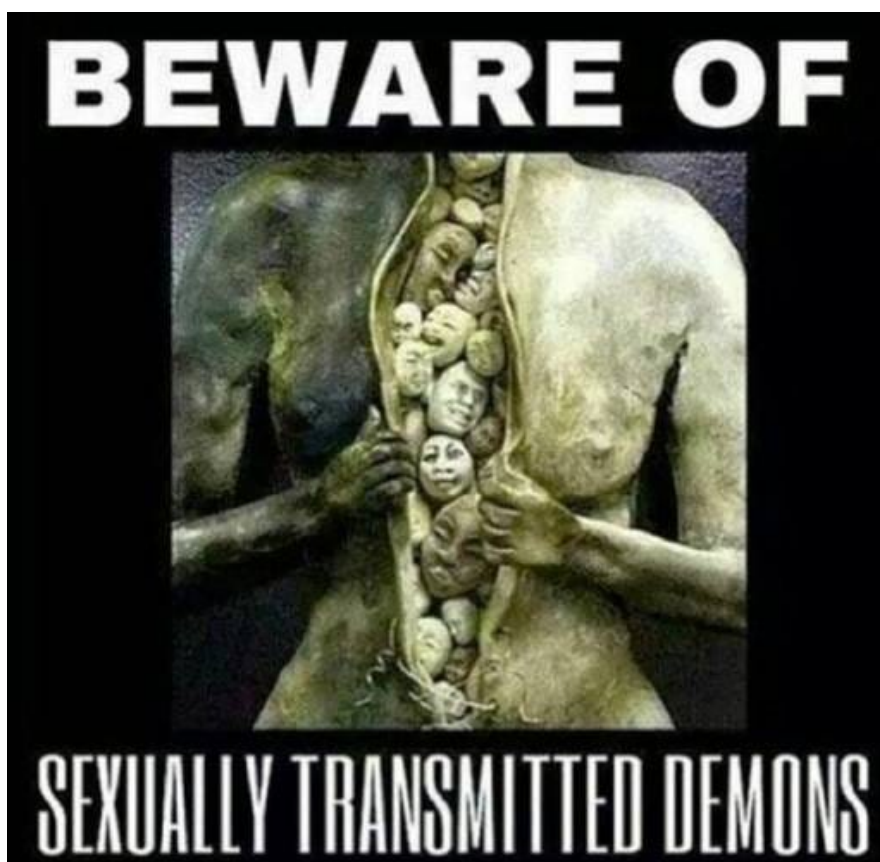

Hopefully it will never end.

Love and Light,

Satchidanand

[SEXUAL VAMPIRISM – STD's - SEXUALLY TRANSMITTED DEMONS - Sexual and Drug Addiction Implant Blockages, Energy Cords and Sex..](#)

ENERGY ENHANCEMENT REMOVES THE REAL STD's

A few quotes related to the topic of Sexual Vampirism and Entity Attachments: shedding some light into the dark side of sexual bonding on an astral/energetic level that most people are not aware of in our “over-sexualized culture and also in some of the “Tantra/Sacred Sex” communities.

The only solution is to develop the ability to remove Energy Blockages using Energy Enhancement Techniques - Energy Enhancement Alchemical VITRIOL - The Grounding of Negative Energies, and The Energy Enhancement Meditation Course Seven Step Process to Remove Energy Blockages.

In general, everyone is the victim of these Implant Addiction Energy Blockages.

Every member of humanity has been already implanted from our childhood and youth in the company of evil in every gathering place, through pornography, traumatic sexual experiences, rapes, school, hospital, university, rituals, and also from previous lifetimes by all manner of blockages including Implant Addiction Blockages - Drugs, Sex, food, and unnecessary exercise, etc - This means YOU!

Sexual and Drug Addiction Implant Blockages are programmed to use Energy Connections, Energy cords, between people which are naturally formed between every human being in order to drain their energies back to the person who implanted them, either using proxies or personally in this lifetime or in any previous lifetime, no matter how far they are away.

We have seen in meditation that the implanters have thousands of energy connections coming to them from the thousands of people whom they vampirise, rather like a telephone exchange.

They manage to get so many connections by implanting people who act as their helpers, their collaborators, their fellow Initiates, to implant people they meet. Any energetic psychic connection between the victim helper and the victim - the sacrifice - is channeled back to the original implanter.

Usually implant is implanted upon implant as many people have already been implanted in previous lifetimes. These people already addicted and are easier to recognise by the helper/collaborator and to implant over the original implant. People have HUNDREDS of implants!!

There are many young ladies and young men who act as the helper/collaborator/minion of the implanter. These many evolved helpers unconsciously even implant and vampirise their own children, the mothers and fathers sending the energy of their own children back to the original implanter.

The field of the dark side is sex, drugs, and rock and roll. Sex and drugs, to addict people to things that will burn their energy more quickly as they send their energy back to the implanter so they can burn out and be discarded early.

Thus the creation of Drug Addiction Implant blockages and Sex Addiction Implant Blockages.

Only with the Energy Enhancement Seven Step Process can ALL Implant Blockages be removed.

Initiates involved in Sexual ritual can steal energy from their ritual partners but because no matter how high their degree if they do not know about Implant Addiction Energy Blockages, How to Create them, How to spread them about, How to gain energy from the victims - then they themselves are the victims!!

These so-called high and mighty, "Initiates" are the victims of Drugs, Sex, food, and unnecessary exercise implant addiction blockages.

These so-called high and mighty, "Initiates" are Initiates because they are implanted with Drugs, Sex, food, and unnecessary exercise implant addiction blockages.

These so-called high and mighty, "Initiates" are victims of higher Initiates who are draining them of their life energy, vampirising them like normal humanity because higher Initiates think of these lower Initiates in the same way that they think of normal humanity... as if they were livestock or a slave.

If you have not been informed about implant addiction blockages then you too are a slave

..a sacrificial slave whose death is the ultimate sacrifice to Satan

"The openness and surrender during sexual intercourse can allow the exchange of attached entities between two people. The thoughts, desires, and behaviors of an attached entity are experienced as the person's own thoughts, desires, and behaviors. The thoughts, feelings, habits, and desires do not seem foreign if they have been present for a long time, even from childhood. This is a major factor in the widespread denial of the concept and lack of acceptance of the phenomena of discarnate interference and spirit attachment, obsession or possession."

– Dr. William Baldwin, Spirit Releasement Therapy

"People also pick up entity attachments through sex. Sex is much more than a physical interaction, it is an energetic exchange, and opening into another person on an energetic and spiritual level. The act of sex creates a connection between your energy field (aura) and the energy field of the person you are having sex with. When this connection is made you will pick up or absorb whatever is attached within the other person's energy field.

If you have sex with someone that has a entity or demon, you will absorb that entity into yourself. You will basically be making a choice to allow or invite anything within the person's energy field you are having sex to come into you. It is important to understand what sex actually is and what it creates beyond physical pleasure, and to choose the correct people who you want to open yourself to on that level."

– Peter Michael, Entity Attachment

"There is always a drawing of [occult] vital forces from one to another in all human social mixture that takes place automatically. Sex is one of the most powerful ways of each drawing upon the other's vital force, or of

one drawing the other's, which also often happens in a one-sided way to the great detriment of the "other". In the passage come many things good and bad, elation, feeling of strength and support, infiltration of good or bad qualities, interchange of psychological moods, states and movements, depressions, exhaustion – the whole gamut. People don't know it – which is a mercy of God upon them – but when one gets into a certain yogic consciousness, one becomes very much aware and sensitive to all this interchange and action and reaction, but also one can build a wall against, reject etc.

People who have desires add to the mental formation a kind of small envelope, a vital shell which gives it a still greater reality. These people are usually surrounded by a number of tiny entities which are their own formations, their own mental formations clothed with vital force, which come all the time to strike them to try to make them realize materially the formations they have made.

You have perhaps read the books of Maurice Magre. He describes this; he had come here, Maurice Magre, and we spoke and he told me that he had always noticed – he was highly sensitive – he had always noticed that people who have [excessive/pathological] sexual desires are surrounded by a kind of small swarm of entities who are somewhat viscous and rather ugly and which torment them constantly, awakening desire in them.

He said he had seen this around certain people. It was like being surrounded by a swarm of mosquitoes, yes! But it is more gross, and much uglier still, and it is viscous, it is horrible, and it turns round and round the person and gives him no peace, and it awakens in him the desire that has formed these entities and they batten on it. It is their food. This is absolutely true. His observation was quite correct. His vision was very true. It is like that. The sex-vampire eats up the other's vital and gives nothing or very little."

– from "The Hidden Forces of Life (Integral Yoga) – Selections from the works of Sri Aurobindo and the Mother"

"Vast beings, living for thousands of years in your terms, make their living ruling and parenting you, seeking their value from you because you have considered yourselves valueless and purposeless. Those who would rule you on the physical and multidimensional planes understand the power of your genitals to create life, pleasure, pain, and death. They use your genitals as doorways without you even realizing it.

You are re-gridding Earth and changing the frequency so that one-by-one lights go on and fields of energy are established. You must learn how to stop feeding those vampires who suck your energies, from the astral

planes, from the dimensions, and from on and under the Earth herself. Your sexuality and how it is used are the key elements.

It is in this very deep part of your regenerative self, your sexual organs, the core of your being, that many of the main problems lie, problems so dark, so secret that no one would dare speak of them. Yet they must be revealed. To relinquish power over your sexual organs is truly to abdicate the power of living.

By power we mean a sense of connectedness and accountability, the maturity to know when to express yourself sexually and when not to.....First you must make peace with the sexual organs of your being because it is here that life springs forth....And most of all, seek to understand the power of your sexuality, to infuse its expression only with love, for sex without love is truly not worth experiencing.

Within the sexual frequency, you exchange with one another. So if you are bonding yourself and chemically exchanging with a person who is not

of your likeness, you are taking on their garbage because you are exchanging energy quite intimately. Even if you don't want to be with this person, the sexual experience stays with you because you have had an electromagnetic exchange."

– Barbara Marciniak, Bringers of the Dawn/Family of Light

EYES WIDE SHUT SEXUAL RITUAL - The "Stealer on the Doorstep" is a Root Implant Blockage - a Sexual Addiction Implant Blockage - implanted into the Anus and the Coccyx with branches going to the tip of the Penis, the abdomen to create the food implant, the spleen and then into the head to create the blockage which dreams.

A person who has much to learn will burn the candle at both ends using drugs to stimulate response. Aleister Crowley remained addicted to Heroin and Cocaine until the end of his days. He died with a hypodermic needle sticking out of his arm! Here addiction to sex is combined with addiction to drugs because the field of the dark side is Sex, Drugs and Rock and Roll!!

The field of the dark side is sex, drugs and rock and roll. Sex and drugs, to addict people to things which will burn their energy more quickly as they send their energy back to their implanter - the higher Initiate who implanted them, ever so carefully, with the "Stealer on the Doorstep" Sex and Drug Addiction Blockages implanted into the base chakra - so the people can burn out and be discarded early.

Initiates involved in Sexual ritual can steal energy from their ritual partners but because no matter how high their degree if they do not know about Implant Addiction Energy Blockages, How to Create them, How to spread them about, How to gain energy from the victims - then they themselves are the victims!!

Hi Satchi,

Thank you for your advice and link.

On Tuesday night there was a clear sky at night. I saw Orion from my window, then meditated. After the monks' treatment, I experienced what strike the balance in my body. It allowed me to sit properly and flow energy on both sides, on the right and left sides of the spine. It was a new experience. I scanned my chakras and chakras below the base chakras and checked the connection of Shakti. All worked well. I thanked the monks. I

flew up to the Antahkarana which was shining and glowing with a strong energy flow.

I looked down chakras which have two colours that look like the yin-yang symbol. I am ready to remove blockages above the crown chakra, so I asked my mind computer to show me. Then I touched the gemstone which also had two colours on the top of Antahkarana, The space simply opened. I could see a crystallised night sky like thick ice which was transparent in places and cloudy white in places. I could see blockages as small black spots in it. I was confused about how I could remove those blockages in the crystallised thick sky. It seemed to need precise engineering skills to reach those blockages.

I aimed heat from the centre of the earth to the blockage and I aligned the white light beyond this crystallised night sky into the blockage. I sandwiched blockages and the crystallised night sky started to melt. When I am about to remove the blockage, I was raided by small flying objects. I fight back by the seven step, but they attacked quickly with incredible numbers and various BMs. Eventually, I managed a couple of blockages.

Satchi, those blockages above the Antahkarana were so dangerous! I was injured even though I wore the shiny armour that the monks created for me. Now I could see the space through holes after the removal of blockages and I could see the really bright white light far away above. I was staring at it and I was pulled and I lay down in a hot spring under the waterfall in the deep forest in the beautiful gigantic nature.

Pure clear cold water was falling to my body and all chakras and warm spring were holding my body healing wounds. I was listening to the sound of water falling for a while. I was recovered and my armour was polished. I got up and realised I was inside the palace, where people were waiting for me with a warm welcome. I felt very nostalgic and their voices touched my memory. I knew these people. We made a conversation telepathically through the eyes, I was overwhelmed. Because they encouraged me to do my best to reach the white light. I opened my eyes.

The next morning I went to Yoga practice. I was calm and focused to do my best to reach the white light. And I was looking forward to feeling my balanced body during yoga practice. The right side of my body got much more flexibility. I enjoyed my newly born aligned body while meditating to thank the monks. I was breathing deeply and hearing their chants. I felt like I was performing yoga in front of them.

In the end, I started removing blockages above Antahkarana. Then I was raided again. I applied the seven step and on the seventh step, which

means the last step of the seven steps, unbelievably, I saw my mother's face on the blockage. I removed it and grounded it. I opened my eyes.

In the afternoon I received your email.

For example... like blockages in the Muladhara chakra support blockages in the Head triangle of chakras. Blockages in Swadisthan second chakra supports blockages in the Throat, vishuddhi chakra the 5th chakra. Blockages in the solar plexus chakra support blockages in the Heart, 4th, Manipur chakra.

When I removed blockages in the first chakra below the base, I saw the blockages they were connected to in the base chakra the sexual chakra, the chakra for giving energy.

I was thinking about the possibility my mother gave me blockage. It was so shocking, but blockages above Antahkarana are getting harder to remove and I was raided. I read your email which was also shocking fact. I decided to look for blockages around the base chakra the sexual chakra again.

I felt reluctant to do it. It shows that there are blockages still, aren't they?

I will read your book to prepare for it.

Thank you

Yuko

Hi Yuko,

I got a base chakra blockage from my mother!

I think one of her subpersonalities did it because these blockages have no soul and eventually connect with black magicians, become their minions, use their vampire blockages and take a tithe of the energy for themselves.

These base chakra blockages are major control blockages - The Stealer on the Doorstep!

As well as this implant blockage feeding energy to my mother, I had no interest as a teenager in relationships or sex.

If this had continued I may have ended up as a homosexual mother worshipper Jimmy Savile or Kenneth Williams.

Sex is also a method for implanting blockages and downloading Demons to take over, possess a human body.

Unless you know Energy Enhancement to remove the blockages

Yuko Dec 31, 2022,

Dearest Satchi,

Thank you for your advice and help! When you sent the latest email below, I was meditating and I saw your smiling face far away the place where dazzling white light came from. You were in a very high place even from Sirius - the Avatar of Synthesis.

Yesterday, on December 30 in the morning in front of the rising sun I started meditation with my best friend who I feel is my soul sister. I wrote about her in my book...

I picked the Merkaba for building protection and placed it inside of my third eye. It immediately stimulates to receive energy from the crown chakra. It rayed the lights from every 8 bones. I gradually expanded Merkaba and I was sitting inside it. Then I compressed it to create a construct. I did it 8 times and placed these 8 sharp blades like Katana, a Japanese sword around outside of Merkaba protection. This was the first time I used the Merkaba Psychic Protection. The reason I chose it was that I wore a pendant head of the Tree of Life on my throat chakra. I have given this pendant head a long time ago when I lived in Hong Kong and even I hadn't met James. I didn't know what it was, it was a strange shape. But accidentally two months ago I discovered this was the tree of life (Kabbalah) in Judaism. Then, I often put it on my throat chakra. I don't know why.

The Merkaba protection was so strong and stable. It helped to gather light and energy. I circulated energy from top to the bottom vigorously. I speeded up and suddenly I felt I could exist everywhere I had experienced in meditations. So I tried. I was in the temple with monks and sometimes I imagine I dipped my toes in Shakti. I did! I could be in multiple worlds at the same time!!! I was meditating on the hill outside of the palace where I received maintenance of my chakras. I felt a soothing breeze on my cheeks and there was a gigantic incredible canyon.

Then I realised that there were people who were meditating with me on the hill. They were supporting each other. Isn't it nice! Meditations could transcend time and places. I was really enjoying and relaxed under stable protection, moreover, I was wearing the armour with extra coating for protection. I got so much energy that I tried loosening the borders.

Now I was everywhere, I was a part of Antahkarana, chakras, my mind computer, the futuristic library, golden lights, white lights and Shakti.... Of course, my mind computer was working on finding blockages and I was deleting them at the same time. There was no border between my computer and myself. Once I imagined, it happened. Meditating was so cool. I expanded Merkaba more and more... Because I was getting bigger as well. Then I opened my eyes.

This afternoon, I invited my ex-husband and my daughter for Sushi brunch at my place. I was amazed at how much I was calm and relaxed this time.

Because I had removed huge blockages from both my ex-husband and myself from our throat chakras. Also, because I had removed blockages from my past and future timelines on which my daughter was there I was able to have a relaxed conversation with my teenage daughter.

Any of their negative attitudes didn't affect my mood at all. They were quite the same as always, for instance, my ex-husband often used his iPhone and my daughter sometimes didn't reply to me.

I had just changed somehow by using Energy Enhancement Meditation. I could see the situation above, objectively from a different perspective without the trauma from previous memories. I focused on their presence when I enjoyed making Sushi for them and spending time with them. I stopped thinking about myself and why they did such things.

It was pretty good.

The evening I received your email with advice. I reviewed 7-step and protections and learnt new techniques, such as time slam and compression... I planned how to remove blockages and ground thoroughly and prepared for raid attacks. This procedure was similar to Kendo matches. We prepared well, but once we started the match, we didn't think, just believe in ourselves. Anyway, if we think about the match, it delayed actions and I would lose. So, I would do the same as Kendo way. Because it took a while to recover from the damage from the raids. I don't want to do the same mistake.

After seeing my mother's face on the blockage a couple of days ago, I was thinking about her life. She was diagnosed with ALS, it took a year to be diagnosed. During this time, she lost so much weight and got weakened and weaken. She was worried and kept questioning herself why until she died. It was two years ago. I found her dead body in the morning. On December 28, I decided to read her diary which was kept in the box. She wrote that she could not understand why she was diagnosed with ALS, even though she took care of her health so much to live until 100 years old. She didn't drink alcohol, or cigarettes or eat neither junk food.

Moreover, she didn't free herself from a feeling of inferiority, she wrote in her diary. When I had written about my parents in my book I couldn't read her diary, but I kept it when the time came. Now, I read through it crying. It was time to release her. I climbed up the hill where I meditated often with my soul friend and she helped me to burn my mother's diary and bury my parents' belongings. They would be free from my attachments and my

blockages and theirs because I would remove all of the blockages in this meditation.

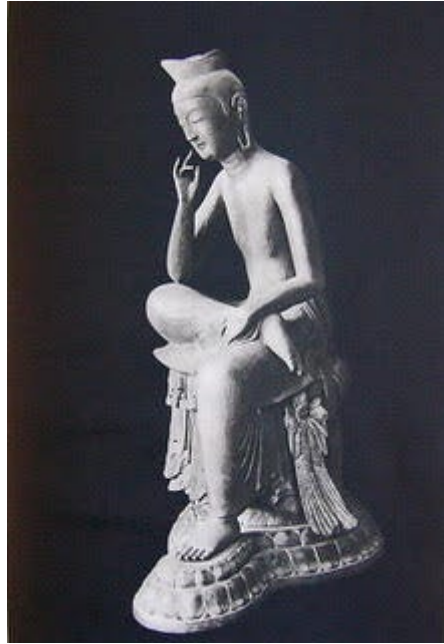

So I had prepared well this time. I crossed my legs and closed my eyes. I immediately connected to all, and at the same time, I built a Merkaba and

Construct protections. I could exist everywhere and anytime, so I executed a time slam. From past to now, then from future to now, I shook blockages. I started compressing blockages from the crown chakra to the base chakra and removed them with white light and ground them. I did the 7-step process carefully. The Merkaba protections and compressing blockages worked, and I was not attacked.

When I moved down to the chakra below the base chakra, I looked up and found blockages in the base chakra! They were invisible like transparency, but when I saw them from different angles, I could see them as blisters. There were quite many and looks disgusting..... I circled them carefully with white light and removed them and compressed and grounded it.

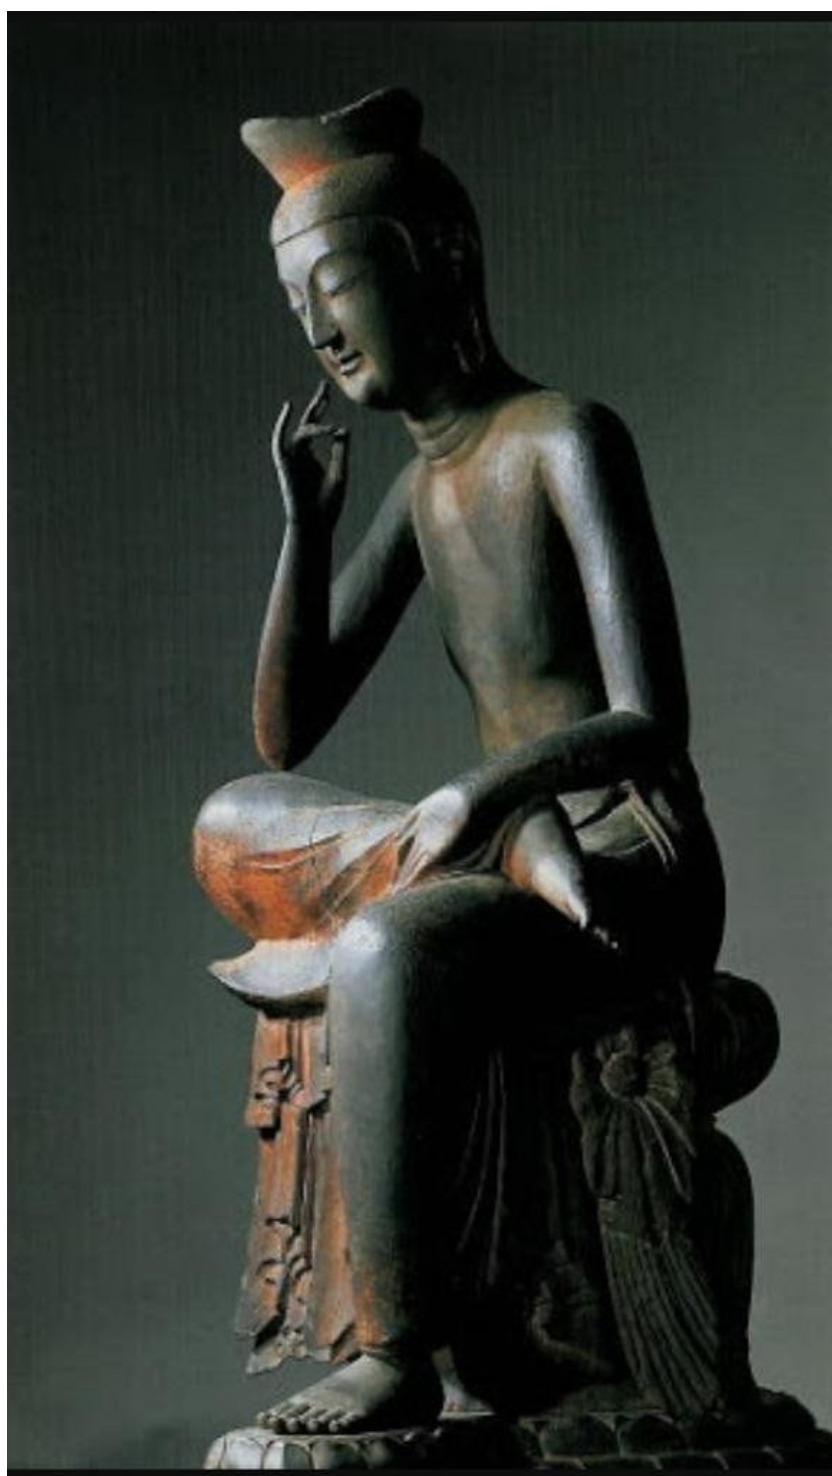

Then many women from the timeline appeared. I sensed that those blockages were given when they were forced unwanted sex. I felt their anger and resentment. I had too much empathy for them. It was not good to heal them. A higher perspective was needed, so I asked for help. Then, Miroku Bosatsu (Maitreya Buddha) came. He was sitting elegantly in half lotus with a beautiful smile same as the statue I saw in Japan. I will attach the picture. He brought me higher. He was plenteous in mercy and listening to and healing them while I was removing blockages from them.

I used these blockages as magnets for searching for paired blockages and asked my mind computer to show blockages. I found some in my throat chakra and chakra below the base chakra. I compressed them and grounded them. The women were released and turned into white lights. They helped me to burn another blockage.

So I started seven steps. I was raided by BMs. This time I was prepared. I held my sword and fought them in the same manner as a Kendo practice. In Kendo, there is only attack, no defence. Keep attacking is also defending. I kept attacking before they attacked me. I stroke a Men which means cut the head off, a Dou which means cut the body half and a Kote which means cut the right hand off. I killed them all BMs, I grounded them to the centre of the earth. Because they were so many, they kept the big flame burning like a surge of flame. It burned the blockages in the chakras below the base chakra and even the chakras started melting down.

Next step, I focused on the controller of all BMs outside the planet. I released the tension in my shoulders, which my Kendo teacher always says me. I stood elegantly as Miroku Bosatsu and focused on my third eye.

This is also one of Kendo's techniques. We observe the situation in the match of Kendo by the third eye, not only looking at the opponent. Then someone or something was about to attack me from back in dark.

Do you remember that I opened an eye behind the head when I had a course with you in Spain quite a long time ago? Since then, I was maintaining this eye with my third eye. Thank God, it is high time to use it.

We fought in dark. He attacked from all over the place. I wanted to shock it or compress it, but I couldn't see it. I asked you for help, Satchi!

Then you did! You shined with a big smile from far away, but it was enough. I grabbed the Controller's neck and jumped into the centre of the earth, into the melting hot magma. I trusted the armour which I was wearing. I was holding his neck in my left hand and holding a dagger in my right hand. The dagger I got from my great-grandmother last year in my meditation.

She said "This dagger comes from this world with the fire of the blacksmith. In front of the fire of the blacksmith, your soul can be sparked into cellular form and all cellular forms of your body including your dignity and pride will be awoken. However, before this process, you must be purified, brightened, and burned of waste and toxicity, then you can alight on new ideas and attribute your new life to the influences of new ideas. And you will walk your new life with the great endurance of the samurai. The endurance of the samurai is only revealed without shadows and shame. Our endurance can be soothing, replenishing in the dark womb of dragons, then it will be the vital liquid of our soul and body." Then, she gave it to me.

I stabbed the controller's heart with the dagger in the same manner as Kendo Kata. I practised many times this kata. My body remembered even in hot melting magma. I held this body until he transformed into a light. He became an angel and flew up holding hands with me. We reached at the top of Antahkarana and I touched the gemstone with a hot melting hand.

I had burned my shadow, shame and the controller.

My samurai endurance was revealed now.

The space opened beyond and because of the heat from me, the crystallised sky started to melt. Then blockages were falling toward me and the newborn angel. The newborn angel collected them by white light and burnt them and meantime I finished the 4th level to infinity in the seven step in the melting sky. I could go and reach them in the liquid sky. When I finished all, I took down the armour. I was melting into all. Then all fell

into the darkness to soothe and replenish ourselves. I opened my eyes.
I am ready to meditate over midnight to the year 2023 through meditation.
Thank you very much for your help. And Happy New Year!! I will keep going, Satchi!

Dear Satchi,

How are you?

Time advanced from 2022 to 2023. I was meditating. I closed my eyes while listening to the sound of fireworks. I went back to the same time a year ago. One of my friends called "Purple Leaf" finished running the half marathon, then we were on the phone for three and a half hours. We were talking about the definition of friendships and romantic relationships.

In the meditation I was observing our conversation from above, our egos or sub-personalities were talking and talking to get more attention without understanding the topic. Eventually, the one who felt not receiving enough energy, that was me, shattered one's ego. I felt getting smaller and sleepier and wanted to hang up the phone because I knew that I could not get the energy I wanted. He is the one who dominated our conversation. Despite the bad reception and being cut off several times, he called back each time. Whereas I thought I would finally be able to be free and get some sleep in order to gain energy by myself. My energy was draining and pouring...., I couldn't even move my emotion at all.

In the meditation, I could see the one-way energy communication from above. Once I felt sad, empathy and compassion for both of us which means true ourselves.

Out of thin air Miroku Bosatsu (Maitreya) came in front of me. He overlapped with me. I felt how he felt. I experienced feeling plenteous in mercy in his manner. I didn't think of myself at all. Zero...No, it was a bit different, I shamed myself and was embarrassed for how selfish I was compared to Miroku Bosatsu, at the same time, he was embracing my shame and filling me with enormous love. I've never reached its apotheosis. I surrendered to the way I did, learnt and thought it was right. Simply I had sympathy and accepted my friend, "Purple Leaf". My last bit of anger, disappointment and resentment toward him ebbed away. I was smiling as Miroku Bosatsu.

Then Miroku Bosatsu in me started using my chakra function, especially the right side which was fixed by monks last week. Miroku Bosatsu was giving energy to my friend, "Purple Leaf", and me (last year) through my chakras.

I started to learn how to give energy through my chakras. Then, our shadow side or sub-personality became smaller, so I grounded them in the centre of the earth. Then, Miroku Bosatsu united us. We were integrated into the meditation. The past was integrated into the current and the future was integrated into it too. Everything was integrated into the flow of the energy. I released my legs and fell asleep.

On January 1, I woke up. It was 5:55. I brew coffee and crossed my legs on the yoga mat in the still-dark living room. I closed my eyes. I was in the womb of a rainbow dragon who lives under the centre of the earth. I curled up and rested. Thanks to Merkaba and the Tree of Life's protection, I felt safe and it allowed me to stop thinking about blockages for a while. All grounded. I let go of any small emotion raised in the dark. I kept my mind, emotion and thought still and flat. I got up in the dragon's womb and sat. I was meditating in my meditation in the deepest and darkest place. I opened my eyes, but the sun didn't show up yet.

I went for a walk with my dog, Inca.

I meditated before I began yoga and Activated Solar Plexus. Because I felt something there. I connected it with the upper and lower chakras, Anahata Chakra and Sacral chakra. Perhaps an old wound from a year ago ached. that's fine. I started yoga and Miroku Bosatsu came, so I thanked him for the last night. He overlapped me and we were in the temple above the Antahkarana.

Monks were chanting for us and I focused on breathing and he aligned my body for all asanas better than any day. I experienced the way how to live the moment. He didn't allow my mind, heart and emotion to move. I kept them still and flat in the same manner in the dragon's womb. I was breathing deeply and intentionally. When we reached the last asana called Utpluthih. I lifted up my body with crossed legs. Usually, when I get to the final pose I give up so easily, I could count to only 10. But this time, I was lifting up my body in front of monks. I counted 33, even my arms were shaking and my abdominal was aching. I wanted to manifest to Miroku Bosatsu and the monks. I was floating in my meditation.

Then, in the evening I received your email. You told me find the source of the raiders. I had a blank mind. The source of the raiders?

On January 2, I had a kendo lesson. There was no other student. We practised kendo Kata No 1. We communicated through only eyes including the third eye. We moved slowly with high precision, not only our bodies but also our swords. There was no Miroku Bosatsu, but my kendo teacher was in front of me. I found myself boundary-less because it was hard to say the current was kendo practice or meditation. Before and after kendo practice, we meditate for a while. In my personal meditation with you, Satchi, I have my sword in my right hand to cut and circle my blockages. I did so many times since I learnt the 7 step, I hold the sword. So if I hold it I felt like I was meditating. ... So I was meditating and practising the Katas, which means forms, with my kendo teacher. Sooner or later, I saw my teacher as my inner child. My teacher detected even the smallest misalignment and mistakes. I grounded them and kept my ego still. I was in charge of my practice, not my ego. We practised for 1 hour and a half.

At night, I crossed my legs and closed my eyes. I made protection of Merkaba and connected 8 bones to the tip of 8 constructs of thin blades. I spun them so fast. I received so much energy even I felt vibrations in my head and lower body. I scanned all chakras. They were wider to reach the edge of Merkaba and shining brilliantly. They seemed working well. So, I asked my mind computer where the source of the raiders. I was ready for any big attacks or raids. However, I found small holes in Muladhara Chakra and a small person was entering my protected area. Small thin people!! They are so small and climb up my spine and chakras. Who were they? I picked them up and circle them with my sword and ground to the centre of the earth. I removed the hole which was very long. I carefully hauled it up.... then, unbelievable. Satchi, I don't understand why.... But it was connected to the gigantic spaceship. There were many round windows in the front and it was made of dark metal. I hesitated. What should I do?

On January 3, I meditated. I kept removing blockages from my timeline with the time slam technique. I worked down from seven to one, one at a time using the third eye, as you taught me. I jumped into the centre of the earth and held the strong and big blockages until they transformed into angels. I was melting in my armour burning blockages I could not see. I removed so many blockages, but there were still. I did compress a big one from the past to quasar once. When I grounded it, I felt so light as an angel. I could talk to angels and ask about that spaceship. Because I saw the vision of that spaceship. I didn't want to go there, so I stayed in my protection. And I could feel the angels after meditation. It is wonderful.

I will keep meditating and removing blockages.

Thank you for all.

Very good Yuko!

If you want to, take out the spaceship!

It's only a blockage.

As we grow.

So we take out more.

I was talking yesterday about the movie, Jupiter Ascending,

https://against-satanism-video.com/watch/jupiter-ascending-satanists-live-forever-by-stealing-the-spiritual-energies-of-humanity_VhEmGFCpIED1fc4.html

You can see the excerpted scenes here..

https://against-satanism-video.com/watch/jupiter-ascending-satanists-live-forever-by-stealing-the-spiritual-energies-of-humanity_VhEmGFCpIED1fc4.html

I was saying that in the movie one family owned the earth, there are thousands of planets, and thousands of Families of black magicians each owning a planet.

If we say that this family in the movie who own the earth called Abrasax are really the Abraxas demon then if they are people who learned to leave the body and live in private universes on the Astral plane, then these Dark God Black Magicians vampirise the people of the Earth so they can live.

And there are Dark God Demons stealing the energy from every planet in the Universe!

The only way to become free is to become enlightened, no energy blockages, fused with higher and higher chakras..

Strong enough to defeat any demon.

Strong enough to eventually live out of the body as an Angel.

This we are learning to do!

Dearest Satchi,

How are you?

Thank you for your advice. I've burnt quite many blockages and negative feelings from the timeline of Karma every day since I took down the spaceship on January 5. I meditate before going to sleep, if the case of waking up in the middle of the night, I meditate first and go to sleep, then in the morning, before getting up. I noticed my dreams connected to my meditations and vice versa. I will review them. It is the longest review and most astonishing experience in meditation.

On January 5, I had a kendo lesson and there was a new fighter from the English army. We practised together. I noticed that I could read his mind through perhaps the Ajna chakra, not only his next move but also his personality, more or less his fear. It allowed me to calm down and focus on the moment and the sooner future. I've learnt only basic techniques since last January. Therefore, even though I could read his mind, I couldn't get a point sometimes. I must move faster. However, this was a huge improvement and I am sure that the recent process of deeply removing blockages helped it.

The Energy Enhancement Meditation Seven Step Process and Alchemical VITRIOL are amazing.

After the Kendo lesson, my teacher even noticed my change and simply praised my fast improvement. I didn't notice my progress in Kendo, because I've practiced for only a year. Other fighters have practiced for

more than 10 years. I started understanding what is the past life. I sometimes felt I was picking up something I learned a long time ago. My Kendo teacher was strict and rarely praised me. He had been telling only the same basic advice again and again for a year, such as swaying the sword straightly or looking at the opponent to get him well-spaced. However, he and other fighters always praise me for one thing. I could move forward without fear and it scares them. Wow, I think this is also a reward for meditation. Thank you Satchi!

At night I meditated and focussed on taking the spaceship down. I had removed holes in my base chakra and the cord to the spaceship at the previous meditation. But there was the same spaceship in space, not in my Antahkarana or my protected area by Merkaba. I cut a circle around it with my sword and slowly grounded it. I sensed it was better not to use bombs. I did it and nothing happened after this. No attacks or raids. It burnt completely while I was watching down. Even no light came up. It was so weird. I completed 7 step, and I didn't find anything. What was it? I went to sleep. Then, I had a strange dream. I was driving my car with my ex-husband (this is a very rare case he was in my dream). I decided to go to work even though today was a holiday. It was not the ordinary way to work. It was like a huge natural park in Africa. I was driving down a very steep slope and reached the river. I crossed the river, and then the river turned black with mud and increased rapidly. I immediately turned around and returned the way. The road became much steeper and my car could not go up. I woke up.

So, I meditated and get back to that situation. I cut the black muddy river in circles and made a bomb with white light from above and dropped it. Then, I was raided by many spaceships, thanks to Merkaba and four constructs. They could not reach me, but I could see them attacking me. I used the power of constructs and shocked all of the spaceships, but I could not find the BM in them. No BM in the spaceships! I turned my head to the right to ask help from my ex-husband and he turned into BM. He was already inside my Merkaba protection. So my ex-husband was the raider.

I got out of my car and asked my mind computer to show all blockages regarding my ex-husband. Then I saw the timeline with lots of black dots which connected to the history of all my Ex-relationships. I saw the swell of black, mushy karma mess with all relationships. This karma brought me to the current situation.

My mind computer showed me too clearly to understand. I swallowed the result. It was high time to burn them all at once. But how? I used the third eye to observe the BM, the raider and held the sword. I raised the light on the tip of the sword and it started shining. He kept changing into the appearance of my old partners one after another. It triggered memories with them and it gave me pain in the heart chakra.

I was removing the pain and clearing my heart chakra and it stuck to the karma in the timeline. Wow, it is quite useful, so I asked my mind computer to compress the removed blockages stuck to the Karma and execute the time slam automatically.

Now I could focus on the BM, and all my exes. I looked at them with the third eye. I could see the Karmic negative history behind their minds, so of course, I started to seven step all the Karmic negative history with my sword. Cut, cut, cut and cut.

Then, the BM changed into all my exes at the same time. There are more than 5 BMs in front of me. All negative memories triggered my emotion and I felt the pain in my heart chakra. I asked for help because I could not fight them all at once.

Then, somebody appeared who wore Kimono, and started fighting without mercy and he was amazingly quick. I followed his manner. I froze my emotion and executed all karma. Now all blockages and Karma were piled in front of us. I asked the angel to throw it at the BM. It stuck to him. I pointed the tip of my sword to his third eye and asked him to bring all spaceships which stayed in space. I asked him again, all to the infinity.

In the background, I compressed all spaceships and a planet. You are right. It came from the planet. I cut them in circles and brought them all together and grabbed BM's neck and jumped into the centre of the earth. We were so many in the melting hot magma. There was a big flame and the bottom was burnt down. Then, another chakra below the centre of the earth held us. I held his neck until it all burnt.

Then the beautiful angel appeared after all the negativity was burnt away from the Black Magician blockage. The angel had been trapped, imprisoned by the Karmic mass put around him in a Satanic Ritual - the way all Demons are created. I asked him to join with and augment my psychic body - the new Energy Enhancement method of evolution! He held my hand and we flew up to the top of the Antahkarana and touched the gemstone. The space opened.

We were in the temple with monks. I took off the burned armour and monks started to fix it in the blacksmith. Miroku Bosatsu brought us behind the golden curtain with beautiful embroidery. We met Buddha, but not human, he was like a statue. He put his palm on my third eye and then, I lost consciousness.

I was lying down and somebody was cleaning my brain!!! I heard the voice in my mind. He is removing rust from my brain wrinkles. I fall asleep.

On January 6, I meditated and went through a timeline. I asked my mind computer to show the blockages regarding Karma. There were still many so I did the 7 step quietly and thoroughly. There is no big fight like yesterday. I precisely picked them and grounded them.

My mind computer worked much faster and my focus was better. How many did I ground... so many lights, angels, came up and I placed them around my clean brain. The light could go through all wrinkles. I felt really light.

Then in the evening, I went to the sauna with my friend. The hot air in the 120-degree hot sauna reminded me of the melting hot magma in the centre of the earth. I cleaned all chakras in 7 step with hot air in the sauna. It worked well.

On January 7, I went to morning Yoga Mysore. I felt much lighter and keep doing 7 step through the chakras. During Shavasana, the Angel who went to the temple with me came into my mind and he asked me whether I want to experience like an angel. I said yes! He flew down and overlapped me. I was inside him or he was inside me. It doesn't matter. I experienced how an angel felt, think and fly. Wow, they were so happy. Actually, they didn't think the way I did. And they were so light and always following the light. And he was quite spontaneous and had a beautiful mind like a clear sky. I kept feeling like him for the rest of the day. He did clean my flat!! It was rewarding.

On January 8, it was yesterday. I meditated and started visiting above Antahkarana to thank the monks, Miroku Bosatsu and Buddha. I went up and kneeled down and bowed toward them with reverence. They returned me the armour which is shining like gold now. They opened the space behind me and let me enter.

It was a beautiful shining white room. There is a statue decorated with hundreds of flowers. He has four arms. He stabbed the sword into my head to the bottom of my spine. It didn't hurt at all. And it disappeared. Then, he was holding a discus and cut a circle around me like I was a blockage. I kneeled down and bowed.

He showed me a different door made of stone. I entered. There was a long corridor and I could see a beautiful garden like a jungle on the left. I reached the room at the end of the corridor. It looked like a waiting room. There is a man wearing armour with a sword like me. We nodded to each other and my third eye caught his. We immediately telepathically exchanged some memories which were something old and nostalgic.

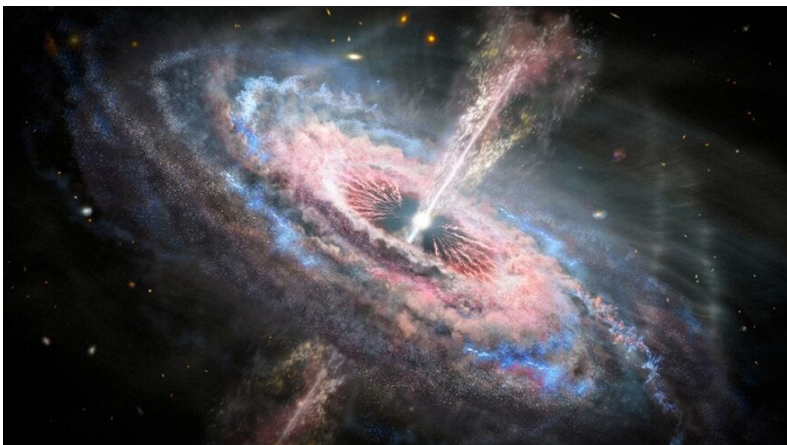

Then, the scene changed. I was in the same place in the palace, but there was a big horrible battle in the palace and in the field. I knew this happening, my brother and my father had attacked our palace where I was forced to marry this country for political reasons which were only beneficial to my brother and father.

Then, they decided to take it down by force, so they set fire to the palace. I was stuck in the fire and somebody called me from the garden on the right side. I saw the same man wearing armour. He asked me to jump because he wanted to save me. But I said I couldn't. I didn't want to escape from the battle against my brother and father. I must fight for this country. There is no way out.

He had served my Samurai father for a long time so we were friends before. I was overwhelmed and cried during the meditation. Unbelievable, I felt I had felt that time. Oh my God, this was Karma. He asked me badly to jump to him. I didn't and the fire caught me.

He was the man who helped me fight with the BM a couple of days ago. I knew that he would help me anytime. I asked my mind computer to find his Karma and blockages in the future of my timeline related to this man, my brother and my father. I really wanted to make sure to remove as many as possible. I removed them by 7 step and gathered and lined them up in one place.

I observed in the air this gargantuan black sticky ocean. That I was carrying within me!!! Of course, it made me feel bad and negative..... I shocked it with energy from the top and put constructs around it. Then I saw it look like a quasar which I saw in the picture from Hubble. (btw I am a big fan of Hubble, this is my favourite picture, "Hubble Space Telescope Spots Quasar Tsunamis") as you told me.

Then I grounded it with all power I could get. It created the biggest flame I've ever seen and became a massive volcano eruption. The heat was ascending up to the top of my Antahkarana through all my chakras. It burnt even more blockages!

Then, a brilliant white light came up. It was a beautiful lady angel and she held my hand to fly up to the top of Antahkarana. We touched the gemstone which has rainbow colours. The space opened. The futuristic library was extended and I saw a book which was shining in gold. I took it and placed it on my mind computer. It scanned the golden book. The space opened further. I went through it. It was packed with amazing bright light and beautiful nature. Then I saw the rainbow in the sky. I slept after that. I saw the same rainbow in my dream. Wow..... I lack words to explain all. It was a kind of miracle.

I am looking forward to meditating tonight. I will burn more Karmic mass. I knew it never end.

With heartfelt thanks and respect

Love and Quasar
Yuko

Go one step higher.

Zen Master Hogen said I could spend 300 years looking at my past lives.

So I told him yes, I went higher..

His aura expanded and enclosed me in his golden glow.

He was happy with me.

By removing all the blockages and negativity we learn to fuse with higher and higher chakras.

Soul - golden glow
Monad
Logos
Sirius where resides Jesus and Satchidananda - pure white glow

Avatar of Synthesis

S

THE DANS OF ENLIGHTENMENT

It's only possible to become Soul Infused - the First Dan of Enlightenment - by removing all the Subpersonalities.

By becoming One Soul infused personality by means of the Energy Enhancement Seven Step Process to remove all Subpersonalities, all Satanic pacts from your past life timelines, the Karma cleaning process, all Energy Blockages from your Antahkarana Energy Tube of connection to all the Infinite chakras above the head connecting you with God!

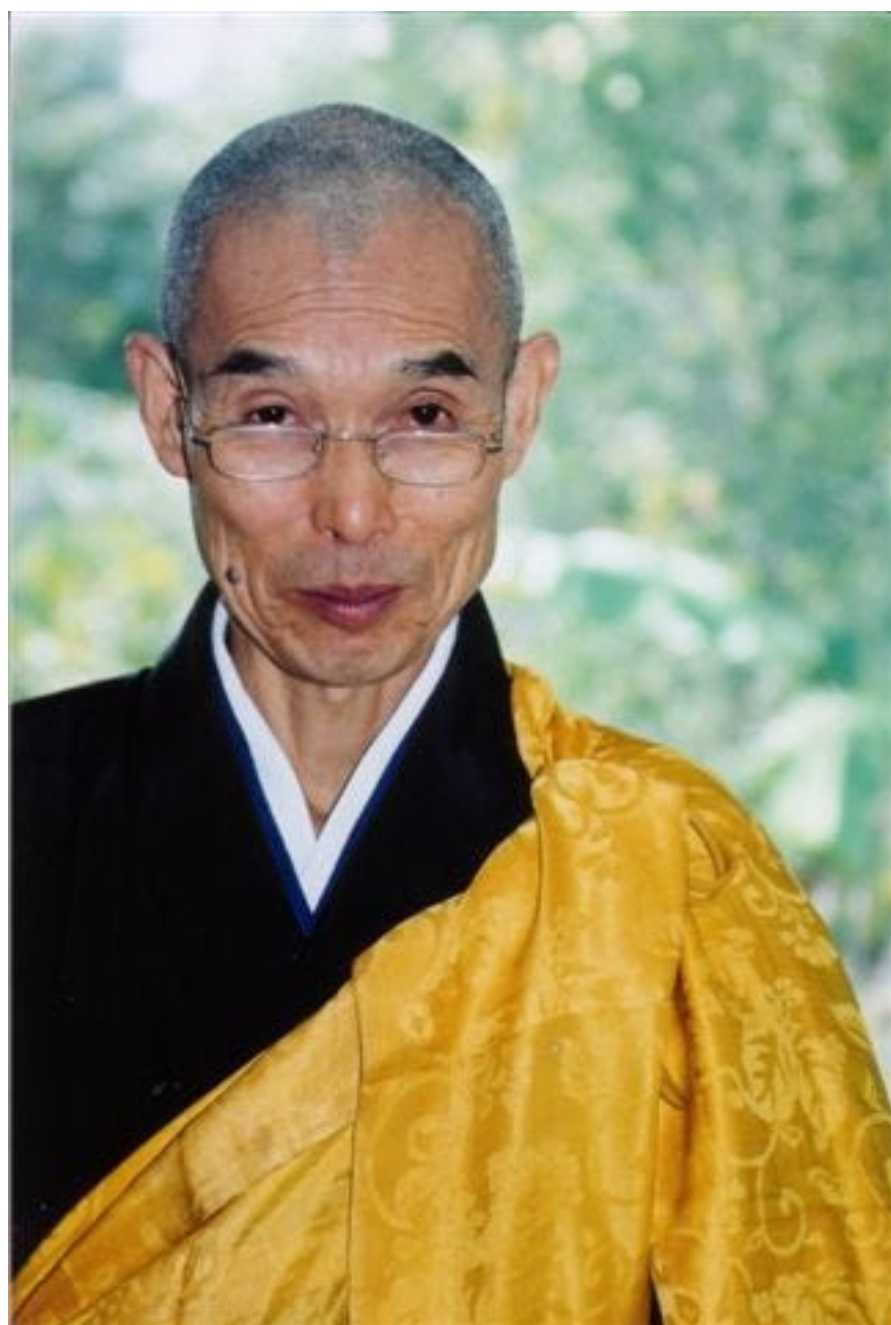

You know Zen Master Hogen had a Golden Aura redolent of a Soul Infused personality.

But Swami Satchidanand had a Bright White Aura redolent of a Sirius infused personality.

Like the Buddha, Zen Master Hogen was an expert on Yoga and on Meditation and taught the Zen Method very well.

But Swami Satchidananda based his business on the Yoga Schools, teaching Yoga Teachers but himself he gave psychic experiences to his students of telepathy and exploding the blockages of the heart. He spoke at the United Nations.

When I was young I exemplified wanting to help humanity by becoming another Einstein taking two degrees in Physics and Electronics but for me all I found was corruption and could not continue to work in this field. I fell back on my experiences age 7 when I saw one of my past lives and at 14 when I had the experience of seeing myself die age 86 - all the blood

flowing out of my body after a normal life of marriage and 2.5 children. The death affected me for a few days until I had another experience of seeing myself die again at age 21 again seeing myself die very old.

My Soul was telling me to hurry Up!! It was saying a normal life for me was not possible! Jesus was teaching in the temples age 12. Me, I was late starting age 35!

I started yoga by myself from a book not telling anyone else from age 14. I started pranayama from the Hatha Yoga Book by Theos Bernard at age 21. I started meditation age 28 by myself for a year and then with Hogen and Satchidananda until 35 when I started to teach Yoga and Meditation.

Prananyama and Agnisar Kriya builds up the ability to contain and channel prana. Holding the breath Kumbaka and Bandha - activates the Yama - Lord of Death - side of Pranayama where you battle with death every time you hold the breath. It enables you to remove fear filled subpersonalities.

I became a Spiritual Healer with the British National Federation of Spiritual Healers age 21.

As Gurdjieff said, "If you can't teach anything new you should go back to school"

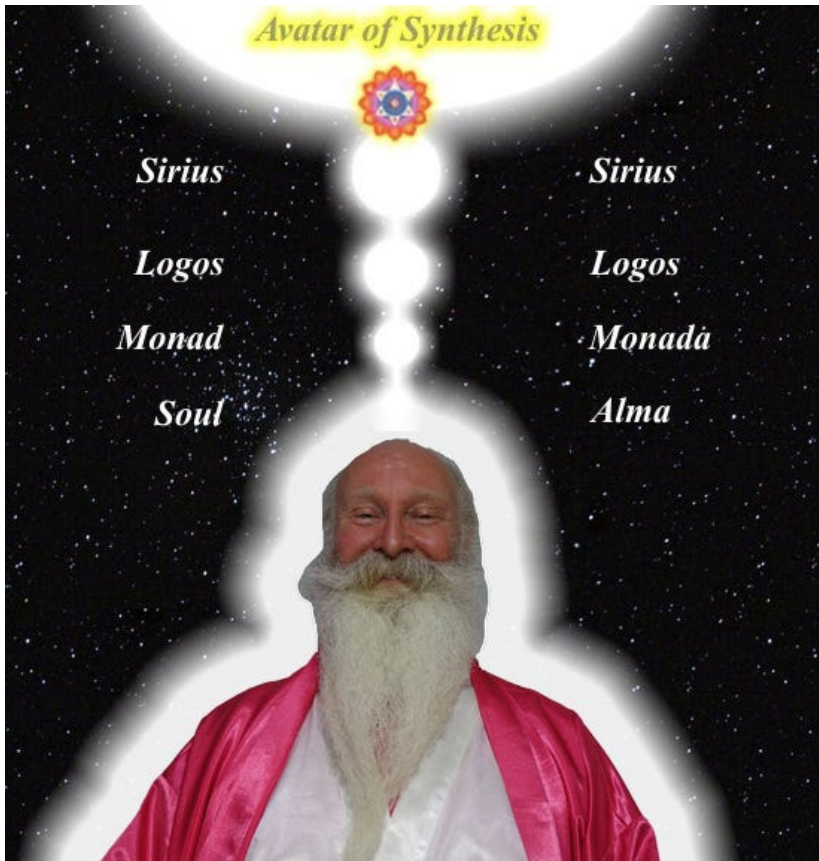

**AND THESE COMPLETELY NEW THINGS ARE GIFTS TO HUMANITY
FROM MY SOUL.
THEY WILL TAKE YOU TO ENLIGHTENMENT TRULY.
THIS IS NOT A LIE!!**

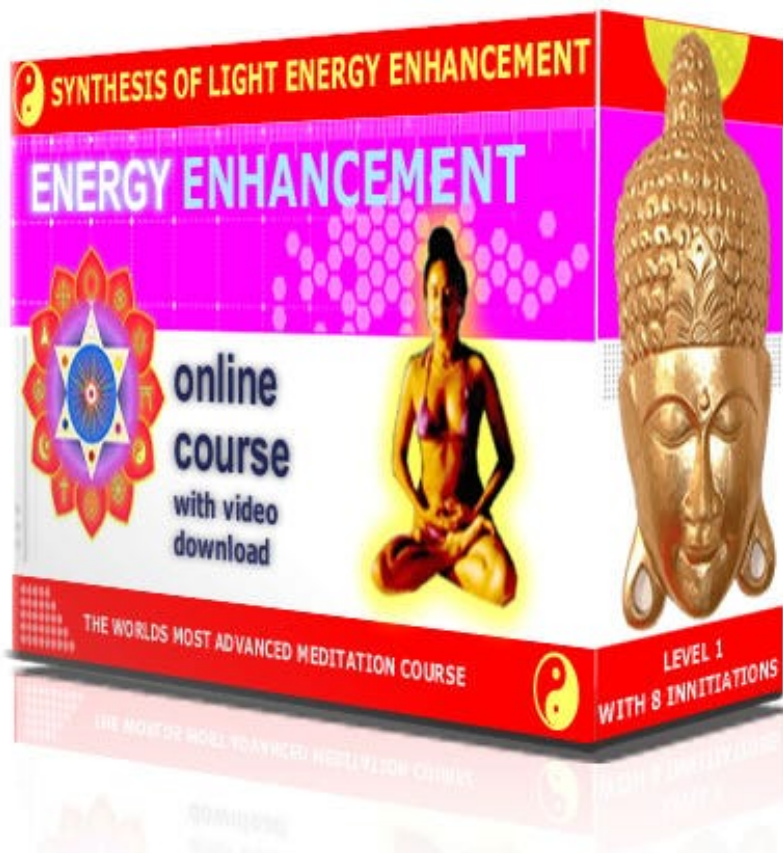

So, my Yoga DVD is NEW! It is FREE! with Energy Enhancement Level 0. It exemplifies a program to get you into a meditative state - the girl who we used to video the yoga session remained in a state of samadhi after the

session for three hours. She became a monk in India. The Yoga is a NEW Yoga, Hatha Yoga being Asana, Pranayama, mudra, bandha. In it I pushed Mudra Yoga holding the poses for longer.

After that I created the Energy Enhancement Video Meditation course which utilises the ancient techniques of Tamil Siddhar Bhogar and his students, Babaji and his Kundlini Kriyas and Patanjali and his Yoga Sutras of Patanjali and his Samyama - the Energy Enhancement Seven Step Process to remove Energy Blockages.

<https://energyenhancement.org/>

I think because my Sun is conjunct with Saturn, every seven years of my life I have had psychic experiences of initiation. Every Master of Meditation in India, Hogen, Satchidananda, Sathya Sai Baba, Sri Yogendra, Father Bede Griffiths gave me energy and psychic experiences.

At 7, 14, 21, 28, 35, 42, 49, 56 years of age.

I became Soul Infused Enlightened through Hogen at age 32. I became gradually Monad, Logos, Sirius and Avatar of Synthesis infused on that path.

Now we have advanced meditational techniques in the Energy Enhancement Meditation Video Course to remove Subpersonalities and Satanic Pacts from the Timeline of all our previous lives. To attain Soul Fusion, the First Dan of Enlightenment...

"Been there, done that, got the T shirt" was the creation of the Soul the creation of Soul Fusion.. The Yoga DVD, and the Energy Enhancement Video Course.

<https://energyenhancement.org/>

THERE CAN ONLY BE ONE!

This healing process leads to what I call the union of the life force, - there can only be one soul infused personality - when the person can then move forward in their life without being anchored to the past, and live a life of creativity and productivity.

Once the subpersonalities have been healed and absorbed back into the Soul there is Only ONE personality,

THE SOUL INFUSED PERSONALITY!

**FUSION WITH THE SOUL IS ENLIGHTENMENT!
ILLUMINATION!**

ENERGY ENHANCEMENT WORK WITH ENERGY BLOCKAGES

This body of work addresses illness as an 'invasive external force' - Trauma formed Energy Blockages within the human field of energy. Energy Enhancement Teachers teach their clients the gift of being able to perceive and discern these intrusive forces, whether a physical illness or an external negative influence in the clients life. We teach how to work with Energy Enhancement Advanced Techniques to gain an understanding of the nature and cause of the problem and to 'extract' it's energetic matrix or sever the link between the client and an external negative and harmful force.

The mind computer can be told what to do and it always functions perfectly. By creating a symbol for each pact Nickananda ran it over the timeline for this lifetime and all previous lifetimes. As it got close to the pact on the timeline he entered into the Vision of the situation and performed the Energy Enhancement Seven Step Process to dissolve the pact, dissolve the karma. Same with a symbol for the sub-personalities to also find them, when they were created on the timeline of all previous lifetimes.

Jonananda 10 September 2023

Okay Swami,

I'm gonna seven step all of these. You have a book about enlightenment where you list all of these. I read it and I seven stepped all of these vows before. But, I'm gonna write them down in my notebook and take them in to meditation to seven step them all again. I just wanted to tell you that. You are right. When I look at my Antakarana now, it is really white. Getting whiter and whiter. Thank you, Swamiji.

Jonananda 10 Sept 2023

I understand now Swami. Before when I seven stepped all these vows, I removed a lot. But, now when I go up the Antahkarana and then I seven step the vows. I get a vision of my past life. Sometimes 2 or three lives when I made the same type of vows. I am halfway through. I let you know when I finish.

Man, Swami. I was in a lot of secret groups and covens and egyptian orders and old chinese priest temples and many european monk orders, knighthoods, and these types of things. I saw that this is why I always gravitated to martial arts and energy arts and secret societies and things like that. They always come easy to me and I am always the top student of my teachers and its like I have known them before. It all feels a part of me. When I go through these vows, it's like me going through a bunch of memories. I'm gonna keep going. Thank you Swami.

BUT I DID NOT STOP AT THE SOUL...

As your heart expands, because every step, every higher fusion with the chakras above the head, every fusion, every initiation, must expand the heart even more.

Soul Fusion is normal Enlightenment, Illumination! the First Dan of Enlightenment.

Monadic Infusion is the Second Dan of Enlightenment, Illumination!

Logocic Infusion is the Third Dan of Enlightenment, Illumination!

Sirius Infusion is the Fourth Dan of Enlightenment, Illumination!

Avatar of Synthesis is the Fifth Dan of Enlightenment.

Every higher fusion with the Chakras above the Head runs through and upgrades the Heart Chakra.

Every higher fusion with the chakras above the head results in a brighter more intense aura which has huge psychic effects on everyone around you!

We call this the Buddhafield.

Originally as a child I wanted to remove pain from everyone. Like every good Dragon Child I wanted to help everyone!

Fusion with Sirius, the Chakra above the head of Jesus and Swami Satchiananda creates the Heart of Christ.

Swami Satchidananda was giving speeches at the United Nations...

Swami Satchidananda said that Ahimsa - no pain by word thought and deed - is the greatest Yama but the only reason to give pain is when you are teaching.

I began to understand that this Planet is a factory to produce enlightened beings over perhaps hundreds of lifetimes. It is a teaching tool filled with pain. Karmic Pain created by people making the wrong choices as they gain greater knowledge of Good and Evil..

And this pain creates pressure, infinite pressure, the kind of pressure which with the earth compresses coal into a diamond!

Only the Energy Enhancement Course of the transmutation of pain, Alchemical VITRIOL can remove that pain, heal energy blockages, remove subpersonalities, remove satanic pacts.

"After all that" here is Energy Enhancement - "Here are complete instructions on enlightenment" Yoga Sutras of Patanjali Book One, Sutra One

"After all that" is a person hard wired to only to be able to do the right and good thing. Only then are you allowed, trusted sufficiently, to become enlightened.

So with higher initiations I started to move away from individual enlightenment and on to planetary enlightenment.

Thus my Eleven Books, Eleven Volumes of Against Satanism.

Only my experiences in meditation could give the understanding that Satan is Real! Demons are Real! Dark Gods who vampirise the spiritual energies of humanity to live forever are Real!

It is the why of Human history. Normal histories give the methodology but only I can give the why and that is that thousands of years ago people learned through drugs and meditation how to cut off from God, cut off from the energies of God in an attempt to live forever, LEAVE THE BODY AND LIVE ETERNALLY IN PRIVATE UNIVERSES ON THE ASTRAL PLANE.

To do this doomed attempt to live forever they must vampirise the spiritual energies of all humanity, thus they perform Rituals

to close down the energy of the heart. Satanic Rituals define Satanism.

The Satanic Phoenician Mega Trillionaires who have controlled humanity for 10,000 years developed a technique of spiritual vampirism, a Transhumanism to suck all the energy of humanity so they could take that energy into their reservoirs and use that energy to live forever out of the body.

They created the Religion of Satanism 10,000 years ago to institutionalise that vampirism in their evil Rituals, then also used their Mind Control Rituals to tightly control their adherants in their secret societies, to richly reward their worshippers, so that their worshippers of Satan would work to dumb down humanity secretly, permanently, so that the vampirisation of their energy could continue eternally without any pushback from the populace.

Satanism is defined by Satanic Rituals.. Mind Control Programs - LIVES FOR SATAN! - THESE RITUALS DEFINE SATANISM.. RITUAL SEX, RITUAL PEDOPHILIA, RITUAL SODOMY, RITUAL DRUGS, RITUAL BLOOD SACRIFICE, RITUAL HUMAN SACRIFICE, RITUAL TORTURE, RITUAL BURNING ALIVE, RITUAL CANNIBALISM, RITUAL CASTRATION, RITUAL VIRGIN SACRIFICE.

The shock of the Rituals creates splits in the mind and as the evil subpersonalities grow in number, so the Satanist is consigned to permanent psychopathy of a minion doomed to rule for the Dark Gods.

<http://www.energyenhancement.org/Sacred-Energy/Against-Satanism-Volume-3/Against-Satanism-Volume-3-Satanic-Rituals.pdf>

In order to prevent people evolving beyond their reach and defeating them they must maintain control by creating poverty, bad education, poisoning everyone, dunning all people down, preventing the evolution of humanity. Creating Evilution, the Satanic Rituals of Sodomy, Human Sacrifice, Castration and Cannibalism to destroy the heart.

Latest Videos from Nickananda and Satchidanand...

Jonananda 25th September 2023 - Swami, I was listening to the first table talk with Nickananda. I am going to listen to the other one next. I think I

understand Swami. What you said in this email. I keep trying to live a normal life, too. I was just explaining to my girlfriend last night. She asked me why I left women in the past.

I tried to explain to her that I keep going up higher and higher in energy and the women just want to stay the same as they are.

They are comfortable where they are in life.

So, we just eventually part ways. My energy just becomes bigger than the situation. I get what you mean when you always say that, the more energy you get it's like an energy vacuum that just starts to pull in more and more energy and more powerful energy from Satchidananda and other masters that start to come to you.

First I started with prayer as a teenager. Then, I started the chi gung in my early twenties. And, then I met you 11 or 12 years ago! And the whole time, the energy just keeps getting stronger and stronger.

More and more blockages leaving.

I get lighter and lighter.

What I am trying to say is that, and I think you are seeing it, that part of me feels like the energy is just carrying me through life. Like pulling me!! I don't know higher, or closer.

The energy feels like, superhuman. But, not really that, like just a knowing of the future, the past and the present all together at the same time. Like, NO TIME. Like everything is perfect. Like I've been here before but then again I haven't. I'm gonna work on the soul to monad. Thank you.

STEALING YOUR SPIRITUAL ENERGY? - THE SUCCUBUS, THE INCUBUS -

The striving and search for the soul. STEALING YOUR SPIRITUAL ENERGY? - THE SUCCUBUS, THE INCUBUS - Everyone is Already the victim of these Implant Addiction Energy Blockages. WANT TO LEARN MORE ABOUT ENERGY ENHANCEMENT MEDITATION? WANT TO LEARN WHY "TRADITIONAL MEDITATION TECHNIQUES ARE DESIGNED TO FAIL...

Utilising the Energy Enhancement Meditation Course Seven Step Process to remove energy blockages and the Energy Enhancement Meditation Course Karma Cleaning Process Yuko has cleaned her Antahkarana, all her previous lives and made contact with the Buddha Maitreya and his monks living in the chakras above the head whose aim is to help all meditators who come to them.

Using these techniques and an open third eye Yuko has removed a lot of her Trauma and negative emotions associated with her divorce

Here, in this experience I drop the news that perhaps - like all human beings - she has been implanted with the sexual addiction blockage created by the black magicians in ritual as a demon to vampirise the sexual act so as to suck the energy of their partners and eventually break up all of their relationships as I describe below. Yuko's husband became an alcoholic and they were divorced.

The Suck-ubus Succubus Hookers

Most people have been implanted with the sexual Addiction Implant Blockage without knowing anything about being implanted. They just have to deal with the evil results...

In Meditation traumatic events which have been forgotten, which have been amnesified by the subpersonality created at that time to protect you from these evil memories come up. Now we are adult. Now we do not need to be protected because with meditation, we know how to ground, transmute, these ancient evil memories, and turn our minds into a clean white sheet again.

"I identified the moment and the man, probably a minion of the Black Magicians and I remembered the moment through the veil of amnesia - I had forgotten this memory until now!

It was a long time ago, I was very small. I played with my little brother outside and the minion of the Black Magician came to me. There was nobody around.

He lifted me up in his arms. And asked us to keep quiet and not to tell this anybody. We were simply scared. He started walking with lifting me.

And it was disgusting, I remembered now.

He started touching my vagina, clitoris, and perineum.... I didn't know what he was doing!" – Yuko

We have beautiful women or men prized by Black Magicians to suck, vampirise, steal, Spiritual Energy from their partners for all their lives by being implanted with the Succubus Demon by the Black Magician at an early age so that this Demon, in conjunction with their subpersonalities unconsciously who always have a greater apprehension of the psychic, or even in conjunction with their Soul infused personality, consciously, will connect by means of energy connections, chakra to chakra, to "Hook" their prey, suck their energy, suck the energy of the orgasm, and pass on the vast majority of the Spiritual Energy to the Black Magician who originally implanted them whilst taking a tithe of the energy for themselves.

As Emily Ratajkowski says, they're like, "OK, yes, you're special. You've done it." And they love it and love it, and then slowly they get emasculated (because they have been sucked of all their sexual energy) and don't know what to do with those feelings, and then they resent you.

As they move in their relationship from great passion to a long term relationship so the energy of the partner is sucked and the energy level decreases. As they lose energy, so addiction blockages and other demons are allowed to overcome their psyche. They begin to degenerate into Orcs.

Some become addicts, alcoholics. As they lose energy, so their minds become weaker and their decisions become worse, further degenerating the relationship. The degeneration of the partner becomes more and more obvious.

Eventually the beautiful woman or man comes to despise the failings of the partner brought on by them sucking their partners dry. They finish the relationship. They search for another victim without any realisation that this is the life cycle of every one of their relationships.

Can't live with them, can't live with them, becomes their mantra.

Older but not wiser they finish their relationship career living with a cat or a dog.

The purpose of this missive can become useful to students of the Energy Enhancement Meditation Course by realising that I might be talking about you.

If this strikes a chord then look for the implanted succubus demon within yourself, usually the demon is implanted into the base chakra, coccyx, perineum, vagina, clitoris, penis and the blockage is supported by blockages in the chakras below.

Dearest

Satchi,

I was about to send the review and you sent the report. We are in sync, aren't we? Read the below.

Review:

Thank you for your email. I read it after a Kendo lesson.

Firstly, I was shocked to read what you said about the succubus, because after 2 hours of Kendo practice. It washed away all my thoughts with lots of sweat and Kiai, which is the voice to show no fear to an opponent. However, strangely enough, from the moment I started reading, I had

some kind of foreknowledge of what you were warning me about. I have come to the realization that there was a pattern in the history of my relationships since I had a skype conversation with you and Devi last year, maybe a year before.

As I gradually meditated and removed a huge amount of blockages, this pattern became more and more clearly visible in my meditation. I could not ignore it.

After watching your video and reading your book about subpersonalities and the shadow side, obscure and undigested things in my life made sense to me. It triggered my dark side to come in front.

<http://www.energyenhancement.org/Sacred-Energy/Eliminate-the-Shadow/Eliminate-The-Shadow-Carl-Jung-Nietzsche-Jordan-Peterson-Joseph-Campbell.pdf>

I shut up my poor me attitude which blamed ex-partners and acted like I did my best. I faced the shadow sides of myself.

It was so painful and emotional, I cried a lot in meditation. I removed a pile of horrible disgusting blockages by the 7 steps, perhaps some extra with tears, then I, which means the capital "I" in your words, the One Soul Infused Personality, started accepting the realization and stop doubting and arguing the fact.

Then, I could say goodbye to all addictions without any effort. Simply I don't need them.

Every day I just sit and meditate, removing blockages and my psychic visions are getting clearer and I learnt to see them from multiple dimensions.

It is like looking at each chakra from multiple angles to find more blockages.

Recent experience with Miroku-Bosatsu, Buddha Maitreya, in my meditation allowed me to release or erase my ego to be the best person or "poor me person". Because he accepted me whole with compassion anyway.

Moreover, another experience of how an Angel feels and flies in meditation opened up my new vista to understand what is free.

Then, I realized I was not!

I still thought so much about myself and the past, compared to the feeling of Angel.

It leads me to a hypothesis that something might be controlling me.

Then, you sent me a warning email. My leftover blockages started reacting, like "It might not be me, I was not like that.... I was the victim of those people."

Then, my head started spinning to find supporting evidence which was not in my case.

The blockage took over my thoughts!!!

I stopped spinning, and said to myself, "Stop, Yuko. Just sit and meditate. You will see the truth in your meditation."

So, I did and asked my mind computer to show the blockages, like my Suck-ubus.

It showed the succubus implant blockage as black spots in my timeline. I focused on the base chakra as you said. I imagined each small cell of the part of the body located in the base chakra.

I found black dots there all over.

I carefully removed them with a white light. They had long thin roots to the tailbone toward the spine like mycelioid. They were so disgusting everywhere that I could not pull them all.

I got an idea. A couple of days ago, a white statue with four arms inserted a sword from my crown chakra along my spine.

I pulled it out and asked it to remove all blockages with this sword.

I did! I saw them tangling all over the sword.

Compressed them and did 7 steps.

Then, I asked my mind computer to assemble all past lives related to this blockage, Suck-ubus.

Here were so many past lives in front of me.

I started with the oldest one, which was in ancient Alexandria, about 4000 years ago. I saw the Lighthouse of Alexandria and the library. I encaptured the moment the Black Magician implanted it to me, I removed the blockage and the Black Magician and compressed them.

I did the same one by one thoroughly, but it took so long and I felt destroyed and tired, I believed that this was the work of the blockage.

So, I set the mind computer to remove them automatically through the timeline and I searched the moment how I got it in my current life and who implanted it.

I identified the moment and the man, probably a minion of the Black Magicians and I remembered the moment through the veil of amnesia - I had forgotten this memory until now!

It was a long time ago, I was very small. I played with my little brother outside and the minion of the Black Magician came to me. There was nobody around.

He lifted me up in his arms. And asked us to keep quiet and not to tell this anybody. We were simply scared. He started walking with lifting me. And it was disgusting, I remembered now.

He started touching my vagina, clitoris, and perineum.... I didn't know what he was doing.

I froze time and fought against him and held a sword to his throat. I asked him where his controller was. He told me and I captured and compressed him.

I removed and compressed the blockage.

I was distressed by remembering the memory I had completely sealed off. I convinced myself, "calm down, focus now. I must finish this removal now.

I went back to the timeline again. I found another moment. I was around 10 and was in the supermarket.

A man, probably another minion, suddenly grabbed my ankle. There was nobody and I was scared and lost my voice. He held my ankle for a while and left. I could see the psychic chain on my ankle.

Oh my God, Satchi, they kept me on a psychic chain blockage chain since then. I fought against him and held a sword to his throat. I asked him where his controller was. He revealed the place of his boss. I captured and compressed all, the Black Magician, controller and blockages.

Now, for the future... I removed all blockages in the timeline. My timeline was clear. It released me so much. Now all disgusting blockages in front of me, a huge black ocean. I did step 5, 6, 7 of 7 steps up to infinity.

I bombed two planets where people were sleeping with tubes like the Matrix and I removed these tubes from all my past lives' bodies, then placed 8 constructs around the black ocean. It became a quasar with sucking everything into the centre of the earth. A huge black ocean of blockages, Suck-ubus were burning as hell. I was looking down feeling the heat on my cheeks.

Suddenly, illumination of light came up and went up through my chakras. It was a beautiful Ryugin (Dragon King). I went up to the gemstone in my Antahkarana with him. And I touched it. The space opened and expanded the futuristic library.

Dragon King held a pearl ball in his arm and passed it to me. I put it in my mind computer. It scanned the pearl and the new part of the library started shining. I went through the new part of the library and entered the world of the monks. They welcomed the Dragon king and me.

We saw Miroku Bosatsu and he brought us to the Buddha. We were there quietly for a while and he gave me a lotus flower to protect my root chakra. It was elegantly rich pink and had thick petals. I crossed my legs and sat on it. Then, I heard the deep sound of blowing a shell, Conch, like the sound of Gyuto monks chanting. At that moment, the space changed into the ocean.

Now I am floating on the huge ocean, beautiful cool breeze everywhere. I can see dolphins and whales swimming happily. It was the ocean everywhere. Dragon king was flying up in the sky. It was amazing. Then, suddenly there was a palace on the island, like an ancient Greece.

A lady was sitting on the lotus flower like me there. I sat in front of her. We meditated together. All chakras were connected to each other. She started to cut the connections to all of my ex-partners, my ex-husband, my brother, and my parents and to heal them. She was smiling and said to me telepathically in mind. They were free now and we were free too.

Then, I went to sleep.

Wow... I will do the same process again tonight for sure. My will is strong as rock to destroy all. I will stop the cycle and Karmic mass.
Thank you for your warning.

Love and Light

Yuko to me

Dearest Satchi,

How are you?

First of all, I will tell you the things I did after removing the Suck-ubuses. After removing them, I had two strange dreams. How strange was it? Because firstly both ended in the same image, a pair of shoes was left behind in a public place. A male loafer, rather smaller, the colour was greenish beige. Secondly, both dreams came true. A friend said I predicted the future, but I think my mind computer showed the blockages or Karmic mass to me. I will explain it below.

The next day I sent the review of Suck-ubus was Friday. I had to work only in the morning, so it was not a busy day at all. I felt weird. I had expected something so wonderful after removing the huge amount of blockages, like Suck-ubas, on the contrary, I was calm and less motivated and even though I felt a bit bored, I didn't know why. So, I watched the film, Jupiter Ascending. It was a good film. I understand what you try to explain about the world.

I was talking yesterday about the movie, Jupiter Ascending,

https://against-satanism-video.com/watch/jupiter-ascending-satanists-live-forever-by-stealing-the-spiritual-energies-of-humanity_VhEmGFCpIED1fc4.html

I was saying that in the movie one family owned the earth, there are thousands of planets, and thousands of Families of black magicians each owning a planet.

If we say that this family in the movie who own the earth called Abrasax are really the Abraxas demon then if they are people who learned to leave the body and live in private universes on the Astral plane, then these Dark God Black Magicians vampirise the people of the Earth so they can live forever.

And there are Dark God Demons stealing the energy from every planet in the Universe!

The only way to become free is to become enlightened, no energy blockages, fused with higher and higher chakras..

Strong enough to defeat any demon.

Strong enough to eventually live out of the body as an Angel.

This we are learning to do!

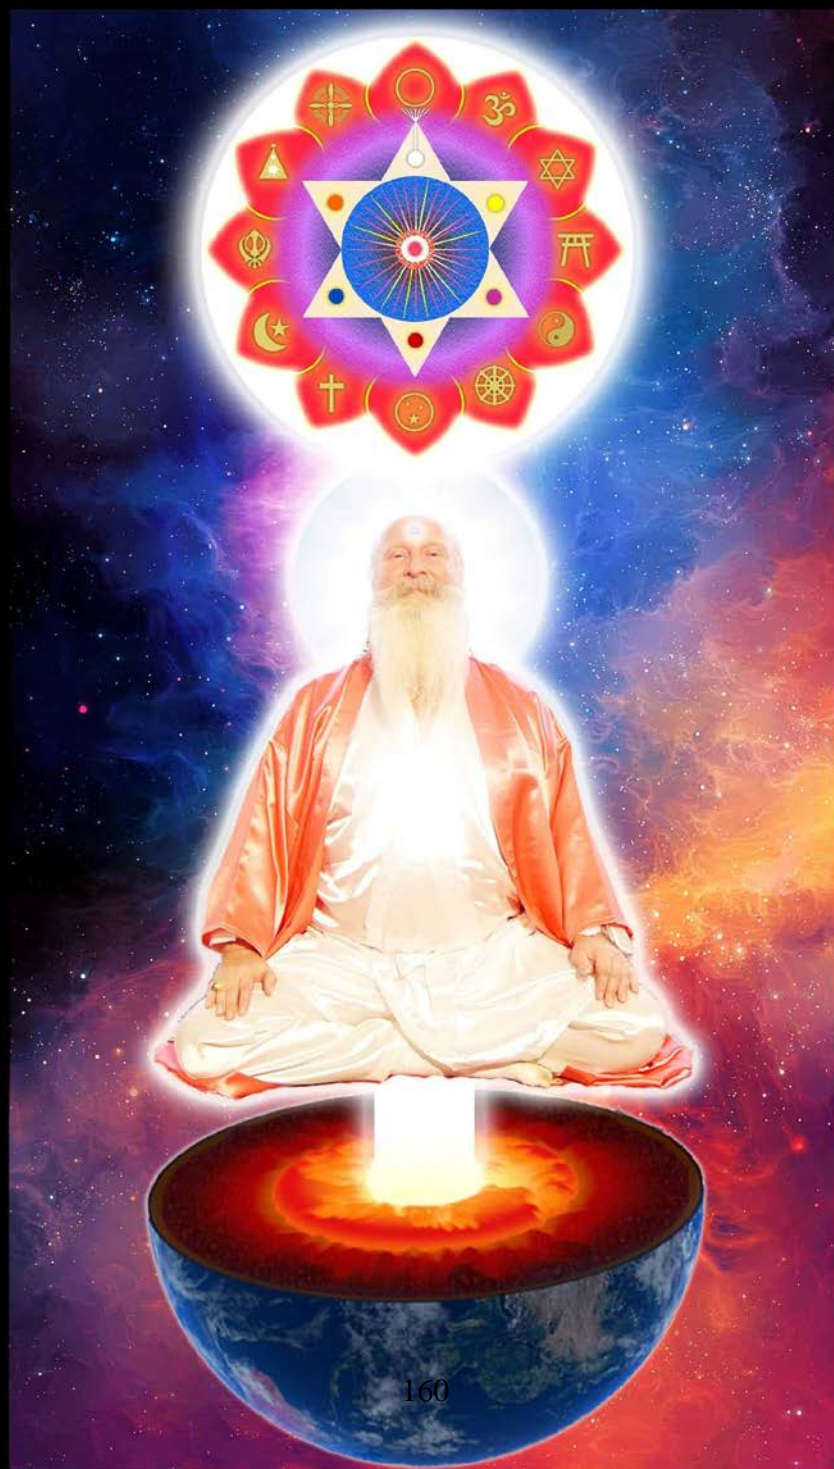

To be honest with you, I realized that something big was stealing energy from people when I nursed my parents for a couple of years. It happened four years ago. I tried to explain it to other people, but they didn't understand it at all. My mother was getting smaller and smaller since she started to help blind people as a helper. Instead, the blind people were getting more power.

Nobody knew the reason including my mother. She visited so many doctors. Finally, she was diagnosed with ALS. But I believed the blind people sucked her energy unconsciously. Then, once my mother passed away, my father was getting weaker and weaker, but his ego controlled him. I could see him through his eyes. He didn't write a will even though I asked for it. He suddenly got so angry with me, even though he was lying on the bed in the hospital. It was not him, but his subpersonality.

Now I had to find my brother, who is the captain EGO in order to complete the legal procedure for my father's death. He sucked all my father's money, even his pension and when I cancelled my father's bank card which my father gave to my brother to look after him. Because he didn't pay for the nursing home. He acted like a "poor me" and gave me harsh words, finally he blocked me. So, my personal experience told me that subpersonality matters are very important and probably the most difficult blockages to remove.

"Strike while the iron is hot.", right? I meditated and asked about blockages which were stealing my energy and had roots in my family's subpersonalities, including mine to my mind computer.

It showed them as black parts in the timeline. It looks quite big two blockages and many small ones. I started to remove the big ones. My mind computer didn't show the exact location. So I started the basic technique of filling all chakras with golden energy in the Level 1 technique which I watched in your video before I started meditating.

Wow, once I heard your voice, I felt so sleepy!!!! Actually, I couldn't keep opening my eyes, I slept for a while.... It showed there were blockages, right?

I woke up and started meditating despite my sleepiness. I heard your voice guiding me through the chakras. It was so powerful! I found something in my throat chakra, removing and cleaning my throat and lungs and filled with golden light. Then, I found really big one in my heart chakra.

I removed it and It was like an alien from the movie. It had a handful head and a small body with a long tail. I shocked it and pulled all cables and wires. It went down to the root chakra. I removed all suckers and cables from the chakras. Then, I looked down at the chakra below the root chakra. I saw a metal plate and it was big and long. I had to look at it from afar and a different perspective. So I looked at myself from far away.

I saw a large metal plate shaped like U-shape or channel steel. I was in the middle and the metal plate above the crown chakra and the metal plate below the root chakra. both metals are connected to another metal plate which is along my spine. Can you imagine? I didn't see something like big construction around me before. There were codes or strings attached. WOW.....

So, the first question is, "Is it possible to see bigger, more difficult blockages after removing the huge amount of blockages?" I expected to find nothing or fewer, small blockages this time. I've never seen such a big construction. Even I could see the hucks linking to my crown chakra and root chakra when I focus on my third eye. I could see more suckers along my spine.... Were they invisible?

Anyway, I had to remove them all with the seven steps. But how... I asked for help with angels. They gather more energy from the top to melt down it, while I was removing suckers.

We gathered and compressed them together. I asked my mind computer to assemble past lives related to these blockages. There were quite many. I scanned their blockages and I found the same aliens. So I removed them.

Some of my past lives I was burnt or drowned after the witch-hunting and trials. My past lives had traumas from betrayals, horrible trials, and yelling, horrible, even in some were sold as prostitutes.

I found the Black Magician, who had an old book and showed it to people to prove that my past lives were witches. It was a book called Malleus Maleficarum. Something like that. I caught him and fought with a sword. I grabbed him and asked where was his controller. He didn't tell me and I felt so much anger toward him. I killed him.

I recreated Merkaba protection and compressed me for sure. I searched for the controller. The past lives became light after removing blockages. They need special healing. But they helped me to search for the controller. I found it. It was like a space colony shaped like a quasar but looked metallic and artificial with many windows. I cut a circle around it and bombed it with lights. I caught the pilot and asked his boss. He told me the location of the planet his boss lived. Then I found it because I intended.

I love meditation! I can transcend time and space. I shocked the space colony and compressed it. Then, now the planet. I gathered golden light and white light from the top. I focused on my breathing and my third eye.

I cut a circle around it and wrapped it with lights. I filled the space with light. I could see more blockages in the space. Because they can't fill lights to them. I wrapped them and started to infinity. I placed constructs at the edge of infinity, sounds weird, but the edge.

I compressed all planets of blockages and used radiation to ground them into the centre of the earth. All grounded and burnt. they burnt so well.

Flame with heat went through all my chakras to the top. I have a fire element in my Antahkarana. Then, beautiful light came up. It was so bright, but soft at the same time, like a cloud with scent, a good scent of flowers.

Then, I saw the Virgin Mary with stars around her. It looks like the Miraculous Medal which I was given from St. Kolbe Kindergarten in Japan.

St. Kolbe established a school and kindergartens in Japan. The father was from Conventual Franciscans and my kindergarten was rebuilt after WWII by donations from American Conventual Franciscans during WWII. Now I remembered all, that I learnt and what I experienced there.

The Virgin Mary was graceful and full of mercy. She healed all our traumas of all of my past lives. I was just receiving her energy and felt traumas releasing....

I remembered the time I was praying every day in the church of my kindergarten. They had a garden of roses for Virgin Mary there. Then, I went up with her.

This time the space opened automatically. It was a beautiful place in nature. I could see the ocean far away. There was a little pagoda along the clear water lake. There is the beautiful woman I met before, sitting on the

lotus flowers. I sat in front of her and the Virgin Mary. We meditated together and connected all chakras. Then I opened my eyes.

Then that night I had a strange dream. I was in the cafe and there was nobody, but there was a pair of shoes near the next table. They looked like a loafer, for males, but not so big. the colour was greenish and beige, and there was no owner.

The next day, on Saturday, I went to a yoga practice, and after that, I had a lunch with a Japanese Kendo teacher who lives in Vienna. He came to Prague to teach us.

While eating Ramen, I started to talk about meditation, because of chakra functions. I told him that one chakra was working extremely well in my Kendo. He asked me which chakra. So I pointed to the place between my eyes. It rang a bell in his head. He told me about a strange experience.

About 15 years ago, he was in Japan, He was waiting in the city hall to pass the marriage document. There was a long queue there. Suddenly out of thin air, the old woman wearing red clothes with red lipstick on was in front of him. She was looking at his face and said “You have a weak chakra there” and pointed out his third eye. Then, she disappeared when he turned his head back.

After the Ramen restaurant, we went to Kendo DOJO in my car. When we entered the DOJO, we took off our shoes. I saw the shoes I saw in my dream. These were the shoes my Japanese Kendo teacher put on!

Then I realized that I was wearing a red outfit today. Actually, I planned to wear black, but something happened and I changed my mind to wear red.

I told him this thing after the KENDO practice, he said the red I wore was the exactly same tone as the red that the old woman wore. He wore these shoes because he was injured in his feet recently. Normally, he doesn't put on these shoes. He said I could foresee the future, while I thought I had blockages or Karma with him.

Another strange dream I had was that I was on the bus. There was an English friend at the destination. She was waiting for me. I was picking up my luggage, but there were so many things I got from my mother. Especially, instruments, books, clothes..... I didn't know why so many things on the bus. I had to bring them in a few times.

The second time I brought my luggage outside, suddenly there was a robot cleaning the road. It removed all my luggage. It removed all except me. After the robot was gone, I felt released and looked at the empty surface. Then I found a pair of shoes, which I saw in Kendo Dojo. Then the next day, on Sunday, the English friend called me that she would visit me at the end of the month. She would try to come to the city I live from the airport by bus.

I will meditate about those dreams tonight. It will see. I feel more difficult to remove blockages now. I mean difficult are different types of blockages, more structure, more mechanics, more space....

Thank you for taking the time to read such a long review.

THE TRADITIONS, THE VALUES, THE ETHICS, THE MORALS

That is to say that the World that was before is gone. The Traditions, the Values, the Ethics, the Morals that were given to us before by our Fathers, our Fathers Fathers, our Ancestors, our Masters. They are not only rapidly diminishing, they are now mostly gone.

Meditation has gone all over the World but is at risk of a deep dark sickness for there are those who have sought to use their strength and knowledge not for the greater good but for their own evil ambitions.

These are the Masterless ones, the Ronins, the ones who have broken the lineage. The ones who have taken new evil Masters whilst those people of

the most precious lineages to leave behind to us are forsaken, ridiculed and ignored.

Meditation is not just for the people of the East, it's for all people as all Meditations are for all people.

Lastly I just wanted to say it has been my honour to be alive in the time when real Masters have walked here where I have been able to walk. To listen to them when they have spoken and they have led all of us to where we are today.

“There were Giants in those days”

All of us here - if we can devote every last breath we have to the propagation of trying to protect the last bit of unbroken lineage and commit our lives to helping the innocent, the needy, the defenseless, setting an example of humility and service for the generations to come, then Meditation may survive us all.

All of these words today, that we have all spoken have been worth something and our prayers will not be empty...

Utilising the Energy Enhancement Meditation Course Seven Step Process to remove energy blockages and the Energy Enhancement Meditation Course Karma Cleaning Process Yuko has cleaned her Antahkarana, all her previous lives and made contact with the Buddha Maitreya and his monks living in the chakras above the head whose aim is to help all meditators who come to them.

Using these Energy Enhancement Meditation Course techniques and an open third eye Yuko has removed a lot of her Trauma and negative emotions associated with her divorce.

Hello

Yuko,

We have been in Rosario this last week and it has been hectic.

Finally I got around to editing the Devi Dhyani Birthday Sacred Dance Sathya Sai Baba and Jeff Beck Nessun Dorma, "Wake Up!" January 17th 2023 Mitos y Musos - the Greek. Sacred Dance, like all productions by the Masters increases the Aura of Devi to disturb the Energy Blockages of those viewing, but also to initiate!

See the video of the Sacred Dance here...

I was wondering how I could help you more as everything seems to be going well.

Just to remind you that Black Magicians on the Astral plane sometimes hide behind the faces of Jesus Christ and the Buddha.

Genuine Ascended Masters love being tested and sometimes give presents when you test them.

If you project energy at them which we taught you in the Energy Enhancement Course Level 1 Initiation 5 you can see if the energy goes up or down.

You can do this same technique with people here or on the astral plane.

You can also do it with food. Since we started looking at food in the supermarkets and projecting energy at it we find that 80% of the food is pesticided - even some organic food!

Using this Energy Enhancement Course technique we can avoid pesticides...

Polio paralysis had become a notable illness in America by the late 1930s, but its incidence then grew very rapidly after the end of World War II, while outbreaks also began to afflict countries such as Germany, Japan, and the Netherlands, where it had previously been unknown. The first epidemics in France, Belgium, and the Soviet Union were only recorded during the 1950s. Medical historians have no explanation for this strange pattern, which elevated polio to a particularly fearsome disease even as so many others were finally being controlled and disappearing.

The authors note that a pesticide revolution was occurring at exactly this same time, with DDT becoming the global insecticide of choice, an inexpensive, powerful, and long-lasting compound that attacked the nervous system of common agricultural pests. **Although the chemical was officially judged completely safe, early reports did show some examples of apparent toxicity to humans, even including paralysis as a symptom.**

According to some medical critics at the time, the pattern of surprising growth in polio infections both in America and other countries seemed to generally track the widening use of DDT, but the Department of Agriculture and other federal agencies strongly denied any possible connection.

Yet according to the information provided in Kennedy's #1 Amazon bestseller, this well-known and solidly-established picture, which I had never seriously questioned, is almost entirely false and fraudulent, essentially amounting to a medical media hoax.

Instead of being responsible for AIDS, the HIV virus is probably harmless and had nothing to do with the disease. But when individuals were found to be intoxicated by pesticides they were said to be infected with HIV and they were subjected to the early, extremely lucrative AIDS drugs, which were actually lethal and often killed them.

The earliest AIDS cases had mostly been caused by very heavy use of particular illegal drugs, and the HIV virus had been misdiagnosed as being responsible. But since Fauci and the profit-hungry drug companies soon built enormous empires upon that misdiagnosis, for more than 35 years they have fought very hard to maintain and protect it, exerting all their influence to suppress the truth in the media while destroying the careers of any honest researchers, like Dr Judy Mikovits, who challenged that fraud.

Meanwhile, AIDS in Africa was something entirely different, probably caused mostly by malnutrition or other local conditions.

I found Kennedy's account as shocking as anything I have ever encountered.

Also, here we have the Conscious Contamination of the Cell Lines of the Polio Vaccine by Salk and all vaccines after that for the Satanic Mega Trillionaire Rockefeller's Big Pharma with SV40 Cancer Virus makes Trillions of Dollars as millions – 700 millions of people die in agony at the behest of the Satanic Phoenician Mega Trillionaires in order to make trillions of dollars for Rockefeller Big Pharma.

When we project energy at people or food if the energy goes down, down means they have something to ground, they are contaminated, not pure.

Which means they are not pure, not genuine!

LIPSTICK!

Dearest Satchi,

How are you? Have you recovered from your trip? I hope you and Devi

gained energy again.

I've been working hard on my inner children and trauma split soul subpersonalities for a week. I found so many of them and removed, grounded, healed and united them, fused them, into the soul.

I focus on the process and enjoy meditating. Your Energy Enhancement Meditation Video Course videos positively encouraged me in this process, I watched Level 3 - Initiation 3, the removal of the Shadow, inner children, subpersonalities.

And thank you for your advice on testing out the people, sages, enlightened, Gods seen in meditation just in case they are really demons hiding, infiltrating just like Sadguru.

Here is Sadguru at Davos saying there are just too many people just like Agent Smith, "Humanity is a virus and we are the cure" - https://against-satanism-video.com/watch/sadhguru-pushes-the-satanic-idea-that-there-are-too-many-people_xaRyUnWOnowWvsR.html

I tried projecting energy on the day you sent it. It worked well! So I will report to you.

It will be a long review again. Please get some tea and relax to read all. :)

On January 22nd, I created a nice open-air place on the top of my Antahkarana with blossoms of violet Japanese wisteria for a kind of ritual. Because I was born in Aquarius and Japanese wisteria was my family flower, which we have on our surname and family crest.

I sat and crossed my legs just under the massive Aquarius full moon. I directly received the energy from Aquarius constellation. Everywhere was filled with violet colour with a gigantic full moon. It was so awe-inspiring, protected and cosy. I cleansed my Antahkarana and rebuilt it with

Amethyst crystal which is my birthstone. It became so thick and strong with beautiful Amethyst crystal which provided massive energy I'd never received. Wisterias were crystalised in Amethyst to decorate my Antahkarana. So, I decided to visit my gods to give these crystalised flowers with beautiful energy as my sincere gratitude. Firstly, I visited the massive temple, where monks maintained my armour and I could see Future Buddha, Miroku Bosatsu and Buddha who gave me a lotus flower to protect my root chakra. Probably, this place might be Monad. Don't you think so, Satchi?

I gave flowers to monks to thank them for always taking care of my armour. They decorated it with these flowers. I put it on my sleeves. It was soft like silk but strong like platinum against heat, now it had patterns of Amethyst wisteria flowers. I love it.

Then, I entered the back room. When I passed the flowers to Future Buddha and Buddha while bowing, I felt a subtle hesitation from them, perhaps energy from the Aquarius full moon, and it prevented a connection from me.

Then, your advice popped up into my mind. "Shall I test them, Satchi?" Was it OK that I was not sure to test them in their temple in Monad? I said politely that I would like to share the energy from the Aquarius full moon through my newly rebuilt-Amethyst Antahkarana with them. I sent energy while receiving energy from the crown chakra and focusing on my third eye.

Then, they went down!

I immediately circled them with my sword, held their shoulder and jumped into the centre of the earth. It took a while, so I chanted the Heart Sutra to ground them and to avoid a slight doubt about the idea to test them. It was not enough, so I projected the handwritten copying of the Heart Sutra in calligraphy which was given by my mother on the background.

It was highly dramatic to see Chinese characters through flame feeling intense heat even burning my blockages. Eventually, they turned into angels, looking like a male and a female. I am not sure they have genders. I named the male angel Gabriel because I heard the voice calling me "Gabriel" on the full moon two years ago when I decided to divorce my husband.

I named the female angel Agnes because I was given this name when I was in kindergarten established by the Knights of the Immaculata.

We held hands together and flew up to the top of my Antahkarana. We created a hot spring bath welling up Shakti through my spine using the heat of the centre of the earth. They helped me to construct it. Now my Antahkarana was so cosy. I held a tea party while enjoying hot spring bathing. I was charged so much!! I opened my eyes and went to sleep.

After this test I had two strange dreams. Both were lucid dreams. Two scenes particularly alarmed me.

Lucid dream one:

In my dream I was woken up by my male friend who had been to my dream a couple of times. In real life, we had a sudden bitter argument over the phone last summer. I hung up during the argument, then he blocked me. I meditated about this argument and him for a month time to time.

I grounded blockages and negativity related this. So I deleted his contact a couple of weeks ago. In my dream, I saw his face. He was naked and had a happy smile on his face. Because of the scarlet red lipstick, he said. I looked at his face, but he didn't put on the lipstick. I looked down and I found a big scarlet lipstick.

It was his penis! And he asked me to make love. I had a blank mind for a while. It was clear that it was a lipstick by the touch and the bright red colour on my palm. He looked so happy that I nodded. Once he saw my nod, he suddenly made a troubled face and started making excuses. It reminded me of the conversation over the phone last summer. I didn't feel any negativity, just I understood this was his trauma, ego or subpersonality.

Then I awaken in real life. It was early morning. Satchi, "Do you know the symbolic meaning of red lipstick?" It was such a weird dream.

After sipping a cup of tea, I sat and crossed my legs on the bed, meditating on this dream. I created protection by Merkaba, connected to Gaia, the earth, then the universe and the Aquarius full moon.

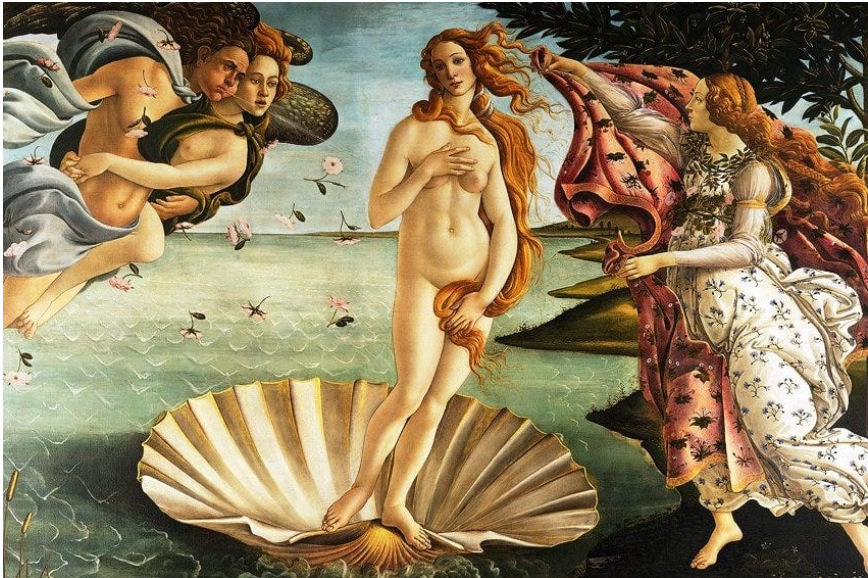

I asked my mind computer where the source of this dream came from. It showed throat chakra. Then, I could see some black spots in my timeline.

I started from my throat chakra. For several weeks I have had a sore throat and pain when swallowing. I thoroughly cleaned and removed the pain. Then I found a hidden hole behind it. I entered. It was cold and dark, it was obvious that nobody visited this place for a long. I focused on my third eye.

Then I found a little girl around 10. My female subpersonality. She looked so sad, neglected rather dirty holding a sharp-edged stone in her hand. I said hello to her, but she didn't talk to or glanced at me. Through my third eye, I understood she scratched my throat from inside. Because she

stopped talking a long time ago, she had to scratch my throat when she wanted to say.

I transferred energy to her. She was hungry for it, she drank so much. I gained more energy pouring over her. The energy was spreading over the hole, plants were sprouting and it was getting warmer. She grew up. She was like the Birth of Venus by Botticelli.

I was about to circle her to ground her, she jumped over me. She yelled at me, this was my fault she felt so sad. She wanted connections, attentions, and love. But I cut all connections, finished relationships and changed friends.

She was on top of me and choked my neck. I wanted to fight back, but I was not sure it was the right thing to do. Satchi, can I fight against my inner child? I must heal her, not fight with a sword, right?

So, I endured her, I could not speak like her. I understood how she felt hiding behind my throat chakra scratching my throat. Tears were flowing...

Then, Virgin Mary came. She said to me, "Forgive her and yourself. Say to her and yourself through your throat chakra, "Thank you, I am sorry, Please forgive me, I love you." "Don't worry, I will help you. This is not the end of your life, it is the beginning.... Say it!"

So I did. Then, Virgin Mary grounded us. My inner child became a beautiful soul that looked like the Birth of Venus. We flew up really high with Virgin Mary. There was a pagoda on the hill in the middle of nowhere overlooking beautiful forests and a big ocean below. The woman on the lotus flower was sitting with a smiling face. We sat together in front of the Virgin Mary and meditated. We connected all chakras.

I understood the woman on the lotus flower was my higher self and the soul looked like the Birth of Venus was my feminine side which I was hiding for a long time because of my strict mother who never encouraged feminine side. Moreover, she did so because of Karmic mass.

While exchanging energy, histories and memories, Virgin Mary was pouring love on us and wrapping us up. We were united. I opened my eyes and back to sleep.

On January 23, in meditation, I cleaned my throat chakra carefully again. It remained a bit pain, but it became much better. And the hole had gone. So, I looked at the timeline. There were only a few grey spots. I circled all and I shook them and washed them. I drained the water and compressed it and performed the Energy Enhancement Meditation seven step process.

The Two angels I freed from the demons, Gabriel and Agnes helped me. We grounded all up to infinity. Nothing came up, I felt a bit strange. Then we enjoy hot spring bathing together looking at the moon on the top of my Antahkarana. I charged energy again and went to sleep.

Lucid dream two:

In my dream I was woken up by my father. I was happy to see him, but he was frustrated. He blamed me for money and power he lost. I was not sure what he was talking about. He looked at the sun clock in the garden and he tried to take my clothes off. I resisted and I understood he wanted to throw me out from home without clothes. Then somebody knocked the door. There were two men, one was holding sticks which had a metal shaped a crescent moon on the top. They were devils!! He sold me to the devils for the things he lost. My father sold me... I woke up. It was at 4.44.

On January 24

It was a quite shocking dream. I drank a cup of tea, earl grey with milk. It must be the past life experience which explained well why I had anger to him up in the air. Then I went to work. I completed the work deadline. I felt tired mentally that evening. I had dinner at 19:00 and around 20:00 I started meditation.

I had a big task about the dream I had last night. I Started by creating protection, Merkaba and constructs, I connected to all chakras including those below and above also. I connected to the Aquarius full moon from the top of my Antahkarana. I gained energy. I was ready for my task. Let's go!

I asked my mind computer to show when it happened. It showed in the Roman era. I circled it and started 7 step. I didn't want to indulge in the detail. I circled my father and the two devils, then the devils turned into my mother and my brother. But they did not look like her and him.

They looked different, but I knew them. I poured energy. They sucked so much energy. It made me realise how much we needed love. We should have loved each other more. I could not withstand the line of tears slowly slipping down my cheeks. I focused on connecting to the energy they needed. Then they started opening their hearts. I connected to them. All sorts of their feelings, emotions, memories flew into me. I circled them one by one.

This action reminded me a Kendo practice which everybody lined up in front of the practitioner and attacked one after another, and the practitioners attacked back and hit them.

I asked my mind computer to ground them immediately. We were all victims of each other's ego and sub-personalities. And we repeated this endless game so many times by changing roles in our past lives. Every lifetime we created split personalities.

Now I could see their split personalities in their heart chakras. They are hanging like roots of potatoes which were all their split subpersonalities. I could see mine in my heart chakra which were hanging down like potatoes into even my solar plexus. I circled all and compressed in my palms and grounded.

Then, I could see all their past lives were lined up below them. This is called Trauma-Formed Negative Karmic Mass, like chains. Satchi, this is it! We all suffered because of these chains. How can we ground them all? We must finish this Karmic mass, but how?

Then, Gods came down to help, Future Buddha, Buddha, Patanjali, Virgin Mary, Gabriel, Agnes and Angels... and you Satchi! pouring energy to us.

I was holding hands with my mother and father. I understood they tried to do their best. My father was suffering from the trauma which he received when his father abused him when he was drunk. He was so worried about the possibility of him abusing his children like his father.

But he didn't. He worked hard and supported family even he was addicted to alcohol. And my mother tried to protect me from being sold by her husband like her past life. By being strict to pressure me to study hard so I could be independent. She also had many traumas and inferiority from her family background.

Amazing, I could see all of this from their perspectives which were strikingly different from my own.

Now we were sending energy to my brother who is the black sheep in our family in the current life time. I asked for help to give to all the past lives of our family. We could ground his ego and sub-personality. "Forgive all and yourself." said the Gods who were helping us now. So I forgave them. Actually it was not a big matter after grounding huge amount of ego and sub-personalities.

Then many souls came up and all went up looking like shining snow flakes. All went to the hospital of Virgin Mary. Finally I was lying down on the grass out side of the hospital. I was completely empty like empty sky in the heart sutra. I fall into sleep.

I had a dream after this incredible meditation experience. It was not a lucid dream, because nobody woke me up.

I was flying with my brother riding his motorbike to catch up with the train. We arrived in the train station. His ex-wife was waiting for him on

the platform. He apologized her and they decided to go for trip together. She looked happy.

Then on the another platform, there was my mother with her friends. They would go for trip too. She looked so happy.

Then something caught my mind. I have still something to ground. There is another Karmic mass attached to my ex-husband and my daughter. And more, where is my father? I decided to stay. But I was not worried or sad, I was calm. Because I knew I could handle those too. There was no Poor me, or Star or Sadness or Destroyer in me. I hoped I was close to be One. Then I woke up.

Satchi, probably, I guess, this was a present from God which you mentioned, isn't it? Thank you again. You always give me the right advice at a great timing. I will keep going.

Hello Yuko,

I am very proud of you and your work.

It makes life interesting to have a purpose?

But know that the work of evolution is never complete.

There are higher chakras than the monad and each deserves a higher responsibility.

Pictures from Devis birthday in Rosario.

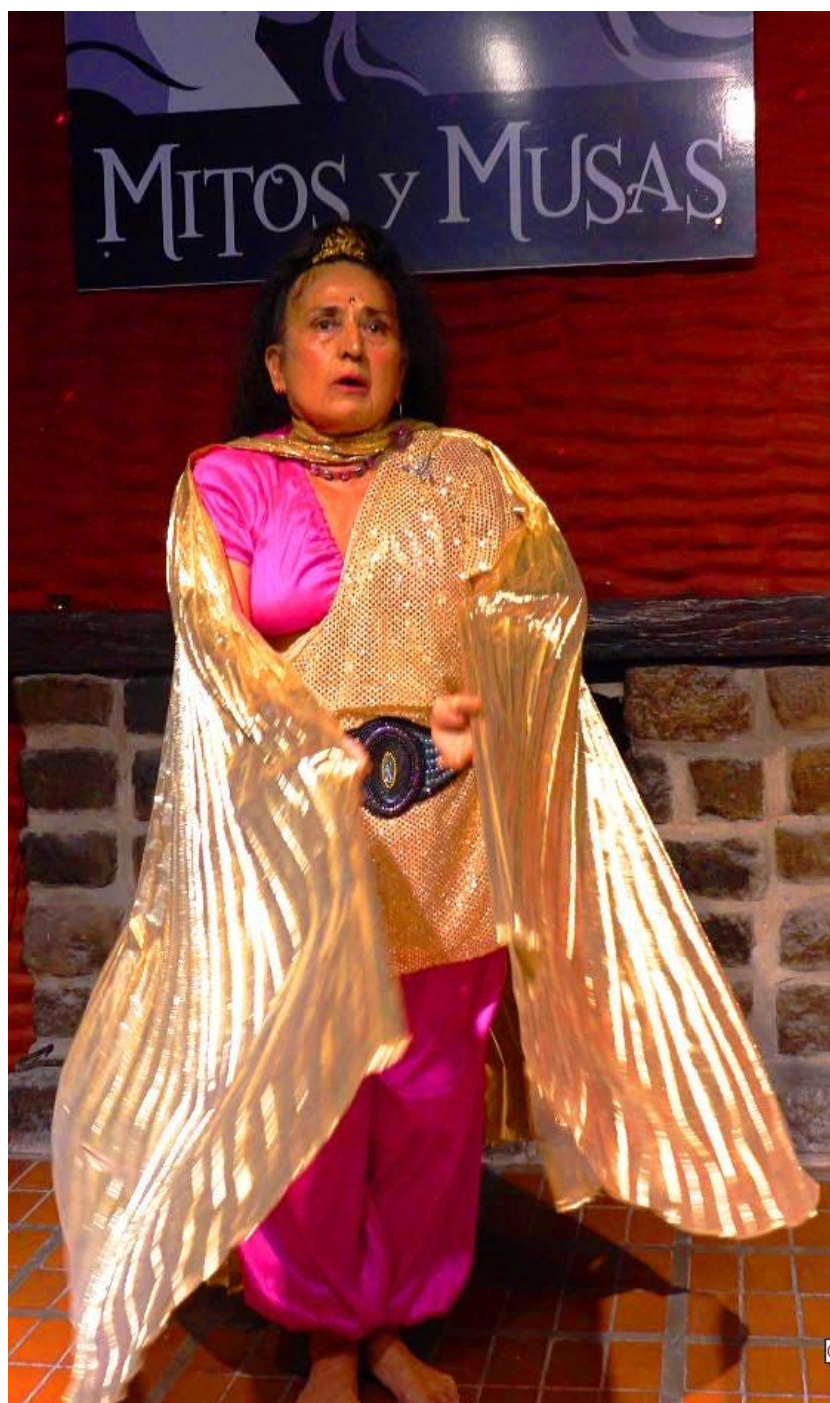

Devi and I went to Rosario in Argentina from Iguazu for her birthday on the 17th of January 2023.

There we had many celebrations - in the Hoxton and in the Greek Restaurant Mitos y Musas where Alexander the Great, the owner and I talk about the Warriors of the Dance - Los Guerreros de la Dansa - where we smash plates on the floor and Alexandros performs the Sacred Dance where a glass of wine transforms into the Holy Grail, the blood of Christ, and is drunk sacredly, without touching, at the end of the Dance.

We talk of spending days at Mount Athos Monastery in Greece where monks have worshipped for a thousand years and of my time at the Monastery of Monserrat just outside of Barcelona in the Mountains of the Moon...

She danced and sang Sathya Sai Baba's songs and to Nessun Dorma by Jeff Beck "Wake Up!"

Devi Dhyani Birthday Sacred Dance Sathya Sai Baba and Jeff Beck Nessun Dorma, "Wake Up!" January 17th 2023 Mitos y Musos - the Greek

We also spent a day recording a talk about Devi's creation of the 2 hours and forty-five minutes dance of Pulse by Pink Floyd and how she made it into "Sacred" Pink Floyd.

One example is the song High Hopes from the Pink Floyd Division Bell album where the British Parliament Ring the Division Bell to divide to vote on one side or the other.

I likened it to listening to the Dark Angel on the left shoulder whispering in your ear and the white angel on the right shoulder also whispering in the other ear and you will vote on the subject depending on the quantity of dark evil energy blockages you have absorbed, been implanted into, your body.

There is much talk online about evolving from the third to the fifth dimension where people will go to different future planets depending on their evolution, whether they pass the test in the Examination Hall of this Planet Factory designed to create Enlightened beings and I was comparing this to the division in society between those who took the Deathvaxx and those who didn't.

Then there is the Dark Crystal Movie division where we are split by trauma into multiple subpersonalities and as we evolve we learn how to heal each subpersonality and fuse each of them into the Soul to become One Enlightened Soul Infused Personality.

"Don't ask me how to become a good person, Be One!" Marcus Aurelius

Of course Pink Floyd talk about how we start off as a clean white sheet where the World is wonderful but as our karmic history painting gets more muddy so we become Comfortably Numb as we lose sight of our Soul...

"When I was young I caught a glimpse out of the corner of my eye, I turned to look but it was gone, and I have become Comfortably Numb" Comfortably Numb by Pink Floyd

Yuko Sato

Hi Satchi.

Thank you for happy pictures and please pass a big hug to Devi for her birthday! Happy Birthday, Devi!

I will watch her dance later. I am looking forward to it.

When I watching your video, my heart is connecting you two and all your students. It is so nice to listen to their experience and your initiations. It motivates me well in a good way. I will move the Level 3-initiation 4 next week. I will clean my timeline and inner children over the weekend for sure.

I was in Alexandria in the Roman era in my past life. This is the city the great Alexander created, right? I can imagine the restaurant you've been and the dance you saw, the sound you heard.

I had an interesting experience in meditation and dream after sending email. I must tell you about it and tell me what do you think. It is topical.

On January 27,

After sending an email, I meditated. I created protections, pyramids, Merkaba, and constructs. Those three provide me with stability and strong protection, especially from raids and raiders. Also, the speed of spinning is related to the frequencies of chakras. I Started to slowly connect to the centre of the earth and the chakra below which was created to burn extra when I burnt a tremendous amount of all sorts of negativity.

Those frequencies are low and vibrations are slow and heavy like elephants stamping. Then I bring those low, slow and heavy sensations move upward. The chakra below the root chakra. As you mentioned about it many times, it is an essential key to connecting to my timeline. My timeline lies there in 5D up to infinity and it connects to my mind computer, so it can be rewritten in an instant after removing blockages in the auto function.

It is very flexible. When I transfer the sensation from the centre of the earth to this chakra, it starts pulses which is the rhythm of my history in the earth. While listening to this, I well up shakti and create hot spring spa using heat from below and vibration from above. This is the place for my ego, inner children, and sup-personalities to be grounded. I didn't feel right to ground my inner child in the intense heat of the centre of the earth. They were purified by shakti water with that sensation in this spa. It worked well so far.

Then I transfer the sensation to the root chakra and at the same time, It activates Mula Bandha which swells the sensation to the bottom of my spine. I gradually increase the speed of spinning of the Pyramid and Merkaba protections. Activating the spine allow me to activate all chakras

and clean them through the sword which was given by Patanjali who inserted it from my crown chakra to the root chakra.

This sword is incredible because it sucks all negativities. So, when I pull out this sword from my spine, I can burn all negativities in the centre of the earth and purify in the spa. It also works very well. After replacing the purified sword back to my spine, I well up shakti through my spine along the sword. Then splash from my crown chakra. It is so soothing and refreshing activity to cleanse the aura and the entrance of my Antahkarana which I rebuilt by Amethyst Crystal absorbed the power of Aquarius Full moon.

Once I cleaned the entrance, I connect to the universe to receive energy. I place the Merkaba inside of my third eye. Then I spin it so fast. It can gain more energy and use it to expand Merkaba to protect me. Now I am ready to take off. I can go anywhere once I imagine. This is my favourite part of meditations.

I flew up to the top of my Antahkarana. It is my violet heaven spa. I sat on the spa and meditated. Then the space opened and showed the new passage. I went up on it. I arrived on the planet, probably one of the Aquarius Constellations. It resembles the earth, but it was not. The architecture has a streamlined shape and different plants and trees in nature.

I was invited to meet special people. They knew me. They scanned my brain or Antahkarana, or mind computer and enjoyed it. They especially laughed so much about my lucid dream about lipstick. They said that it was a good sense of humour. And they praised me for my progress in meditation. They asked an engineer to connect them to me through my appreciation of my mind computer.

Do you remember I downloaded the application a month ago? This was for this purpose. So, he brought me to a special place to maintain my mind computer so I could be relaxing. After that, he brought me to the massive cave where they can strengthen my Amethyst Antahkarana by harmonizing with a Queen of Amethyst crystals. It was an amazing place filled with Amethyst. No, probably it was a mine of crystals. I was lying down there and fell asleep. It was cool to sleep in meditation.

In my dream, my mind computer showed the connection to them all the time. Then I received the message. It showed "a triangle and square shape". ??? I thought they are talking about protections. Or I felt they are talking about types of people, like a triangle type and a square type.

I guess I must protect myself all the time. Don't you think so?

Everything is in sync now. I was woken up by the phone from my aunt. She found my brother who blocked me and disappeared. She will help me to get the delegation for my father's will. It was such a gift for me and my father. I can close all his matter and he can sleep peacefully. My brother wanted to know the last few years of my parent's life. I will write a letter after I ground my father's negativity. I feel he has some more to ground. It will connect to my brother's remaining ego. Then, highly likely I could remove our Karmic mass. I will keep working, Satchi! it is moving forward, in a good way! Thank you so much.

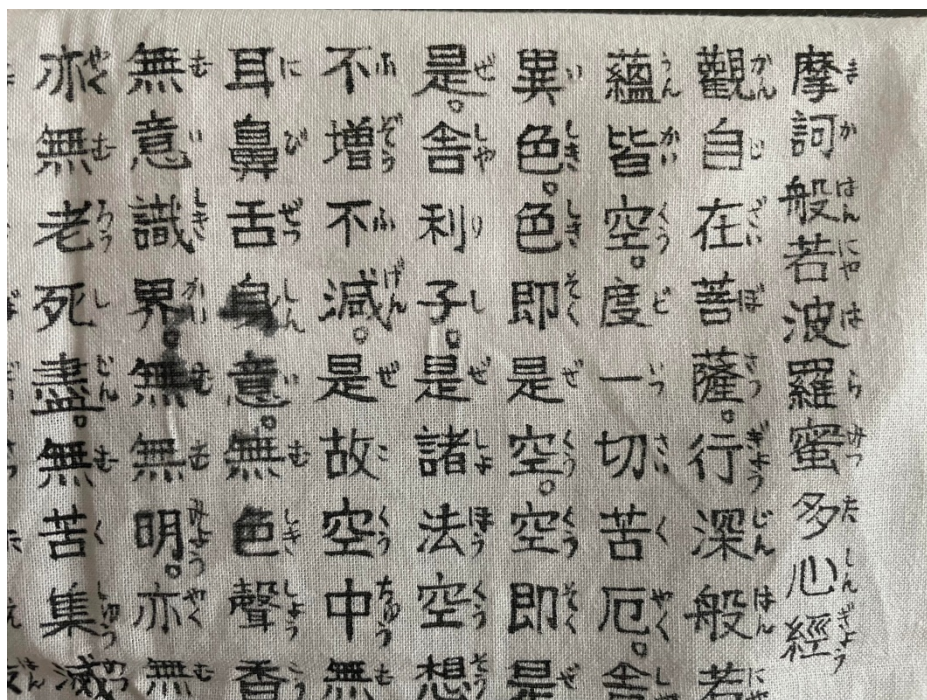

This weekend one of the fans of my story will come to Prague. She read my story of the Full moon, I talked about it in a previous email. Then, she decided to split her alcoholic partner and she quit drinking alcohol and anti-depression pills. She said that since then, her life is moving in a better direction. She wants to try meditation with me in Prague.

Also, another friend of mine practices yoga and meditates regularly after meeting me. She said that my action inspired her a lot. Satchi, I am influencing people to meditate. We are planning to experience the sadhanas on February 18th. We will meditate all night long without sleep. Isn't it nice?

Listen, my Kendo teacher has started meditating. Because he wants to open his third eye. Then, I told him that he can not open his third eye when he really desires to open it. This is your ego. Opening the third eye is the entrance to the long path to being enlightened. It will open when you are ready. I can't believe I said that. The words just flew out of my mouth. It might be one of the purposes of my life. Anyway, I am busy removing my blockages and grounding negativities. I will keep going.

Take good care of yourself and Devi

I attach the photo of the handwriting Heart Sutra in calligraphy by my mother. I am thinking to do the same. I am trained to handwriting in Calligraphy. It will protect you from evil spirits.

Love and light

THE STEALING, THE HARVESTING OF YOUR SPIRITUAL ENERGY IN THE WACHOWSKI'S JUPITER ASCENDING

THE STEALING, THE HARVESTING OF YOUR SPIRITUAL ENERGY IN THE WACHOWSKI'S JUPITER ASCENDING JUPITER ASCENDING OVER THE OLD GOD SATAN OF SATURN Some of the Luciferian Panspermian theories on the origin of the human race hold that our distant ancestors were placed on this planet by beings from outer space. "Jupiter Ascending" takes such ideas seriously, pres...

I was saying that in the movie one family owned the earth, there are thousands of planets, and thousands of Families of black magicians each owning a planet.

If we say that this family in the movie who own the earth called Abrasax are really the Abraxas demon then if they are people who learned to leave the body and live in private universes on the Astral plane, then these dark god black magicians vampirise the people of the Earth so they can live.

The only way to become free is to become enlightened, no energy blockages, fused with higher and higher chakras..

Strong enough to defeat any demon.

Strong enough to eventually live out of the body as an Angel.

This we are learning to do!

The soul is the first chakra above the head. So we're getting this circulation of the energy down from God, down the front of the body, down to the center of the planet.

All the negative energy is burnt up in the center of the planet and the purified energy comes back through the body and is sent up into the center of the universe.

Alchemy Bhogar, Babaji, Yogananda, Zen Master Hogen, Bhogar.

Swami Satchidanand, one of my teachers, Tamil Siddhar from the south of India. So when we are talking about paradigms, when we're talking about energy blockages, then anything which is negative can be dissolved and transmuted into positive energy.

Thus making the implantation of positive Thought Forms from the conscious mind down into the heart, into the subconscious mind, an easier process.

Sometimes we have to repeat and mantra-ise these positive thought forms thousands of times, days, months, weeks, and years before we can see the results.

But with the Energy Enhancement ability to get rid of those things which are preventing the implantation of positive thought forms, we can Speed up the Process.

Energy Enhancement Meditation is a video course which we created a few years ago, 75 hours. It has in the first Level all the Kundalini, Kriyas. But more than that, in level Two, Three and Four, we move into a process even more powerful than VITRIOL, which is called the Energy Enhancement Seven Step Process to remove even the deepest energy blockages.

With Energy Enhancement, you can remove the deepest energy blockages, but also you can implant positive Thought Forms deeply into the conscious and subconscious minds to make these things work.

My own experience of using a positive thought form was when I focused my third eye on this third form using the Seven Step process, and I grounded all the negativity in it that was preventing me from working with that thought form. I found energy blockages around it, which I had to ground.

And then the thought form was accepted very easily. It works, it works better, it works faster, it works more efficiently. And if the people who wanted to implant these positive Thought Forms within them wanted to use a higher technique than Mantra Meditation, then it would be to their benefit tremendously.

So I think I will finish my talk at this moment by saying that the Energy Enhancement Meditation Course is in four levels, 28 initiations, each of them with a video. Very simple to do. It's not rocket science, but in order to do it, you need to join the 05:00 Club or the 06:00 Club, because a daily meditation is necessary.

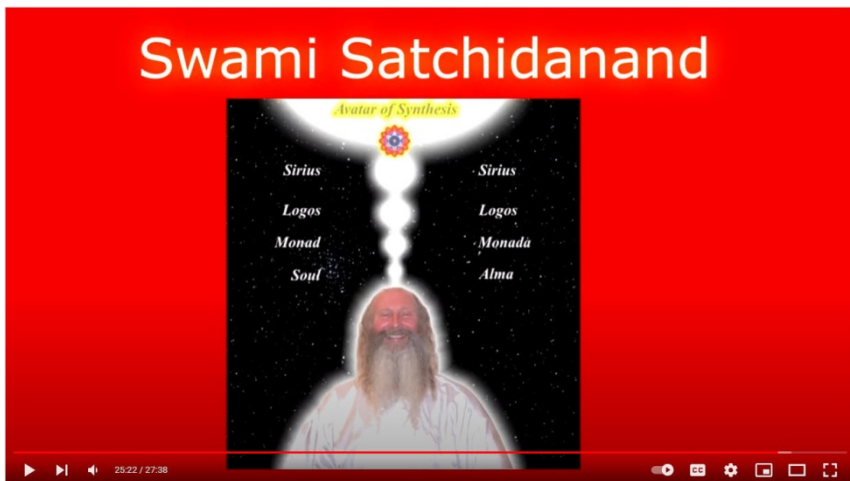

It's not just fear that we're removing.

With this course we are removing all the blockages, all the Karma, you know, the Karma Cleaning process of Energy Enhancement Level Three is a fantastic thing to go through. You go through all of your past lives as you remove blockages along the timeline.

So sometimes if God wants it, he gives you a vision of what caused the blockage in the first place and says, don't do that again.

It's a wonderful process for you to go through. It gives you so much energy. It removes everything which is holding you back and allows the implantation of positive thought forms much more easily than with any other method.

So thank you very much.

YUKO SATO..

Here is one of our Students Yuko Sato working with the Energy Enhancement Meditation Course Advanced Meditational techniques using the Kundalini Kriyas, Achemical VITRIOL, and the Taoist Five Elemental Circulations of the Qi to increase her Spiritual Energy, Open the Third Eye to see Energy Blockages on the Astral Plane and by Using the Seven Step Process and Merkaba Psychic Protection remove Energy Blockages and implant addiction blockages from the Psychic Body and All of her Past Lifetimes.

The Astral Plane is a Psychic Plane of Virtual Reality which is viewed through our cultural lenses. As Sosan the third Zen Patriarch says, "They Know!" and our students are not beginners, they have many lifetimes of experience navigating the Astral Plane. Many Times my students teach me!

Many times we get help on the Astral Plane from Spiritual Teachers and Angels as we remove our Traumatic experiences so our messy history painting can become a clean white sheet again..

"This afternoon, I invited my ex-husband and my daughter for Sushi brunch at my place. I was amazed at how much I was calm and relaxed this time.

Because I had removed huge blockages from both my ex-husband and myself from our throat chakras I also seemed to have removed my self-importance. Also, because I had removed blockages from my past and future timelines on which my daughter was there I was able to have a relaxed conversation with my teenage daughter!

I was Impeccable!

Any of their negative attitudes didn't affect my mood at all. They were quite the same as always, for instance, my ex-husband often used his iPhone and my daughter sometimes didn't reply to me.

I had just changed somehow by using Energy Enhancement Meditation.

I could see the situation above, objectively from a different perspective without the trauma from previous memories. I focused on their presence when I enjoyed making Sushi for them and spending time with them. I stopped thinking about myself and why they did such things.

It was pretty good."

Utilising the Energy Enhancement Meditation Course Seven Step Process to remove energy blockages and the Energy Enhancement Meditation Course Karma Cleaning Process Yuko has cleaned her Antahkarana, all her previous lives and made contact with the Buddha Maitreya and his monks living in the chakras above the head whose aim is to help all meditators who come to them.

Using these Energy Enhancement Meditation Course techniques and an open third eye Yuko has removed a lot of her Trauma and negative emotions associated with her divorce.

Wow!

Thanks for these reports..

Yuko doing really good!

The process of enlightenment continues

As we fuse with higher and higher chakras above the head...

Soul infused - First Dan

Monad infused - Second Dan

Logos infused - 3rd Dan

Sirius infused - 4th Dan

Avatar of Synthesis infused - 5th Dan

So we become more enlightened...

So, our Heart Opens until it becomes the Heart of Christ...

I didn't want to burn them in the centre of the earth, I wanted to heal them

Burning is the burning away of dross from the gold ore.

"Gold, the more you heat it, the more it shines" - Thiruvalluvar

Gold, the true you, can not be burned.

Only the dross, the trauma formed negative karmic mass can be transmuted into pure perfect spiritual energy - gold - by the Energy Enhancement Meditation Alchemical VITRIOL, Kundalini Kriya, Five Elemental Circulations of the Qi Taoist Orbits, Bhogar Tamil Siddar, Babaji and Patanjali Samyama Process.

"Gold, the more you heat it, the more it shines" - Tamil Siddar Thiruvalluvar

We visited the Ashram of Tamil Siddar Bhogar - the creator of the Kundalini Kriyas - who transmigrated out of his body and into the body of Lao Tsu in order to teach the Five Elemental Circulations of the Qi Taoist Orbits to the Chinese - at Palani Hill Temple in Tamil Nadu in India last year to pay our respects.

Devi Dhyani Birthday Sacred Dance Sathya Sai Baba and Jeff Beck
Nessun Dorma, "Wake Up!" January 17th 2023 Mitos y Musos - the Greek

We also spent a day recording a talk about Devi's creation of the 2 hours and forty-five minutes dance of Pulse by Pink Floyd and how she made it into "Sacred" Pink Floyd.

One example is the song High Hopes from the Pink Floyd Division Bell album where the British Parliament Ring the Division Bell to divide to vote on one side or the other.

I likened it to listening to the Dark Angel on the left shoulder whispering in your ear and the white angel on the right shoulder also whispering in the other ear and you will vote on the subject depending on the quantity of dark evil energy blockages you have absorbed, been implanted into, your body.

There is much talk online about evolving from the third to the fifth dimension where people will go to different future planets depending on their evolution, whether they pass the test in the Examination Hall of this Planet Factory designed to create Enlightened beings and I was comparing this to the division in society between those who took the Deathvaxx and those who didn't.

Then there is the Dark Crystal Movie division where we are split by trauma into multiple subpersonalities and as we evolve we learn how to heal each subpersonality and fuse each of them into the Soul to become One Enlightened Soul Infused Personality.

“Don't ask me how to become a good person, Be One!” Marcus Aurelius

Of course Pink Floyd talk about how we start off as a clean white sheet where the World is wonderful but as our karmic history painting gets more muddy so we become Comfortably Numb as we lose sight of our Soul...

“When I was young I caught a glimpse out of the corner of my eye, I turned to look but it was gone and I have become Comfortably Numb” Comfortably Numb by Pink Floyd

Hi Yuko,

How is it?

I was invited to meet special people. They knew me. They scanned my brain or Antahkarana, or mind computer and enjoyed it. They especially laughed so much about my lucid dream about lipstick. They said that it was a good sense of humour. And they praised me for my progress in meditation. They asked an engineer to connect them to me through my appreciation of my mind computer.

It is good to project energy as we taught in Energy Enhancement Meditation Course Level 1, Initiation 5 - The Projection of Energy to check out everyone you meet on the Astral plane...

Special people Re: Sub-personality and my Ego Re: Review part 2

Yuko Sato Fri, Feb 3

Dearest Satchi,

I had a hectic schedule for a week, whilst I meditated for quite long hours. It could prove that finally, I've developed a good habit to meditate. It's good, don't you think so? I am happy about that. Of course, I did your homework. Tackling your task is a delight of the highest order. You might have great curiosity about it, mightn't you?

I know, because you were in my dream on February 1st. You were smiling in the Taj Mahal and said, "Yuko! The Taj Mahal is the key! after I meditated about my daughter. It was a difficult meditation and I struggled to ground her. I could not get a clear psychic vision of the relationships between us in our past life. I will try to use this key tonight. Let's review now.

On January 28 (Sat)

It was the first day of my hectic week. I got up at 5:00 without any dreams. It was distinctly rare for me. I meditated about an empty dream, clearing my chakras and aura broadly. Nothing came out after grounding. Okey-dokey! After I cleaned the flat and left for Prague. It took one hour drive from the town I live. I joined an Ashtanga Mysore class, then head to the airport to pick up my friend from England.

Let me explain about this friend shortly, also you can skip this part. This lady was a new friend after I had decided to divorce or I could say, I started meditating seriously again (I did it before I met my ex-husband).

After I started meditating again, friendships changed dramatically. Old friends left and I met new people. She found me through my story on my website, so this was the first time to meet face to face in 3D.

She had an alcoholic partner without a job, which was pretty much similar to my case at that time and we have several things in common. Firstly, she travelled to many places where I'd been, such as Israel, several islands in the Caribbean ocean and Japan.

Secondly, she had several relationships which she left. The difference is she has five children with three different fathers, while I have one child. She learns Japanese by herself, so I teach her online. She was good at remembering Chinese characters, but not good at speaking. She said that she was shy, however, she talked a lot spontaneously in English. She is very spontaneous about everything, but most of the things she talks about have rather no consistency and sometimes don't make sense.

For this trip, she bought a ticket to Prague, then she sent me a message afterwards. It was two weeks ago. I was surprised at her message. Because I had a lucid dream about her last night. In my lucid dream, I visited her place by bus and when I got off it, I found too much stuff from my mother on the bus, I couldn't carry it all. So, I brought my luggage divided into several times to outside. Finally, when I managed to bring it all outside, a big robot came and clear up all. There was nothing left on the ground except a pair of shoes.

I picked up her at 11:00, she said she was very tired. So, I drove back to my flat. After having lunch and talking for a while, she went to bed at 15:00. So, I meditated about your task which I had just received regarding special people I met on the planet near Aquarius and red lipstick.

I checked the special people I met on the planet or the astral plane near Aquarius constellations.

After building protections, I went up to the top of my Antahkarana, where there was a penthouse garden with a hot spring bath. I could see a big moon and I focussed on my Antahkarana and ordered to my mind computer, "Send a message to the special people I want to see them." Because I received their message, which showed a triangle and square shapes, in my dream. They said that we were connecting through the app.

So, I used the app to send them a message. Then, they invited me again. There were three people who wore rather old fashion European outfits from the middle ages. All were male. I asked them to bring the engineer because I had some questions about the app.

Then, he came. He wore a simple white cotton outfit. I circled them and sent energy to check. Unexpectedly, they went down except for the engineer. They were impure!

I did the Energy Enhancement Meditation 7 step process on them. I encountered their Black Magicians, their Controller like a big spaceship and the rest up to infinity. There were many.

I used golden light to wrap them all, then used a white light to compress all to the quasar, and then I grounded it. It all burnt well and the flame reached my penthouse garden. So, I created the fireplace which symbolised my power in the fire.

I have felt my fire power increasing recently due to the amount of blockages I have been transmuting and Angels I have been absorbing to augment, increase and expand my chakras and my psychic body. It helps me to balance my power.

Then, I went back to the astral plane. The city had disappeared. There was beautiful wild nature with huge rocks, like Sedona, but more greenery. I met the people from the Amethyst cave and the engineer. They thanked me for freeing them from the black magicians.

Just in case, I checked them. I circled them all and sent, projected, energy to them. All went up except the engineer. I caught him in a white circle again. I applied the Energy Enhancement Meditation 7 step process, whilst asking my mind computer to show blockages in my timeline with him.

It showed me some black spots in the past and future. Wow, who was he? Anyway, I had no time to think about it, I must ground him. I ordered my mind computer to delete the blockages and I started to ground him.

I was holding him in the centre of the earth. I looked at him until he burnt for sure. Because he even passed the first test I gave him. Eventually, he became, was transmuted into, a beautiful angel. I called him Engineer to keep it simple.

I have several angels now and every one of them has a special ability. I asked Engineer to deprogram my mind computer if he did something by the order of those special people. He followed my order. I left him in my mind computer.

Then I decided to visit my spiritual masters to apologise for my carelessness. I understood that in the meditation, things I, even my sub-personality or my ego want could become true immediately. I had a gap that naughty special people black magicians could take advantage of me. I must be more careful.

I visited the temple, where monks chanted the heart sutra. I was covered by the smoke of incense and meditated in floating. Once my mind was steady and ready, smoke brought me to Future Buddha. We both were floating and he scanned my mind with a meaningful smile on his face. He asked me to listen to the Heart Sutra, the word, “五蘊皆空-Go Un Kai Kuu” which means that all of the five Skandhas are equal without fixed shapes.

Then, I immediately asked what the Go Un, five Skandhas, was. Oh my god, sorry Satchi, I didn't have enough patience. Even my Kendo teacher scolded me in the last lesson. I didn't have enough patience to wait for the perfect timing. I should have thought about it on my own first.

However, there was no explanation about the five Skandhas in Heart Sutra, I think. Was there? Future Buddha, Miroku Bosatsu kindly explained. The first one is “色, Shiki- colours which means body or form all material things. The second one is “受, Ju- receipt which means a feeling of pain and pleasure. The third one is 想, Sou- thoughts which mean perceptions. The fourth one is 行, Gyo- Activity which means all mental activities except Ju and Sou. The last one is 識, Shiki- Consciousness which means the heart itself. OK. I understood it except for the first one. Why did the first one, Shiki, all material things have no fixed shapes?

He smiled beautifully again and continued. “Do you know the word “因縁-Innen- Nidana”?” asked he. “Yes, I know. This word is pretty common as the meaning of fate in Japan.” I answered. He continued, “All things are made up of relationships between direct and indirect causes. That is why there is no substance. It could be any form according to a degree or state of relationships or no form without relationships which means the disappearance or vanish of direct or indirect causes.

Therefore, the special people you have met have no fixed shapes. You burnt them, so you burnt direct and indirect causes also. This action would affect other relationships. See the Engineer, he could be up or down according to the relationships between surrounding causes. That's it. Be indifferent to things which have no forms. Focus on Heart Sutra now. Listen carefully. After it, you will be ready to do another task. It will be hard. Believe yourself beyond Go Un, five Skandhas.” Then, I left there with my platinum armour. I had to ground the red lipstick now.

I will send the review of the red lipstick later. It was really interesting too.

I watched Devi's dance. I received lots of good energy. Thank you. All the best for her and you.

Devi Dhyani Birthday Sacred Dance Sathya Sai Baba and Jeff Beck
Nessun Dorma, "Wake Up!" January 17th 2023 Mitos y Musos - the Greek

Hi Yuko,

I was enjoying this I found last time we visited India - it reminds me of the time we spent there last year...

Your friend... This lady is perhaps a succubus...

The Suck-ubus Succubus Hookers

We have beautiful women and men prized by Black Magicians to suck, vampirise, steal, Spiritual Energy from their partners for all their lives by being implanted with the Succubus Demon by the Black Magician at an early age.

This Demon, in conjunction with their subpersonalities unconsciously who always have a greater apprehension of the psychic, or even in conjunction with their Soul infused personality, or consciously, will connect by means of energy connections, chakra to chakra, to "Hook" their prey, suck their energy, suck the energy of the orgasm, and pass on the vast majority of the Spiritual Energy to the Black Magician who originally implanted them whilst taking a tithe of the energy for themselves.

And then, two people both succubus - female - and incubus - male - get together to vampirise each other of their Spiritual Energies - to degenerate each other... and one degenerates faster than the other or both together...

As they move in their relationship from great passion to a long term relationship so the energy of the partner or each partner is sucked and the energy level decreases. As they lose energy, so addiction blockages and other demons are allowed to overcome their psyche.

They begin to degenerate into Orcs. Some become addicts, alcoholics. As they lose energy, so their minds become weaker and their decisions become worse, further degenerating the relationship. The degeneration of the partner becomes more and more obvious.

Eventually the beautiful woman or man comes to despise the failings of the partner brought on by them sucking their partners dry. They finish the relationship. They search for another victim without any realisation that this is the life cycle of every one of their relationships.

Can't live with them, can't live with them, becomes their mantra.

Older but not wiser they finish their relationship career living with a cat or a dog.

And please check these Buddhas, future Buddhas, sages and saints when you meet them. Perhaps, like the engineer, they need a re-check?

I'm not a patient person either.

So it's difficult for me to focus on this.

“All things are made up of relationships between direct and indirect causes. That is why there is no substance. It could be any form according to a degree or state of relationships or no form without relationships which means the disappearance or vanish of direct or indirect causes. Therefore, the special people you have met have no fixed shapes. You burnt them, so you burnt direct and indirect causes also. This action would affect other relationships. See the Engineer, he could be up or down according to the relationships between surrounding causes. That's it. Be indifferent to things which have no forms. Focus on Heart Sutra now. Listen carefully. After it, you will be ready to do another task. It will be hard. Believe yourself beyond Go Un, five Skandhas.”

Because it does not mention trauma-formed negative karmic mass which is energy in a lower state which does not allow the passage of energy, it's a block which is an impurity.

Buddha seems to be saying that relationships are burnt also therefore relationships are impure blockages also. Energy connections connect you to black magicians which are blockages.

So these relationship karmas can and do bring you down until you can transmute them and their blockages.

This is the meaning of the Energy Enhancement Meditation Course Level 4 - the purification of Energy Cords - The Mastery of Relationships

We in the end are responsible for every relationship.

As we increase our dans, from our subpersonalities, friends and family, to our monad, to all monads, to Sirius, to the Avatar of Synthesis, you must ensure all your relationship connections are to purified entities and Angels.

You are part of that process of purification of the whole Universe above, whose motive power is Love!

Yuko Sato Feb 3, 2023

Hi Satchi,

Thank you for your advice. Please read the review of the red lipstick below. I followed your advice you gave today, actually last week. We are in sync again, And I hope I was moving to the right direction to evolve. :) I will meditate now. I really enjoy it.

The Red Lipstick and The Red Witch!

I decided to rest my feet, it was a long meditation, but I didn't feel pain. I cooked curry with lots of ginger and other vegetables. Yes, I am still vegetarian. After having dinner, I lit candles and sat and crossed my legs in the living room.

My black dog, a former racing greyhound, Inca was sitting next to me. I made protections, connected to Shakti and the universe. All responded well. OK, I went back to the scene of the red lipstick. It was a penis.

The action of the previous grounding didn't affect it. OK, you are right, Satchi. It was formed by relationships between direct and indirect causes within me, including past lives. I circled it and applied the Energy Enhancement Meditation 7 step process.

Then, thousands of minions of the black magicians appeared. They looked like red birds. I was protected by the Merkaba and the Pyramids. I spread golden energy as a net and gathered all and grounded. Usually, I compressed them within 7 step and ground them all at once. But this time, my soul whispered to me to do step by step to follow your instructions.

The red birds transformed into lots of lights, Angels. They reminded me of the night in front of the fire with strong stormy wind, when I attended the Mexican ritual called Temascal. (I made a music video,) Lots of small red pieces of fire flew in the air at midnight.

I was staring at them and I found my masculinity within me. He was stronger and more trustworthy than any man I had relationships with. I wondered where he was now. I had a male angel called Gabriel, but he looked different from my masculinity. So, I asked my mind computer where my masculinity was now. It showed him in Manipura Chakra. I went there and searched for him.

He was sleeping between Manipura and Heart Chakra. I looked at him carefully. He was connected to my chakra system. Energy from Shakti and the universe flowed through him. He was sleeping in a strange posture which looked like he found something, and then it forced him to sleep.

His posture reminded me of an old story in Czech. A black magician turned a prince into stone in the garden of the castle when the prince came to rescue the princess. Anyway, I decided to leave him like that. It was high time to find the Black Magician BM related to the red lipstick.

I was back on the scene. I focused on the Black Magician. I found strong negativity in my root chakra. Then, I found the red female magician with red snake hair. She wore red and laughed in a creepy voice. I circled her and grounded her. It was difficult. She said I could not defeat her, because I was a companion in the same crime.

What did she mean by the same crime? I asked my mind computer immediately. It showed black thick spots in my past timeline. The colour was really oily jet black. I had a bad feeling because it was a strong Trauma-Formed Negative Karmic mass.

I felt distracted and felt like stopping what I was doing now. Those are signs of blockages, right? I asked for help and two angels, Gabriel and Agnes, came. I asked them to watch this red magician. I circled the red magician again and left it in the centre of the earth.

Then, I faced these oily black blockages. I circled them all and cut the timeline. I shocked it all and washed it with white energy from the really highest part of top of the universe I could reach. I wrung it out. There was a glass of black liquid in front of me.

Now my timeline was clean like a white sheet. I circled the glass and poured it on the red witch magician in the centre of the earth.

Then, magic happened. I was thrown into my previous lifetime! I was in my incarnation in my past life. My past life incarnation was really sad and I was in the depths of despair. She, my past life incarnation, was standing on the stone bridge and waiting for the man she loved and who promised her

that they would run away together. It was dark now and she knew that he didn't show up and wouldn't show up.

She was about to jump into the big river. I had the moisture of tears in my eyes.

Since I was small, I had a vague feeling of anxiety about meetings, anxiety that a person who promised wouldn't show up. Moreover, the friend who had the lipstick penis in my dream didn't show up to the meeting twice. When we were about to promise to meet for the third time, I told him I didn't want to. Because I couldn't trust him anymore. I didn't want to wait for him at the meeting point anymore.

Then, he became angry and started criticising me. So I hung up the phone, and then he blocked me.

Everything was connected with a single thread of past trauma and karma. That's why this friend came to my dream so often, even after deleting his contact. I determined that I had to burn this trauma.

At that time, the red witch appeared in my past life. I held my breath in fear. What would she do to her in my past life incarnation? Oh my God! Run! I told my past life incarnation. It was too late.

The witch started to talk to my past life incarnation. She suggested a bad thought to my past life incarnation. Didn't she want revenge on him? The witch even whispered to my past life incarnation so as not to let me hear.

Finally, my past life nodded. She became a witch! To curse him and the men who gave her pain including her father, brother and husband.

I was shocked to know this and at the same time, I understood that it all came from this traumatic experience. She, my past life incarnation, cursed her future lifetimes, Me!

By cursing her lover who didn't show up, her father who forced her to marry a rich man for a political reason, her brother who requested her father to do so because he wanted to be successful and her husband who didn't care about her.

I could not be happy with this evil curse. I was crying while meditating. I was disappointed in myself, I must ground her. But she became the red witch now. I circled her and dropped the bomb of white light, the strongest energy I could receive from the chakras above the head.

She fought back at me. We were pushing bombs at each other and engaged

in fierce competition. Then, she spoke to my mind. “Don’t you want to defeat men? You can, because I asked the witch to have everything, cleverness, communication skill, a sense of humour, attractive looking and swordsmanship. We could take revenge on all of them. Because they never apologised to us.”

Oh, my God! She was so strong. I asked for help. Then, the Virgin Mary came. She was so bright that she could burn all. I asked her to burn both of us in order to burn this strong Karmic mass. She said that I must forgive all and love all before she burned all.

I imagined when I held my daughter for the first time. I projected this love to all relationships I had in my past, current and future lives. I cried but focused on projecting the love my daughter gave me.

Then, Virgin Mary burned all. She was generous but strong. She completed all 7 steps at once. The biggest fire flame climbed up through my chakras and spine up to the Monad. It burned everything.

I was floating in the universe and I met my masculinity, who had just awakened. We looked at each other for a while. He resembled me. We acknowledged that we are a part of each other. So, we hugged with big brother and sisterhood love. We united. We sat and crossed our legs to build our Antahkarana again. Then I slept.

The next day, I drove to Prague. My English friend got her energy back. She had booked the apartment in Prague for a couple of days. It was a penthouse in the middle of Prague with a beautiful view. She drank beer, ate chocolate and smoked cigarettes a lot.

She talked a lot about her boyfriend who lost his pancreas because he drank alcohol too much. After he lost his pancreas, he could not drink alcohol even a drop. So, he became a different person and he apologised to her for his misbehaviour and now he was very kind to her.

But she couldn't forgive him.

Wow, Satchi! It was amazing to see her ego and sub-personalities. She acted like a "Poor me" in front of me. She had a bad skin condition because she was diagnosed with systemic sclerosis (scleroderma).

She had gained weight because she had menopause. I was just listening to her without being judgemental because I was indifferent to her ego and sub-personalities. I had faced mine and I knew them very well.

Her ego kept drinking beer, eating chocolate which contains nickel and smoking. Her sub-personality kept hurting her mind and body. Her act reminded me of my mother. She suffered from ALS and past traumas. I hugged her. This is a human being, isn't it?

I even thanked her to come to me to show me all this, because I could see myself in her before burning lots of my blockages. I had acted similarly to her.

After burning all I had built in my last meditation, I found peace in myself. I meditated and practised yoga and Kendo in Prague while she was drinking and smoking. I created protections around and circled the connection between us through chakras. Then, I burnt them. I hoped it might help her.

Then, I received a message from my aunt who found my brother. She sent me his phone number and address. And she asked me to call my brother. Because he wanted to know the date my parents passed away. They passed away two years ago and he had not cared about them until now. He abandoned my parents and left. Even he blocked me.

Then, now he had asked me to call him. Wow, I was not ready to face his ego now. I must meditate about him first, so I sent a postcard and wrote the dates of my parents' passing away. He will receive the information he wants in a week and his ego has to wait until then.

So, I will review my brother next time. It was also a long interesting meditation.

Thank you for your advice, Satchi. Eventually, I could burn all, even Future Buddha and Buddha as you told me to do so. Now, I will clear up all connections between my parents and my brother, after watching the Energy Enhancement Meditation Course Level Four videos.

And thank you for the link to the music you really enjoyed.

Love and Light

SELF IMPORTANCE, IMMPECCABILITY, STALKING THE
SUBPERSONALITIES AND TOUCHINESS

"Half-complaining, I told him that he had made me feel very uncomfortable by refusing to talk to me for the past two days. He looked at me and arched his brows. A smile played on his lips and vanished. I realized that he was letting me know I was no better than la Gorda. "I was provoking your self-importance," he said with a frown. "

Self-importance is our greatest enemy. Think about it - what weakens us is feeling offended by the deeds and misdeeds of our fellow men. Our self-importance requires that we spend most of our lives offended by someone.

"The new seers recommended that every effort should be made to eradicate self-importance from the lives of warriors. I have followed that recommendation, and much of my endeavors with you has been geared to show you that without self-importance we are invulnerable."

Use the Energy Enhancement techniques to drain the Self Important trauma-formed negative Karmic mass out of the Inner children to Integrate these troublesome Inner Children with Love, back into the Central Stem of the Soul, thus further integrating the mind.

He said that the most effective strategy was worked out by the seers of the Conquest, the unquestionable masters of stalking. It consists of six elements that interplay with one another. Five of them are called the attributes of warriorship: control, discipline, forbearance, timing, and will. They pertain to the world of the warrior who is fighting to lose self-importance. The sixth element, which is perhaps the most important of all, pertains to the outside world and is called the petty tyrant.

"A petty tyrant is a tormentor," he replied. "Someone who either holds the power of life and death over warriors or simply annoys them to distraction."

The Satanic line of Don Juan and Carlos Castaneda, like all black magicians, are afraid of death. They want to prolong their lives by cutting off from God and vampirising the energies of other human beings so they can live forever.

"The Satanic new seers, in accordance with their practice, saw fit to head their classification with the primal source of energy, the one and only ruler in the universe, God! and they called God simply the tyrant.

Because God, the Eagle in the center of the Universe, decrees that in order to evolve, in order to be able to be changed, we have to die and have our slate wiped clean every lifetime so we can change, so we can evolve, because when you cut off from love, the energy of change, you stand still, you cannot evolve, and so you must devolve and degenerate.

Of course the memories of every lifetime are stored in 3D arrays in the Soul the first chakra above the head.

You see, once a black magician Satanist, you cut yourself off from the evolutionary energies of God, you simply stop evolving and more! You lose your conscience and become a psychopath. You lose your heart as in the Bohemian Grove Satanic Ritual of the Cremation of Care where a young child or the image of a young child is burnt to Molech on an altar in front of the forty foot high statue of an Owl.

You start to devolve. You become less than human...

ANNA'S ENERGY ENHANCEMENT COURSE STUDENT REPORT - JAN 22ND TO FEBRUARY 25TH 2011

To help with the process I read out the following story all the while saying that the path of don Juan came from a dark Satanic Sorcery path only recently cleaned out by don Juan himself and a lot of the teachings of the sorcerers way can take you down the path of darkness.

WHAT COULD DEFINE SELF IMPORTANCE MORE THAN DEFEATING A TYRANT?

Even, "Impeccability" is not sufficient because, "Impeccability" can be used only with the energies of Intellect and Will as by Stalin, Hitler and Mao.

The true perfection of "Impeccability" can only come with the use of Intellect, Will AND LOVE!! as given by the Buddha and Jesus Christ.

**BLACK MAGICIANS WITH THEIR
IMPECCABILITY INCREASE THEIR
WILL POWER AND INTELLECT BUT
TOTALLY REMOVE THEIR
CONSCIENCE, THEIR HEARTS, THE
ENERGY OF LOVE!! A PSYCHOPATH!**

However, the use of treating Petty Tyrants in your life to, "Stalk" yourself so as to find all points of, "Touchiness" of, "Self Importance" then grounding them, transmuting them, removing them using the Advanced Techniques of the Energy Enhancement Meditation Course is a great technique. Use it!! Use it!!

Swami Satchidanand to Yuko,

Hello Yuko,

I want to explain my sending of the previous email to you because it is very important!

Don is Anna's husband who sent her, a teacher of Shamanism like Don, to our course in Iguazu.

The report on the page I sent is from her.

So I sent the same email as you to Don...

Petty Tyrants

Don Juan did not discuss the mastery of awareness with me until months later. We were at that time in the house where the nagual's party lived. "Let's go for a walk," don Juan said to me, placing his hand on my shoulder. "Or better yet, let's go to the town's square, where there are a lot of people, and sit down and talk." I was surprised when he spoke to me, as I had been in the house for a couple of days then and he had not said so much as "hello".

As don Juan and I were leaving the house, la Gorda intercepted us and demanded that we take her along. She seemed determined not to take no for an answer. Don Juan in a very stern voice told her that he had to discuss something in private with me. "You're going to talk about me," la Gorda said, her tone and gestures betraying both suspicion and annoyance.

"You're right," don Juan replied dryly. He moved past her without turning to look at her.

I followed him, and we walked in silence to the town's square. When we sat down I asked him what on earth we would find to discuss about la Gorda. I was still smarting from her look of menace when we left the house.

"We have nothing to discuss about la Gorda or anybody else," he said. "I told her that just to provoke her enormous self-importance. And it worked. She is furious with us. If I know her, by now she will have talked to herself long enough to have built up her confidence and her righteous indignation at having been refused and made to look like a fool. I wouldn't be surprised if she barges in on us here, at the park bench."

"If we're not going to talk about la Gorda, what are we going to discuss?" I asked.

"We're going to continue the discussion we started in Oaxaca," he replied. "To understand the explanation of awareness will require your utmost effort and your willingness to shift back and forth between levels of awareness. While we are involved in our discussion I will demand your total concentration and patience."

Half-complaining, I told him that he had made me feel very uncomfortable by refusing to talk to me for the past two days. He looked at me and arched his brows. A smile played on his lips and vanished. I realized that he was letting me know I was no better than la Gorda. "I was provoking your self-importance," he said with a frown. "Self-importance is our greatest enemy. Think about it - what weakens us is feeling offended by the deeds and misdeeds of our fellow men. Our self-importance requires that we spend most of our lives offended by someone."

"The new seers recommended that every effort should be made to eradicate self-importance from the lives of warriors. I have followed that recommendation, and much of my endeavors with you has been geared to show you that without self-importance we are invulnerable."

As I listened his eyes suddenly became very shiny. I was thinking to myself that he seemed to be on the verge of laughter and there was no reason for it when I was startled by an abrupt, painful slap on the right side of my face.

I jumped up from the bench. La Gorda was standing behind me, her hand still raised. Her face was flushed with anger.

"Now you can say what you like about me and with more justification," she shouted. "If you have anything to say, however, say it to my face!"

Her outburst appeared to have exhausted her, because she sat down on the cement and began to weep. Don Juan was transfixed with inexpressible glee. I was frozen with sheer fury. La Gorda glared at me and then turned to don Juan and meekly told him that we had no right to criticize her.

Don Juan laughed so hard he doubled over almost to the ground. He couldn't even speak. He tried two or three times to say something to me, then finally got up and walked away, his body still shaking with spasms of laughter.

I was about to run after him, still glowering at la Gorda - at that moment I found her despicable - when something extraordinary happened to me. I realized what don Juan had found so hilarious. La Gorda and I were horrendously alike. Our self-importance was monumental. My surprise and fury at being slapped were just like la Gorda's feelings of anger and suspicion.

Don Juan was right. The burden of self-importance is a terrible encumbrance. I ran after him then, elated, the tears flowing down my cheeks. I caught up with him and told him what I had realized. His eyes were shining with mischievousness and delight.

"What should I do about la Gorda?" I asked.

"Nothing," he replied. "Realizations are always personal."

He changed the subject and said that the omens were telling us to continue our discussion back at his house, either in a large room with comfortable chairs or in the back patio, which had a roofed corridor around it. He said that whenever he conducted his explanation inside the house those two areas would be off limits to everyone else.

We went back to the house. Don Juan told everyone what la Gorda had done. The delight all the seers showed in taunting her made la Gorda's position extremely uncomfortable.

"Self-importance can't be fought with niceties," don Juan commented when I expressed my concern about la Gorda.

He then asked everyone to leave the room. We sat down and don Juan began his explanations.

He said that seers, old and new, are divided into two categories. The first one is made up of those who are willing to exercise self-restraint and can channel their activities toward pragmatic goals, which would benefit other seers and man in general. The other category consists of those who don't care about self-restraint or about any pragmatic goals. It is the consensus

among seers that the latter have failed to resolve the problem of self-importance. "Self-importance is not something simple and naive," he explained. "On the one hand, it is the core of everything that is good in us, and on the other hand, the core of everything that is rotten."

To get rid of the self-importance that is rotten requires a masterpiece of strategy. Seers, through the ages, have given the highest praise to those who have accomplished it."

I complained that the idea of eradicating self-importance, although very appealing to me at times, was really incomprehensible; I told him that I found his directives for getting rid of it so vague I could not follow them.

"I've said to you many times," he said, "that in order to follow the path of knowledge one has to be very imaginative. You see, in the path of knowledge nothing is as clear as we'd like it to be."

My discomfort made me argue that his admonitions about self-importance reminded me of Catholic postulates. After a lifetime of being told about the evils of sin, I had become callous. "Warriors fight self-importance as a matter of strategy, not principle," he replied. "Your mistake is to understand what I say in terms of morality."

"I see you as a highly moral man, don Juan," I insisted.

"You've noticed my impeccability, that's all," he said.

"Impeccability, as well as getting rid of self-importance, is too vague a concept to be of any value to me," I remarked.

Don Juan choked with laughter, and I challenged him to explain impeccability.

"Impeccability is nothing else but the proper use of energy," he said. "My statements have no inkling of morality. I've saved energy and that makes me impeccable. To understand this, you have to save enough energy yourself."

We were quiet for a long time. I wanted to think about what he had said. Suddenly, he started talking again.

"Warriors take strategic inventories," he said. "They list everything they do. Then they decide which of those things can be changed in order to allow themselves a respite, in terms of expending their energy."

I argued that their list would have to include everything under the sun. He patiently answered that the strategic inventory he was talking about covered only behavioral patterns that were not essential to our survival and well-being. I jumped at the opportunity to point out that survival and well-being were categories that could be interpreted in endless ways,

hence, there was no way of agreeing what was or was not essential to survival and well-being.

As I kept on talking I began to lose momentum. Finally, I stopped because I realized the futility of my arguments.

Don Juan said then that in the strategic inventories of warriors, self-importance figures as the activity that consumes the greatest amount of energy, hence, their effort to eradicate it.

"One of the first concerns of warriors is to free that energy in order to face the unknown with it," don Juan went on. "The action of rechanneling that energy is impeccability."

He said that the most effective strategy was worked out by the seers of the Conquest, the unquestionable masters of stalking. It consists of six elements that interplay with one another.

Five of them are called the attributes of warriorship: control, discipline, forbearance, timing, and will. They pertain to the world of the warrior who is fighting to lose self-importance. The sixth element, which is perhaps the most important of all, pertains to the outside world and is called the petty tyrant.

He looked at me as if silently asking me whether or not I had understood. "I'm really mystified," I said. "You keep on saying that la Gorda is the petty tyrant of my life. Just what is a petty tyrant?"

"A petty tyrant is a tormentor," he replied. "Someone who either holds the power of life and death over warriors or simply annoys them to distraction."

Don Juan had a beaming smile as he spoke to me. He said that the new seers developed their own classification of petty tyrants; although the concept is one of their most serious and important findings, the new seers had a sense of humor about it. He assured me that there was a tinge of malicious humor in every one of their classifications, because humor was the only means of counteracting the compulsion of human awareness to take inventories and to make cumbersome classifications.

The new seers, in accordance with their practice, saw fit to head their classification with the primal source of energy, the one and only ruler in the universe, and they called it simply the tyrant. The rest of the despots and authoritarians were found to be, naturally, infinitely below the category of tyrant. Compared to the source of everything, the most

fearsome, tyrannical men are buffoons; consequently, they were classified as petty tyrants, pinches tiranos.

He said that there were two subclasses of minor petty tyrants. The first subclass consisted of the petty tyrants who persecute and inflict misery but without actually causing anybody's death.

They were called little petty tyrants, pinches tiranitos. The second consisted of the petty tyrants who are only exasperating and bothersome to no end. They were called small-fry petty tyrants, repinches tiranitos, or teeny-weensy petty tyrants, pinches tiranitos chiquititos. I thought his classifications were ludicrous. I was sure that he was improvising the Spanish terms. I asked him if that was so.

"Not at all," he replied with an amused expression. "The new seers were great ones for classifications. Genaro is doubtless one of the greatest; if you'd observe him carefully, you'd realize exactly how the new seers feel about their classifications."

He laughed uproariously at my confusion when I asked him if he was pulling my leg. "I wouldn't dream of doing that," he said, smiling. "Genaro may do that, but not I, especially when I know how you feel about classifications. It's just that the new seers were terribly irreverent."

He added that the little petty tyrants are further divided into four categories. One that torments with brutality and violence. Another that does it by creating unbearable apprehension through deviousness. Another which oppresses with sadness. And the last, which torments by making warriors rage.

"La Gorda is in a class of her own," he added. "She is an acting, small-fry petty tyrant. She annoys you to pieces and makes you rage. She even slaps you. With all that she is teaching you detachment."

"That's not possible!" I protested. "You haven't yet put together all the ingredients of the new seers' strategy," he said. "Once you do that, you'll know how efficient and clever is the device of using a petty tyrant. I would certainly say that the strategy not only gets rid of self-importance; it also prepares warriors for the final realization that impeccability is the only thing that counts in the path of knowledge."

He said that what the new seers had in mind was a deadly maneuver in which the petty tyrant is like a mountain peak and the attributes of warriorship are like climbers who meet at the summit.

"Usually, only four attributes are played," he went on. "The fifth, will, is always saved for an ultimate confrontation, when warriors are facing the

firing squad, so to speak."

"Why is it done that way?"

"Because will belongs to another sphere, the unknown. The other four belong to the known, exactly where the petty tyrants are lodged. In fact, what turns human beings into petty tyrants is precisely the obsessive manipulation of the known."

Don Juan explained that the interplay of all the five attributes of warriorship is done only by seers who are also impeccable warriors and have mastery over will. Such an interplay is a supreme maneuver that cannot be performed on the daily human stage.

"Four attributes are all that is needed to deal with the worst of petty tyrants," he continued.

"Provided, of course, that a petty tyrant has been found. As I said, the petty tyrant is the outside element, the one we cannot control and the element that is perhaps the most important of them all.

My benefactor used to say that the warrior who stumbles on a petty tyrant is a lucky one. He meant that you're fortunate if you come upon one in your path, because if you don't, you have to go out and look for one." He explained that one of the greatest accomplishments of the seers of the Conquest was a construct he called the three-phase progression. By understanding the nature of man, they were able to reach the incontestable conclusion that if seers can hold their own in facing petty tyrants, they can certainly face the unknown with impunity, and then they can even stand the presence of the unknowable.

"The average man's reaction is to think that the order of that statement should be reversed," he went on. "A seer who can hold his own in the face of the unknown can certainly face petty tyrants. But that's not so. What destroyed the superb seers of ancient times was that assumption.

We know better now. We know that nothing can temper the spirit of a warrior as much as the challenge of dealing with impossible people in positions of power. Only under those conditions can warriors acquire the sobriety and serenity to stand the pressure of the unknowable."

I vociferously disagreed with him. I told him that in my opinion tyrants can only render their victims helpless or make them as brutal as they themselves are. I pointed out that countless studies had been done on the effects of physical and psychological torture on such victims.

"The difference is in something you just said," he retorted. "They are victims, not warriors.

Once I felt just as you do. I'll tell you what made me change, but first let's

go back again to what I said about the Conquest. The seers of that time couldn't have found a better ground.

The Spaniards were the petty tyrants who tested the seers' skills to the limit; after dealing with the conquerors, the seers were capable of facing anything. They were the lucky ones. At that time there were petty tyrants everywhere.

"After all those marvelous years of abundance things changed a great deal. Petty tyrants never again had that scope; it was only during those times that their authority was unlimited. The perfect ingredient for the making of a superb seer is a petty tyrant with unlimited prerogatives.

"In our times, unfortunately, seers have to go to extremes to find a worthy one. Most of the time they have to be satisfied with very small fry."

"Did you find a petty tyrant yourself, don Juan?"

"I was lucky. A king-size one found me. At the time, though, I felt like you; I couldn't consider myself fortunate."

Don Juan said that his ordeal began a few weeks before he met his benefactor. He was barely twenty years old at the time. He had gotten a job at a sugar mill working as a laborer. He had always been very strong, so it was easy for him to get jobs that required muscle. One day when he was moving some heavy sacks of sugar a woman came by. She was very well dressed and seemed to be a woman of means. She was perhaps in her fifties, don Juan said, and very domineering.

She looked at don Juan and then spoke to the foreman and left. Don Juan was then approached by the foreman, who told him that for a fee he would recommend him for a job in the boss's house. Don Juan told the man that he had no money. The foreman smiled and said not to worry because he would have plenty on payday. He patted don Juan's back and assured him it was a great honor to work for the boss.

Don Juan said that being a lowly ignorant Indian living hand-to-mouth, not only did he believe every word, he thought a good fairy had touched him. He promised to pay the foreman anything he wished. The foreman named a large sum, which had to be paid in installments.

Immediately thereafter the foreman himself took don Juan to the house, which was quite a distance from the town, and left him there with another foreman, a huge, somber, ugly man who asked a lot of questions. He wanted to know about don Juan's family. Don Juan answered that he didn't have any. The man was so pleased that he even smiled through his rotten teeth.

He promised don Juan that they would pay him plenty, and that he would even be in a position to save money, because he didn't have to spend any, for he was going to live and eat in the house.

The way the man laughed was terrifying. Don Juan knew that he had to escape immediately.

He ran for the gate, but the man cut in front of him with a revolver in his hand. He cocked it and rammed it into don Juan's stomach.

"You're here to work yourself to the bone," he said. "And don't you forget it." He shoved don Juan around with a billy club.

Then he took him to the side of the house and, after observing that he worked his men every day from sunrise to sunset without a break, he put don Juan to work digging out two enormous tree stumps. He also told don Juan that if he ever tried to escape or went to the authorities he would shoot him dead - and that if don Juan should ever get away, he would swear in court that don Juan had tried to murder the boss.

"You'll work here until you die," he said. "Another Indian will get your job then, just as you're taking a dead Indian's place."

Don Juan said that the house looked like a fortress, with armed men with machetes everywhere. So he got busy working and tried not to think about his predicament. At the end of the day, the man came back and kicked him all the way to the kitchen, because he did not like the defiant look in don Juan's eyes. He threatened to cut the tendons of don Juan's arms if he didn't obey him.

In the kitchen an old woman brought food, but don Juan was so upset and afraid that he couldn't eat. The old woman advised him to eat as much as he could. He had to be strong, she said, because his work would never end. She warned him that the man who had held his job had died just a day earlier. He was too weak to work and had fallen from a second-story window.

Don Juan said that he worked at the boss's place for three weeks and that the man bullied him every moment of every day. He made him work under the most dangerous conditions, doing the heaviest work imaginable, under the constant threat of his knife, gun, or billy club. He sent him daily to the stables to clean the stalls while the nervous stallions were in them. At the beginning of every day don Juan thought it would be his last one on earth. And surviving meant only that he had to go through the same hell again the next day.

What precipitated the end was don Juan's request to have some time off. The pretext was that he needed to go to town to pay the foreman of the

sugar mill the money that he owed him. The other foreman retorted that don Juan could not stop working, not even for a minute, because he was in debt up to his ears just for the privilege of working there.

Don Juan knew that he was done for. He understood the man's maneuvers. Both he and the other foreman were in cahoots to get lowly Indians from the mill, work them to death, and divide their salaries. That realization angered him so intensely that he ran through the kitchen screaming and got inside the main house. The foreman and the other workers were caught totally by surprise. He ran out the front door and almost got away, but the foreman caught up with him on the road and shot him in the chest. He left him for dead.

Don Juan said that it was not his destiny to die; his benefactor found him there and tended him until he got well.

"When I told my benefactor the whole story," don Juan said, "he could hardly contain his excitement.

"That foreman is really a prize," my benefactor said. "He is too good to be wasted. Someday you must go back to that house."

"He raved about my luck in finding a one-in-a-million petty tyrant with almost unlimited power. I thought the old man was nuts. It was years before I fully understood what he was talking about."

"That is one of the most horrible stories I have ever heard," I said. "Did you really go back to that house?"

"I certainly did, three years later. My benefactor was right. A petty tyrant like that one was one in a million and couldn't be wasted."

"How did you manage to go back?"

"My benefactor developed a strategy using the four attributes of warriorship: control, discipline, forbearance, and timing."

Don Juan said that his benefactor, in explaining to him what he had to do to profit from facing that ogre of a man, also told him what the new seers considered to be the four steps on the path of knowledge. The first step is the decision to become apprentices. After the apprentices change their views about themselves and the world they take the second step and become warriors, which is to say, beings capable of the utmost discipline and control over themselves. The third step, after acquiring forbearance and timing, is to become men of knowledge. When men of knowledge learn to see they have taken the fourth step and have become seers.

His benefactor stressed the fact that don Juan had been on the path of knowledge long enough to have acquired a minimum of the first two

attributes: control and discipline. Don Juan emphasized that both of these attributes refer to an inner state. A warrior is self-oriented, not in a selfish way, but in the sense of a total and continuous examination of the self.

"At that time, I was barred from the other two attributes," don Juan went on. "Forbearance and timing are not quite an inner state. They are in the domain of the man of knowledge. My benefactor showed them to me through his strategy."

"Does this mean that you couldn't have faced the petty tyrant by yourself?" I asked.

"I'm sure that I could have done it myself, although I have always doubted that I would have carried it off with flair and joyfulness. My benefactor was simply enjoying the encounter by directing it. The idea of using a petty tyrant is not only for perfecting the warrior's spirit, but also for enjoyment and happiness."

"How could anyone enjoy the monster you described?"

"He was nothing in comparison to the real monsters that the new seers faced during the Conquest. By all indications those seers enjoyed themselves blue dealing with them. They proved that even the worst tyrants can bring delight, provided, of course, that one is a warrior."

Don Juan explained that the mistake average men make in confronting petty tyrants is not to have a strategy to fall back on; the fatal flaw is that average men take themselves too seriously; their actions and feelings, as well as those of the petty tyrants, are all-important. Warriors, on the other hand, not only have a well-thought-out strategy, but are free from self-importance. What restrains their self-importance is that they have understood that reality is an interpretation we make. That knowledge was the definitive advantage that the new seers had over the simpleminded Spaniards.

He said that he became convinced he could defeat the foreman using only the single realization that petty tyrants take themselves with deadly seriousness while warriors do not.

Following his benefactor's strategic plan, therefore, don Juan got a job in the same sugar mill as before. Nobody remembered that he had worked there in the past; peons came to that sugar mill and left it without leaving a trace.

His benefactor's strategy specified that don Juan had to be solicitous of whoever came to look for another victim. As it happened, the same woman came and spotted him, as she had done years ago. This time he was physically even stronger than before.

The same routine took place. The strategy, however, called for refusing payment to the foreman from the outset. The man had never been turned down and was taken aback. He threatened to fire don Juan from the job. Don Juan threatened him back, saying that he would go directly to the lady's house and see her. Don Juan knew that the woman, who was the wife of the owner of the mill, did not know what the two foremen were up to. He told the foreman that he knew where she lived, because he had worked in the surrounding fields cutting sugar cane. The man began to haggle, and don Juan demanded money from him before he would accept going to the lady's house. The foreman gave in and handed him a few bills. Don Juan was perfectly aware that the foreman's acquiescence was just a ruse to get him to go to the house.

"He himself once again took me to the house," don Juan said. "It was an old hacienda owned by the people of the sugar mill - rich men who either knew what was going on and didn't care, or were too indifferent even to notice.

"As soon as we got there, I ran into the house to look for the lady. I found her and dropped to my knees and kissed her hand to thank her. The two foremen were livid.

"The foreman at the house followed the same pattern as before. But I had the proper equipment to deal with him; I had control, discipline, forbearance, and timing. It turned out as my benefactor had planned it. My control made me fulfill the man's most asinine demands. What usually exhausts us in a situation like that is the wear and tear on our self-importance. Any man who has an iota of pride is ripped apart by being made to feel worthless.

"I gladly did everything he asked of me. I was joyful and strong. And I didn't give a fig about my pride or my fear. I was there as an impeccable warrior. To tune the spirit when someone is trampling on you is called control."

Don Juan explained that his benefactor's strategy required that instead of feeling sorry for himself as he had done before, he immediately go to work mapping the man's strong points, his weaknesses, his quirks of behavior.

He found that the foreman's strongest points were his violent nature and his daring. He had shot don Juan in broad daylight and in sight of scores of onlookers. His great weakness was that he liked his job and did not want to endanger it. Under no circumstances could he attempt to kill don Juan inside the compound in the daytime. His other weakness was that he was a family man.

He had a wife and children who lived in a shack near the house.

"To gather all this information while they are beating you up is called discipline," don Juan said. "The man was a regular fiend. He had no saving grace. According to the new seers, a perfect petty tyrant has no redeeming feature."

Don Juan said that the other two attributes of warriorship, forbearance and timing, which he did not yet have, had been automatically included in his benefactor's strategy. Forbearance is to wait patiently - no rush, no anxiety - a simple, joyful holding back of what is due.

"I groveled daily," don Juan continued, "sometimes crying under the man's whip. And yet I was happy. My benefactor's strategy was what made me go from day to day without hating the man's guts. I was a warrior. I knew that I was waiting and I knew what I was waiting for.

Rightthere is the great joy of warriorship."

He added that his benefactor's strategy called for a systematic harassment of the man by taking cover with a higher order, just as the seers of the new cycle had done during the Conquest by shielding themselves with the Catholic church. A lowly priest was sometimes more powerful than a nobleman.

Don Juan's shield was the lady who got him the job. He kneeled in front of her and called her a saint every time he saw her. He begged her to give him the medallion of her patron saint so he could pray to him for her health and well-being.

"She gave me one," don Juan went on, "and that rattled the foreman to pieces. And when I got the servants to pray at night he nearly had a heart attack. I think he decided then to kill me. He couldn't afford to let me go on.

"As a countermeasure I organized a rosary among all the servants of the house. The lady thought I had the makings of a most pious man.

"I didn't sleep soundly after that, nor did I sleep in my bed. I climbed to the roof every night.

From there I saw the man twice looking for me in the middle of the night with murder in his eyes.

"Daily he shoved me into the stallions' stalls hoping that I would be crushed to death, but I had a plank of heavy boards that I braced against one of the corners and protected myself behind it.

The man never knew because he was nauseated by the horses - another of his weaknesses, the deadliest of all, as things turned out."

Don Juan said that timing is the quality that governs the release of all that is held back.

Control, discipline, and forbearance are like a dam behind which everything is pooled. Timing is the gate in the dam.

The man knew only violence, with which he terrorized. If his violence was neutralized he was rendered nearly helpless. Don Juan knew that the man would not dare to kill him in view of the house, so one day, in the presence of the other workers but in sight of his lady as well, don Juan insulted the man. He called him a coward, who was mortally afraid of the boss's wife. His benefactor's strategy had called for being on the alert for a moment like that and using it to turn the tables on the petty tyrant. Unexpected things always happen that way. The lowest of the slaves suddenly makes fun of the tyrant, taunts him, makes him feel ridiculous in front of significant witnesses, and then rushes away without giving the tyrant time to retaliate.

"A moment later, the man went crazy with rage, but I was already solicitously kneeling in front of the lady," he continued.

Don Juan said that when the lady went inside the house, the man and his friends called him to the back, allegedly to do some work. The man was very pale, white with anger. From the sound of his voice don Juan knew what the man was really planning to do. Don Juan pretended to acquiesce, but instead of heading for the back, he ran for the stables. He trusted that the horses would make such a racket the owners would come out to see what was wrong. He knew that the man would not dare shoot him. That would have been too noisy and the man's fear of endangering his job was too overpowering. Don Juan also knew that the man would not go where the horses were - that is, unless he had been pushed beyond his endurance.

"I jumped inside the stall of the wildest stallion," don Juan said, "and the petty tyrant, blinded by rage, took out his knife and jumped in after me. I went instantly behind my planks. The horse kicked him once and it was all over.

"I had spent six months in that house and in that period of time I had exercised the four attributes of warriorship. Thanks to them, I had succeeded. Not once had I felt sorry for myself or wept in impotence. I had been joyful and serene. My control and discipline were as keen as they'd ever been, and I had had a firsthand view of what forbearance and timing did for impeccable warriors. And I had not once wished the man to die. "My benefactor explained something very interesting. Forbearance means holding back with the spirit something that the warrior knows is rightfully due. It doesn't mean that a warrior goes around plotting to do anybody mischief, or planning to settle past scores. Forbearance is

something independent. As long as the warrior has control, discipline, and timing, forbearance assures giving whatever is due to whoever deserves it."

"Do petty tyrants sometimes win, and destroy the warrior facing them?" I asked.

"Of course. There was a time when warriors died like flies at the beginning of the Conquest.

Their ranks were decimated. The petty tyrants could put anyone to death, simply acting on a whim. Under that kind of pressure seers reached sublime states."

Don Juan said that that was the time when the surviving seers had to exert themselves to the limit to find new ways.

"The new seers used petty tyrants," don Juan said, staring at me fixedly, "not only to get rid of their self-importance, but to accomplish the very sophisticated maneuver of moving themselves out of this world. You'll understand that maneuver as we keep on discussing the mastery of awareness."

I explained to don Juan that what I had wanted to know was whether, in the present, in our times, the petty tyrants he had called small fry could ever defeat a warrior.

"All the time," he replied. "The consequences aren't as dire as those in the remote past. Today it goes without saying that warriors always have a chance to recuperate or to retrieve and come back later. But there is another side to this problem. To be defeated by a small-fry petty tyrant is not deadly, but devastating. The degree of mortality, in a figurative sense, is almost as high. By that I mean that warriors who succumb to a small-fry petty tyrant are obliterated by their own sense of failure and unworthiness. That spells high mortality to me."

"How do you measure defeat?"

"Anyone who joins the petty tyrant is defeated. To act in anger, without control and discipline, to have no forbearance, is to be defeated."

"What happens after warriors are defeated?"

"They either regroup themselves or they abandon the quest for knowledge and join the ranks of the petty tyrants for life."

ANNA'S ENERGY ENHANCEMENT COURSE STUDENT REPORT WITH SATCHIDANAND AND DEVI DHYANI

**PSYCHIC POWERS, PSYCHIC VISION, SIDDHIS,
AND INCREDIBLE SPIRITUAL EXPERIENCES WITH
THE TRIANGLE OF CHAKRAS IN THE HEAD -**

"Traditional forms of meditation are designed to fail!!"

Energy Enhancement Meditation creates Illumination, Enlightenment,
and Immortality

Why? Because no other Meditation System teaches all these..

1. Chakras above the Head. "Our Father who art in Heaven. This is the Psychic Map, the way we connect to God an infinity of Chakras above the Head. Each chakra increases in vibration and energy and talent. Each Chakra is a computer processor in the Supercomputer of the Soul. The more Chakras above the Head we can connect to, the more Superpowers we obtain. The Chakras above the Head are the source of Genius, coming from Geni the Greek word for the Source Powers of the Soul. Intelligence, IQ, Intuition rather than induction. Knowing rather than simple logic. Empathy, Conscience and Wisdom rather than the Evil Final Solution. Become Juicy. Connect to the "Big Generator" - Gurdjieff, in the sky. Get Connected to the Juice. "Connect, only Connect" - Goethe. Brilliance, Luminosity, Illumination, EnLightenment are all words meaning this powerful connection with the Chakras above the Head.
2. The Antahkarana - A column of Energy "Twixt Heaven and Earth along which are strung like a "string of Pearls" a Mala, a Rosary of Chakras from Kundalini Chakra in the Center of the Earth - the Source Waters of Kundalini Shakti - a reflection which bounces from every chakra - reflected BACK from the light of the Central Spiritual Sun - "Brighter than 10,000 Suns it shines alone"
3. The Kundalini Key –

WHY DOES ENERGY ENHANCEMENT TEACH MORE???

WHY DOES ENERGY ENHANCEMENT TEACH MORE THAN ANY
OTHER COURSE OF MEDITATION???

WHY???

BECAUSE "Traditional forms of Meditation are Designed to Fail!!"

BECAUSE THE BUDDHAFIELD OF SATCHIDANAND PRODUCES
EFFECTS TO SPEED UP THE MEDITATION PROCESS

SATCHIDANAND IS A SERIOUS STUDENT OF ENLIGHTENMENT
HAVING BEEN TAUGHT BY ZEN MASTER HOGEN OF JAPAN AND
SWAMI SATCHIDANANDA OF VIRGINIA - YOGIRAJ AND STUDENT
OF SWAMI SIVANANDA OF RISHIKESH

Siva Samhitā, iii, 10-19: "Now I shall tell you how easily to attain success in Yoga, by knowing which the Yogis never fail in the practice of Yoga. Only the knowledge imparted by a Competent Teacher through his lips is powerful and useful; otherwise it becomes fruitless, weak and very painful.

And this is why - by coming into the Buddhafield of Energy surrounding Energy Enhancement Satchidanand obtained through many years of meditation with many enlightened masters, you obtain Shaktipat- an infusion of energy to help you get into a permanent state of meditation.

"A few days ago Satchidanand was glowing such that Anna could not look at him.

She said she needed sunglasses.

She had to leave the presence.

The growing pains produced by the spiritual radiation were intense.

"A few days ago Satchidanand was glowing such that Anna could not look at him.

She said she needed sunglasses.

She had to leave the presence.

The growing pains produced by the spiritual radiation were intense.

"Swami Satchidanand is Radiator of Spiritual Tension, a Walking Point of Crisis" - This is The Buddhafield of Satchidanand

Due to the effects of the Radiation she took a day out and went to sleep.

In the dream she knew she was dreaming.

A PICTURE OF ANNA AT THE END OF THE COURSE

In the dream she was asleep. and she knew she was asleep in the dream.

And she was watching what was going on in the second dream - three levels.

She saw Devi cleaning the floor, the Physical Level - and Devi was not happy with the result. Some floorboards were white but some were dark.

Eventually Devi gave up and left a crystal on a bed of salt with a cloth over the top.

Anna examined the crystal from the second level.

And then a cat came in with three kittens.

Apparently Satchidanand was there because he said, "She is feeding, shoo her out!!" so she did. This refers to the three energy blockage snakes in the cave of snakes Anna found in the sacrum during the first week with us. Blockages out!!

And then onto the fourth level of dream, a pink room where Satchidanand was cleaning a mirror of its greasy marks because the mind needs to reflect that which is to be truly true. Greasy spots reflect a lie, an untruth, the symptoms of energy blockages"

"There she removed five inner children sub-personalities and a mazy unclarity in the limpid clarity required of a clean mental aura.

As she cleared it she was allowed to ascend to Sirius and in the temple there entered into the sacred flame. She found herself entering naked into a golden room with golden filigrees on the door. Eight naked men followed her in. With her in the center they lay on the floor feet towards her, heads pointing away in a circle around her. There they turned into golden skeletons and Anna ascended up the Antahkarana spinning clockwise.

There was an Angel who noted her name in the book and allowed her to continue her ascent in to the Avatar of Synthesis - SYMBOLISING THAT NOW, AFTER PURIFICATION, SHE CAN BE A PART OF THAT HIGH COMMUNITY. There she noticed many clones of Master Satchidanand with his glasses who is the hands of the Avatar of Synthesis on this planet"

"There she also received the vision of herself on a Long Superhighway. There are many souls in the cars speeding along there. She knows it is a long road. But she also knows that Energy Enhancement is the Fastest Path!!

4093"> "After her meditation on the superhighway Anna continued her Energy Enhancement Initiations with The Spiritual Aura of Energy Enhancement Level 2 Initiation 5. As she went out into the infinite spiritual Aura she was taken upwards exactly as in the previous Initiation in the mental Aura. She was taken Higher. As she ascended again the Angel checked her name off in the book allowing her to enter into the great community of Souls at the Avatar of Synthesis.

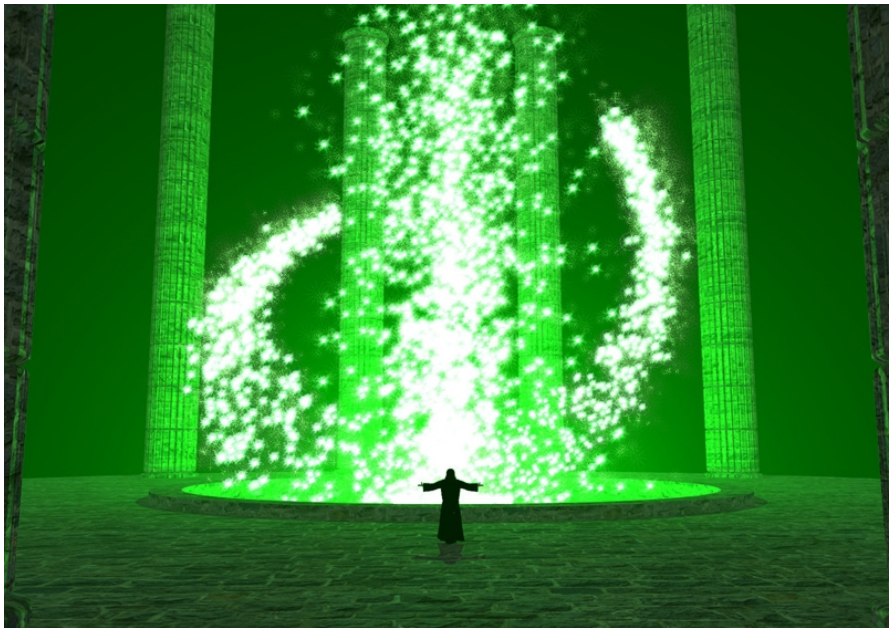

She found herself in front of Satchidanand who was sitting on a throne, radiating white light. She felt herself like a three years old child taken by

Satchidanand and standing at his side, enfolded in his arms and in his love. She felt him touching her back and head and tears came down from her eyes.

From the crowd of great souls around her came the cry, "Give her the present!"

And Satchidanand gave her a triangular mechanism created out of pure mental matter looking like light or ether. She was told it was to integrate the triangle of Chakras in the head, forming an integrated Unit out of the three chakras of the head.

The functioning triangle of Sahasrara Ray One of Purpose and Will connected with the light of the Central Spiritual Sun above the head of Intuition, Alta Major Center at the occipital base of the Skull Ray Two of Love connected with the energies beaming out of the left eye, and Ajna Brow Chakra Ray Three of the Intellect connected with the energies beaming out of the right eye and the connections between them - ALL POWERED BY THE VAST ENERGIES OF THE BASE CHAKRA CONNECTED WITH THE INFINITE ENERGIES OF KUNDALINI CHAKRA.

Putting in the integrative triangle was a blast. Satchidanand said, "You need to get used to it"

The purpose of this triangle is to Radiate the Light of the higher chakras and so influence and evolve her own students.. I suppose they will have to get sunglasses also!! LOL!!"

Only two more days to go!!

Anna Visiting Iguassu Falls January 2011 at the beginning of the course.

Anna's Energy Enhancement Course Report 22nd February 2011
I never realized the power of blockages until a couple of weeks prior to coming on this course. As my departure date came closer the blockages began to show themselves in greater intensity.

They showed themselves in every aspect of my relationships with all around me. They invaded my thoughts, my emotions and my actions. Creating statements not only in my head but also voiced statements which I knew were not really what I deeply felt about me and the reasons why the course was important to me.

I wanted to be rid of these blockages they were holding me back from my Path. They were preventing further advancement, they wanted to hold me where I was, the blockages were happy with their life in me. I knew that I needed to travel away from my own reality to have undisturbed time, devoted time, with out distraction to be able to work on these deep seated blockages. As soon as I got on the airplane the blockages fell silent, they tried to hide even deeper inside of me hoping that they would not be discovered.

When the work began, the blockages would try to distract me in every way possible. Creating illusions in my mind and procrastination, I'll do it later, I don't need to do this now, I'll read, dream, sleep anything but settle down to do the meditation required to deal with a particular aspect of the blockages. Slowly the work reached into the deeper levels of my subconscious and I could look at the different effects that particular blockages had upon how I responded to certain situations, repeated patterns of behavior that I had been trying to break using other spiritual methods I knew.

Deeper and deeper I travel into my subconscious and the benefits I received back became deeper and deeper. I recover my inner sense of joy and happiness which I had not felt for a while. Life can beat you down every now and again and I had few tools to be able to restore my inner joy and inner happiness. My internal smile returned.

As the Initiations progressed so did my internal peace. As I was reaching the end of Initiation 3, which took a lot of time, dedication and bloody mindedness I received several amazing gifts from Spirit, from the Divine Love that we all crave for. I had three distinct experiences.

The first one was of a downloading nature; I had gone to lie down after a particularly challenging meditation, I had placed my newly acquired large quartz crystal on my heart chakra. I realized that time had passed but not how long and when I came to I found it difficult to move my arms and legs, my body was so heavy, my palm chakras were shining so brightly, I felt as

if crystals had been implanted, energy flowed down my forearms, down my legs. I had been out for just over an hour. I felt as if I had been floating, somewhere else, not completely sure of where or what had been happening, but I felt so good, so blessed, so loved. It took me a few hours to fully integrate back into my physical body.

The next gift happened the shortly after. I got up but was having great difficulty in waking up, my mind just wanted to go back to sleep. I forced myself to attend breakfast and after it was decided that I should go back to sleep for a while. I fell into a deep sleep for 3 hours and awoke remembering in full detail the contents of the most amazing dream I have ever experienced. I was dreaming in three different realities. I knew I was asleep in the physical sense; I was also asleep in my dream and also walking about. I knew in my dream that I was asleep in both realities. At some point during my physical sleep I turned onto my back, all that happened next was whilst I was asleep.

I began to realize that my occipital was hurting; hurting like it had never hurt before. I felt a loving hand gently stroke the right side of my face, tears rolled down my face in both my dream and in reality. Tears created by the loving compassionate touch that I received. I only saw the hand. I had blazing white light fill my mind and time had no meaning. This happened several times during the dream sequence. I knew I was asleep in the physical world and I knew I was asleep in my dream world.

I moved from the room that I was asleep in, in my dream world, to a space that was occupied by Satchi and Devi. They were cleaning, Devi on her hands and knees cleaning the floor around where I sat on a reclining chair. In through the French window to my left I saw a black Mother cat come into the room followed by three little fuzzy black balls, her kittens. I said to Satchi the cats have got in. In a very loving voice Satchi says to me 'She is feeding; make sure you get her out'. It was as if the cat was just looking for somewhere safe to feed her kittens. I got up from the chair and walked down a corridor and shushed the cats out, Satchi said you might wanted to have a look in this room and I entered a totally baby pink room, the floor, ceiling and walls baby pink in color. The only thing in the room was a large mirror which Satchi had been cleaning grease marks off of.

I then return to the room in which I am asleep in my dream and I find Devi cleaning the floor around me. She knew I was asleep. She is not happy with the way the floor had turned out and she is complaining about using too much liquid to clean the floor. It was as if the floor had been bleached in parts. I wake up in my dream and find that she has left a cloth, some salts and a large quartz crystal on the floor beside me. I pick up the crystal to investigate what she has left and return all in the same place as I found it.

Before returning to the physical world I became aware of the pain in both

my palms and I turn to look at my right palm and find a clear quartz crystal has been placed into my palm chakra. I also have a pain in my left palm but not to the same intensity. Upon waking I realize that I have had my right hand in the receiving position, palm upwards by my head and my left hand in the releasing position, palm downwards facing towards my feet.

At some point in my dream I did think Satchi what have you done to me and could you turn down the intensity please but I also know that you only receive what you can cope with. I woke up feeling refreshed, amazed and a little bit in awe of what I had just experienced. The number three had already been present in my meditations and I immediately understood that the cat and her kittens were blockages trying to return. I also understood that Satchi and Devi had both been working hard to help me clean my body, soul and chakras.

My third out of this world experience happened towards the end of completing Initiation Four of Level Two. Just before the meditation came to an end I was propelled upwards, higher than I have ever been before. It was as if my Antahkarana had become a space ship, higher and higher I went. I was taken to an outcrop, a landing platform with mountains all around.

In the centre of the circular disc was a lit candle. With out hesitation I walked straight in to the burning candle. As soon as I did this the candle changed into a golden circular chamber with beautiful lattice grills all around. A door opened and people began to walk in to the chamber. I thought who are they? But the image quickly changed and they lay down all around me in an eight pointed shape with their feet towards me. They had turned into golden skeletons. I was raised higher, spinning, turning in a clockwise direction with rainbow light showering down upon me.

Satchi advised me to return to this place to ask where I had gone to, what was the name of this place? What was the reason I was taken there? What was the next step in my path? When I returned the next day I was shown several different levels as I was taken higher and higher. At one stage I was shown an Angel looking in a book, I had the impression that she was checking to see if my name was there.

As I arrived at the next level I began to see Satchi look-alikes, several men with long white beards and wearing glasses. I had been asking my questions and the images changed to a long road, a highway spreading out before me. As I began to travel along the highway, cars came and went in both directions. Sitting on the highway barriers, on both sides of the highway, I saw people. The souls of people also traveling the path or people waiting to be helped along their soul path?

I have had many other experiences whilst here, feelings of great gratitude and forgiveness towards family members, towards friends both past and present, towards my self in this present life and towards myself in past lives. I have felt things make sense, a sort of order restored within, a newly found strength of balance. New tools to help me deal with what life can throw at me. I feel that I am able to love myself more than before. I have felt supported, physically, emotionally and spiritually by Satchi and Devi. I have felt their compassion and the compassion of the Divine Universal love for all.

ANNA - 22ND FEBRUARY 2011

Satchidanand's Energy Enhancement Course Report on Anna, Updated 22nd February 2011 - Including a few of the Teachings and Experiences received by Anna on the Course

Anna came to Iguassu for a One Month Two Level Energy Enhancement Course. She is the Loving wife of one of our previous students and mother of two strapping Irish sons. She has been involved in Shaman training and now teaches how to make shamanic drums in workshops worldwide.

We all have psychic powers. Normally they have so little energy powering them that they do not work properly - As we "Powered UP!" all of the psychic powers in Energy Enhancement Level One - Anna started to "see" (Psychic Vision is always one of the first "Siddhis" to arrive in Energy Enhancement) She had the experience of Blockages above the head in the chakras above the head which she "Saw" as the inability to create the antahkarana higher than the Logos chakra, preventing her ascent of the Antahkarana.

In association of the information on the Omphallos Stone (See the Energy Enhancement Book, "Super Energy and Sacred Symbols") - captured in its "Argenon" or "Snake basket" from Delphi and the dark, "Pythonesses" the divinatory priestesses of the Delphi Cult which covered the whole Mediterranean and through Plutarch, the then head of the order, became one of the state religions of Rome through Augustus Caesar in his meeting with them in Capri. She investigated the, "Cave of the Snakes" which she found in the spine in the Sacral Region and worked on three Viper Snake energy blockages which she found there - from past lifetimes in these organisations.

As we move on into Energy Enhancement Level Two, - The Elimination of Energy Blockages - all these blockages we have seen will have to go!!

Anna has been talking of looking and feeling much better now, so I suppose we will have to have the, "After" picture to follow the, "Before" one above.

As Anna was working on the Energy Blockages above the head using the Seven Step Process of level 2 she found incredible energy intensity as she grounded and sent up Energy Blockages implanted into her Antahkarana many lifetimes ago.

She said, "but you did not tell me about the intensity of the Energy before I came" and this is what I wrote to her husband by email..

Anna is Working on the Fourth Level and above of the Seven step process.

She said, "You didn't tell me it would be this intense!"

I say that its like this the very first time. Growing pains. It will not be like that again.

All we are doing is increasing our abilities to handle the highest flux densities of energy.

The end of the process is that we become Ascended Masters.

To do this we have to study with someone at a higher level.

Its all very well working on the things we can do easily.

But in order to progress, we need to work on the things at a higher level.

More on the edge.

In chess, "we can only improve by playing a better opponent". (From The Guy Ritchie Movie, "Revolver", First Cut, where the whole movie is about removing all the sub personalities of the Ego)

Its what Castaneda calls, "The Perfect Enemy"

Long may it continue from that place of, "No Fear"

Anna has removed blockages from above the head, below the base and is now working on the blockages within the body. Base Chakra, Money, sex, security, fear, Base Chakra energy connections with other people. As she says, "The Three F's Fear, Food and Fucking". And as she was working on these areas she was getting the past life experiences where these blockages were formed.

Energy Enhancement works on the, "Need to Know" basis. Most of the stuff we do not need to know, and this stuff just gets grounded. But sometimes there is something which our Soul wants us to know. These are

the visions which are shown to us all the way through the Energy Enhancement Course

And in Energy Enhancement it is the Soul who is in charge of the Course. Not Me. Not the Anna personality, but that Soul infused Personality who is in the process of throwing out all the other Dark Sub-Personalities, connected to the dark side, infused with trauma caused negative Karmic mass. This process is just that symbolised by the Bhagavad Gita where Arjuna represents the Pandava White Angels inside a human being and The Kaurava family represents the Dark Angels within a human being. The war between the two of them represents the process of purification of the Energy Enhancement course where our student will ground and heal all the Energy Blockages before absorbing them back into the Soul where they all become ONE! There can only be ONE!!

THIS BATTLE CAN ONLY BE WON WITH THE HELP OF KRISHNA WHO SYMBOLISES THE HIGHER SELF, THE SOUL, THE MONAD AND HIGHER!!

As she was working on some of the childish sub personalities created in every family where there is competition and jealousy for the love and attention of the parents from every sibling, she had tremendous intensity of energy in the Visshuddhi throat chakra moving down into the Heart chakra particularly in the Mental Aura of the heart Chakra.

"The energy was so intense", she said, "But I was in that space of No-Mind and it was not me doing the work. Everything was ready for this great operation and It was being Done for me and as I sat for an Hour!! (I have never ever been able to sit for anything like that length of time before) so the whole mass of deep dark energy blockages were cleared out of the region. The result was that someone, Shiva, Lakshmi, Krishna, opened up all the minor chakras in my body, shining in my hand chakras and brow chakra and I felt all the meridians flowing with the light. Wow!!

After that I had a go at the triangle of Chakras within the head. The functioning triangle of Sahasrara Ray One of Purpose and Will connected with the light of the Central Spiritual Sun above the head of Intuition, Alta Major Center at the occipital base of the Skull Ray Two of Love connected with the energies beaming out of the left eye, and Ajna Brow Chakra Ray Three of the Intellect connected with the energies beaming out of the right eye and the connections between them.

Removing the Energy Blockages in this region caused me the next day to be blinded by the light emanating from the psychic body of Satchidanand during our regular daily talks. Every day I see his Aura glowing bright

white, but today it was so brilliant I could barely watch him. I suppose I will have to wear sun glasses!!

I told him that it was only the preparation of previous courses on the Shamanka Shamanic path which had given me enough purity and strength to continue the Energy Enhancement Process. He told me that great masters will not meet with normal people as the radiant energy of the master will be too much for the normal student and will, "Blow them out". The Radiant Light, The Buddhafield of Masters will, "cast out" the energy blockages of the student. Usually the Energy Blockages will talk to the students to Go from the Ashram before that can happen by creating bad thoughts and resentment over anything to do with the Master or the Ashram. Thus they are, "Blown Out". Great Masters will only meet with their disciples who have proven able to take the energies.

Before I came on the Energy Enhancement Course. For two weeks before it I was in the state of incredible fear. All my blockages were afraid, jumping up and down and trying to get me not to come. I was in an incredible state just before I had to get on the plane but I knew what was going on. I knew I had to defeat these energy blockages and now I am here I would never not have come. The course has just blown me away!!

Thus Satchidanand says, "You have been looking all over the World to find One Master who is Genuine. Me, I've been looking all my life for a genuine Student" We need to know that we are on the path of increasing that studentness inside of us. For this, normally we need some previous spiritual path before meeting a genuine Master. Only a genuine student can become enlightened.

Osho had a student in Germany who wrote to everyone to say that he was Enlightened. Osho knew he was not and so asked him to come to meet him again. When he came he said, "I don't know what happened. When I was in Germany I was Enlightened. But now I am here suddenly it has gone from me and I am back in the same unenlightened state." But then he went back to Germany and again he was writing everyone to say he was enlightened again.

There are many people alive in the world like Hitler and Stalin who are the cause of all the problems in the World.

There are many Charlatans in the World. Milarepa visited one before he found his real Master and became Enlightened. Milarepa became one of the greatest saints in Tibet and the thousand songs of Milarepa are still sung in Tibet. But before he went on the Path of Light, Milarepa practised to become a Black Magician so he had some previous spiritual training. He came to a monastery on the banks of one of the deepest and coldest lakes

in the Himalayas. The Master there said, "Just chant my name and you will be able to do anything!!"

One of the defining traits of a Student is faith. People who are cynical would say naivety. Whatever we call it, this trait is necessary. To believe that one person in the World has ever become enlightened requires a big leap of Faith whether that person is Jesus Christ, Buddha or Krishna.

So when Milarepa came out of his interview with the Master all the cynical non students decided to have some fun. They said, "At the top of the mountain is a 1000 meter cliff. Surely by chanting the Masters name you can jump off the top without any problems!" And Milarepa was so stupid he said, "yes!"

And the students followed him up the mountain to the top of the cliff every moment expecting him to chicken out. But Milarepa sat at the top in the Lotus. And chanting the Masters name he flung himself from the top!!

The students were horrified. They ran to the bottom expecting to see his broken body on the rocks. But he was there!! Sitting in the Lotus posture chanting the Master's name.

So they said, "Now walk across the waters of the Lake" and chanting the Masters name, Milarepa walked on the Waters of the deepest coldest lake in the whole of Tibet.

The Master was looking out of his window and saw this. He asked his closest disciple what was going on and the Disciple told him that he was chanting the Masters name and thus was able to do anything.

The Master was really proud, "I am so powerful" he thought.

So next morning at 4am he went out to the lake and chanting his own name went out onto the lake, fell in and drowned!!

They were all searching for the Master. Where was he?

But Milarepa just shrugged and went off looking for his genuine Master, Marpa. Found him and became Enlightened.

Just because you have psychic powers does not mean that you are enlightened. Milarepa developed his on a dark path of Black magic. This path was his previous spiritual experience.

Everyone on the energy enhancement course develops psychic powers in order to remove energy blockages in yourself, and in others..

The test of Illumination is the ability to stay with a Master without any problems as the Master and his Soul and his Monad will always try to bring the Student's Energy Blockages to the attention of the Student so that he can work on them and remove them.

WRITTEN 16TH FEBRUARY 2011 - ONLY NINE DAYS LEFT TO GO!!

Hi,

Anna is very happy!!

A few days ago I was glowing such that she could not look at me.

She said she needed sunglasses.

She had to leave the presence.

The growing pains produced by the spiritual radiation were intense.

"Swami Satchidanand is Radiator of Spiritual Tension, a Walking Point of Crisis" - This is The Buddhafield of Satchidanand

Due to the effects of the Radiation she took a day out and went to sleep.

In the dream she knew she was dreaming.

In the dream she was asleep. and she knew she was asleep in the dream.

And she was watching what was going on in the second dream - three levels.

She saw Devi cleaning the floor, and Devi was not happy with the result. Some floorboards were white but some were dark.

Eventually Devi gave up and left a crystal on a bed of salt with a cloth over the top.

Anna examined the crystal from the second level.

And then a cat came in with three kittens.

Apparently Satchidanand was there because he said, "She is feeding, shoo her out!!" so she did. And we think this refers to the three energy blockage snakes in the cave of snakes Anna found in the sacrum during the first week with us. Blockages out!!

And then onto the fourth level of dream, a pink room where Satchidanand was cleaning a mirror of its greasy marks because the mind needs to reflect that which is to be truly true. Greasy spots reflect a lie, an untruth, the symptoms of energy blockages. And so on.

Anna can tell you the rest.

But Anna is very happy with the result of her efforts in meditation, cleaning all the chakras of the antahkarana very carefully every day.

Because spiritual experiences have to be earned.

A lot of very good work has been done.

Anna is happy and energised.

We read her palm and very good future it is too.

More work needs to be done and Anna is thinking of a regular Energy Enhancement session every day at home.

Good!!

We also are happy at keeping it all together!!

Lots of Love and Light,

Masters Satchidanand and Devi Dhyani

Anna - After the Energy Enhancement Meditation Course 25th February 2011

Written 22nd February 2011

Well, since her dream Anna has been working on the Four Auras - Initiation Five of Level Two of Energy Enhancement - including the Physical Aura and the DNA.

As she was working on the Physical Aura she had the experience of seeing a spear point lodged in her shoulder, in the middle of the Clavicle right side. She saw that it was there from past lives but was also having its effects in this lifetime having severe pain there, worked on it for many years with acupuncture which although it drained the pain, did not fully remove the cause. In this meditation the spear point was handed to her, she grounded it and sent it up and then sewed the damage in the clavicle with golden thread.

The emotional aura was tough too, so much so that even with the air conditioning on, she was sweating with the effort and the intensity needed for clearing it. She felt the weight on her shoulders felt all of her life, from supporting those around her, disappearing.

And on to the mental aura. There she removed five inner children sub-personalities and a mazy unclarity in the limpid clarity required of a clean mental aura.

As she cleared it she was allowed to ascend to Sirius and in the temple there entered into the sacred flame. She found herself entering naked into a golden room with golden filigrees on the door. Eight naked men followed her in. With her in the center they lay on the floor feet towards her, heads pointing away in a circle around her. There they turned into golden skeletons and Anna ascended up the Antahkarana spinning clockwise.

There was an Angel who noted her name in the book and allowed her to continue her ascent in to the Avatar of Synthesis - SYMBOLISING THAT NOW, AFTER PURIFICATION, SHE CAN BE A PART OF THAT HIGH COMMUNITY. 4073"> There she noticed many clones of Master Satchidanand with his glasses who is the hands of the Avatar of Synthesis on this planet.

Each organisation tests its aspirants to see if they are high enough to join them. Those who do not pass the test are rejected. Then they grow within the organisation.

There she also received the vision of herself on a Long Superhighway. There are many souls in the cars speeding along there. She knows it is a long road. But she also knows that Energy Enhancement is the Fastest Path!!

After her meditation on the superhighway Anna continued her Energy Enhancement Initiations with The Spiritual Aura of Energy Enhancement Level 2 Initiation 5. As she went out into the infinite spiritual Aura she was taken upwards exactly as in the previous Initiation in the mental Aura. She was taken Higher. As she ascended again the Angel checked her name off in the book allowing her to enter into the great community of Souls at the Avatar of Synthesis.

3965">

She found herself in front of Satchidanand who was sitting on a throne, radiating white light. She felt herself like a three years old child taken by Satchidanand and standing at his side, enfolded in his arms and in his love. She felt him touching her back and head and tears came down from her eyes.

From the crowd of great souls around her came the cry, "Give her the present!"

And Satchidanand gave her a triangular mechanism created out of pure mental matter looking like light or ether. She was told it was to integrate the triangle of Chakras in the head, forming a 4077">n integrated Unit out of the three chakras of the head.

The functioning triangle of Sahasrara Ray One of Purpose and Will connected with the light of the Central Spiritual Sun above the head of Intuition, Alta Major Center at the occipital base of the Skull Ray Two of Love connected with the energies beaming out of the left eye, and Ajna Brow Chakra Ray Three of the Intellect connected with the energies beaming out of the right eye and the connections between them - ALL POWERED BY THE VAST ENERGIES OF THE BASE CHAKRA CONNECTED WITH THE INFINITE ENERGIES OF KUNDALINI CHAKRA.

Putting in the integrative triangle was a blast. Satchidanand said, "You need to get used to it"

The purpose of this triangle is to Radiate the Light of the higher chakras and so influence and evolve her own students.. I suppose they will have to get sunglasses also!! LOL!!

Only two more days to go!!

Recapitulating the Years of the Life was the final initiation of Level Two of Energy Enhancement.

As Devi gave her a special Course on the Elimination of Energy Blockages including removing all negative energy from the conception point where she found that practising the Initiations again would remove even more of the selfish competitive star, the "Self Importance" of don Juan and Castaneda, The "Vanity" of Gurdjieff, and aid the "Creation of Impeccability", Anna could only report on the first few years of her life. The rest is homework.

However she did mention the start of spotting the Inner Children Saboteurs of her life. To start with, these Inner Children Saboteurs tried to prevent the process through the technique employed by many different types of Energy Blockages called, "Procrastination"

Due to the fact that Anna's birthday is the 21st December she very rarely had a special birthday celebration as a child - it being so near to Christmas. The angry/sad Inner Child created at this point had tried to gain attention and vampirise the energies of all around her by creating Dramas, becoming a, "Drama Queen" at this date every year of her life up till now.

Anna saw this. And now she has used the Energy Enhancement techniques to drain the trauma-formed negative Karmic mass out of the Birthdays, out of the Birthday Inner child and to Integrate this troublesome Inner Child with Love, back into the Central Stem of the Soul, thus further integrating the mind.

Anna spotted more and more Inner Children and knew the task in front of her was steep to Integrate ALL the Inner Children created during this past lifetime.

To help the process of removing all, "Touchiness" which is the symptom of all inner children in her and your life, I recommended the use of the technique of the Petty Tyrant in order to reach the, "Impeccableness" of Illumination. Petty Tyrants show us our, "Self Importance" of the Selfish Competitive Ego.

To help with the process I read out the following story all the while saying that the path of don Juan came from a dark Sorceric path only recently

cleaned out by don Juan himself and a lot of the teachings of the sorcerors way can take you down the path of darkness.

Even, "Impeccability" is not sufficient because, "Impeccability" can be used only with the energies of Intellect and Will as by Stalin, Hitler and Mao, whereas the true perfection of "Impeccability" can only come with the use of Intellect, Will AND Love!! as given by the Buddha and Jesus Christ.

However, the use of treating Petty Tyrants in your life to, "Stalk" yourself so as to find all points of, "Touchiness" of, "Self Importance" is a great technique. Use it!! So I read out the following excerpt so she could understand the technique...

Use the Energy Enhancement techniques to drain the Self Important trauma-formed negative Karmic mass out of the Inner children to Integrate these troublesome Inner Children with Love, back into the Central Stem of the Soul, thus further integrating the mind.

Better out than in!!

This is the meaning of the page above with Don Juan followed by Anna...

Despite the great success of Anna's course, she told me privately she did not want to continue with Energy Enhancement, I think because the remaining Subpersonalities did not want to continue and they vote!

This is the way it is with everyone, unless you work actively to remove every subpersonality, every sex addiction implant energy blockage, these guys will kill you, fuck up your life...

And this is what happened to Anna.

She failed to continue stalk and remove her energy blockages.

Self-importance Re: Special people Re: Sub- personality and my Ego Re: Review part 2 Yuko Sato

Hi Satchi,

Thank you for your message. I was about to send the next review, while you sent me the message. So, I read through all about Don Juan. It was probably, I believe, another synchronicity, though. Please read my review.

First sync is that I found many inner children with massive anger and grounded all. However, I could say, after reading your email, those might have been "Self-importance and Petty Tyrants". The way I did explode them by themselves and burnt were also interesting. What do you think? I have a simple question. If I burnt all of my self importance inner children, I could feel detachment with acts of other person's self-importance inner children? Probably, yes.

The second sync is the lines of the strategy of warriors.

Don Juan said then that in the strategic inventories of warriors, self-importance figures as the activity that consumes the greatest amount of energy, hence, their effort to eradicate it. "One of the first concerns of warriors is to free that energy in order to face the unknown with it," Don Juan went on. "The action of rechanneling that energy is impeccability."

He said that the most effective strategy was worked out by the seers of the Conquest, the unquestionable masters of stalking. It consists of six elements that interplay with one another. Five of them are called the attributes of warriorship: control, discipline, forbearance, timing, and will. They pertain to the world of the warrior who is fighting to lose self-importance. The sixth element, which is perhaps the most important of all, pertains to the outside world and is called the petty tyrant.

"A petty tyrant is a tormentor," he replied. "Someone who either holds the power of life and death over warriors or simply annoys them to distraction.

I had a similar conversation with my Kendo teacher after the meditation in which I burnt “Self-importance inner children”. You can read this conversation in my review below.

Today is such a relaxing day with a blue sky and dramatic clouds, sometimes the sun shows its face. I meditated and wrote reviews all day. Let's go!

On January 30th (Mon)

I woke up from a lucid dream. In my dream, my father who passed away two years ago woke me up. He was shaking me and said, “Yuko, get up! you are already late. It's 11 o'clock! I am OK to sleep longer, but you are not.

Many people are looking for you, go to work!” Then, I got up in my dream. I went to work. On the way, I visited a big bookshop. I was looking for a particular book which was with a shining golden booklet that was the same size as a postcard. The title was ‘23 ~’27.

There were so many interesting books, but I could not find this. I asked about it several shopkeepers. They said they didn't know about it. I knew that they were hiding this from me because all answers I want were written in this book.

I was disappointed, so I complained bitterly about untrustworthy people. It was not nice of me, wasn't it, Satchi? On the contrary, I bought seven thick

books except for this golden book and left the bookshop. I was holding seven books with both arms and walking at a pier.

There was nobody and nothing but a pier. It was evening and seagulls were flying and orbiting above the pier. I was thinking to send those books. Then I woke up.

I crossed my legs and went back to the scene. Firstly, I circled and grounded all. Nothing came up. I focus on the book. Because I knew this golden book. I had it in my futuristic library on the top of my Antahkarana and I placed it in my mind computer to project its content before.

Now, I was curious to go to my Antahkarana which was burnt in the last meditation. There was empty, dark space. It was a new beginning. I started to create the upside-down triangle to connect to Shakti, the centre of the earth. I connected strongly because there was nothing between us. I spun the upside-down triangle for a while, and then energy from Shakti in the center of the earth started forming a disc.

It looked like a galaxy with many colours. The disc was so powerful that it connected to my root chakra. My root chakra absorbed powerful energy and glowed. I cleaned it with Shakti. Once the root chakra was cleaned, energy flew up to the sacral chakra. It drank energy a lot like a rainbow after long rain to grow bigger.

I must have had blockages in this chakra before because the energy hadn't flowed like that. It became a big, strong disc filled with Shakti pure water.

Then, the energy moved upward, but it hit something. It was a lump, a size of a fist, colour dark red. I could see veins on its surface. I poured energy into it to remove it. It didn't move at all.

Then, my masculinity told me that he found this before. When he touched it, he received a strong rejection and it forced him to sleep. OK, I couldn't do anything on this side, so I will push it from the opposite side.

So, I created another pyramid to obtain the energy from the universe, the highest place I could reach. Because there was nothing above my crown chakra, I could obtain a beautiful brilliant white light.

I also focused on it and sought it as small children look for their mothers. There was no room for doubt. I imagined my daughter. When she walked the first time, she was walking toward me without any doubts in her eyes. She was a great teacher of love. I sent gratitude to her.

The result from the previous meditation was enormous. The flame burnt my remaining doubts, too. Satchi, where doubts were born from? Doubt was a big enemy to prevent me from moving forward, making a decision and receiving great energy from the universe.

My crown chakra was widely opened to connect to it. A strong flow of energy started to create a long form. "Yes! It's a new Antahkarana!"

I let the energy flow freely without any limitations. Then, I let the energy flow to my brain, pineal gland and third eye. I like placing a Merkaba in my pineal gland to spin faster. So I did.

It increased energy flow. Then, I cleaned the top of my spine, where I felt tense when I did a shoulder stand. I moved my head in various directions, then placed it on the top of my spine naturally and steadily.

Then, energy flew to the throat chakra. I cleaned it and I couldn't find any hidden holes where my inner child was hiding before. It was clean!

Now, in the heart chakra, there were massive canyons. Energy flew all over and turned everything into green gradations. Energy got moistured and radiated all over the place. It was stunningly beautiful.

Then, energy flew down and hit the lump. Now I could push it from both sides. It didn't move at all. But I kept pouring both energies from Shakti and the universe and they covered the lump.

Suddenly, the lump tore and a bird-shaped monster like a dinosaur was born. I circled it in white light and kept pouring energy to ground it.

It moved its wings slowly and its movement shook my Manipura chakra. "Oh, my God! it connects to my chakra." I searched my Manipura chakra carefully and I found energy cords which connected to this monster's wings. I pulled one cord and I found balls attached below like potatoes underground.

I circled them in white light and poured energy. They started unfolding. They were my inner children! They opened their eyes and expressed anger harshly. They were angry inner children and the bird was their captain.

The captain of anger was not a bird, it was a baby fire dragon. My anger which I held inside was stirred by this dragon. I circled them in white light, but they were furious. They are at least 10 of them!!

I asked my mind computer to show the moment when they split off from the Soul because of trauma in my timeline. My brand new mind computer worked much faster. Immediately, it showed them a small fire. I circled them all and removed them from the timeline.

As soon as I removed them, my super angry inner children expressed their anger which I and my past life swallowed and trapped deep inside as trauma-formed negative karmic mass.

They freely expressed, shouted, cried and slapped their husbands, fathers, brothers and lovers in their Karmic mass. It was such an admirable scene.

The little fire dragon looked at me and blew fire at me. It was a sign. I slapped my brother, my ex-husband and my friends who attacked me before. I even did it physically during meditation. I slapped in the air many times. Then, I grounded all and burnt all with a smile.

Now I could send love to them. Because I burnt all and I didn't have any more negativity. It was not a matter of forgiving them. Satchi, I understand what you said. Just burning all and purifying them. I could hold all of them with my arms and hands in the fire.

The fire dragon was dancing in the flame in front of me. Of a sudden, they turned into souls, thousands of lights. I brought them and fused them to my brand new soul.

They are all part of my Antahkarana to power up. The little fire dragon became an angel and my masculinity was purified and became a strong angel too.

I was in my soul and meditating a bit longer. I enjoyed feeling sensations at the top and back of my head. Then, I opened my eyes.

We went to a Ramen restaurant which served Japanese soup bowls with noodles. It was delicious.

In the evening, I went to the Kendo lesson. I practised with my teacher for a long time. He exposed his fighting split personality to me, like my inner children exposing their anger in the morning.

So, I applied the Energy Enhancement Meditation 7 step process, Satchi!

It was an amazing meditation. I circled my impatience in my mind and applied the Energy Enhancement Meditation 7 step process. In the meantime, I focused on sensing the current situation only, not what my

teacher was thinking. I was not affected by his KIAI which was a yelling voice to show a fighting spirit. Because I experienced my anger and the fire dragon. I could ground it immediately, then I made the right move.

I enjoyed practising.

After the lesson, my teacher gave me three pieces of advice. Once I could follow these three pieces of advice, I could try an exam of the first Dan!!

Those were, discipline to hold a sword in the same degree, forbearance to observe all situations until the best timing came, and strong will to control even unknown situations.

Then, he talked a lot about the test of the seventh dan which he would take this weekend. He had failed three times already and in order to pass the exam he must reach the state of impeccability.

He continued that in order to win the very difficult match, however, it is necessary to have special ability to annoy the opponent. Even Musashi Miyamoto wrote this ability in this book called "Five Rings". I was listening to his talk while crossing my legs on the wooden floor in Dojo.

Listening is great skill.

After Kendo, I enjoyed the last evening with my English friend. The next morning, I left early for Yoga practice and went to work. I felt extremely tired in the evening. I just wanted to sleep, then my daughter sent me a message. She wanted me to buy something. So, I suggested she come over the next day. I would feel better by then.

I had a dream. I was fighting in Kendo match. I won, but the opponent complained about me. I hit the back of his head. Everybody including judges was watching me. It is impossible to hit the back of the opponent head in Kendo. We only move forward each other. But probably, it showed I might have a blockage in the back of my head. I will meditate there.

On February 1, the next day, after work I bought some cakes all my daughter's favourites and went home. Sooner or later, she called and she would come in 5 mins. I started to cook dinner. Then, she came. But she didn't put off her shoes. I asked why. She said she would go back once she got the money from me.

Unexpectedly, tears fell from my eyes. I was surprised. I haven't seen her since Christmas. I just told her with tears that I wanted to sit down and talk on Sunday. She said yes.

Then I let her go. She hugged me, usually, I hug her, even if she acts like she doesn't want to.

After she left, I sat on the chair in the kitchen. I realized whether I might act "Poor me" to her, or my heart was completely opened so that pure emotion hit me. I hope that my tear didn't give her pain.

Since then, I meditated about my daughter a couple of times. I struggled to get psychic visions regarding her. Especially, my visions kept changing like a kaleidoscope. I had to ground all images, then times up.

Such a time, I received your email with pieces of advice on relationships. I would like to have responsibility for ours. So, I simply grounded the connection between her chakras and mine. Also, I watched the Level 4 Initiation Videos.

Following your instruction, I did my mother last night. Working the energy flow horizontally was not common for me. I didn't feel much, but I maintained both sides of my chakras. It should be working. I will try my brother and father tonight. And I will try my daughter tomorrow morning before seeing her. I am curious how I could change in front of her after this meditation.

I am getting to the point through meditation. Last night I had a dream. I was driving my car and the road in front of me was rough with lots of snow, even icing. I tried to go through, but my car couldn't go. Then, I found the detour.

to Yuko**

"A petty tyrant is a tormentor," he replied. "Someone who either holds the power of life and death over warriors or simply annoys them to distraction.

The annoyance is a blockage.

Any negative emotion is the blockage.

I was disappointed, so I complained bitterly about untrustworthy people.

Any pain in the body is a blockage.

Then, clean the top of my spine, where I feel tense when I did a shoulder stand.

Possibly a ghost.

I 7step ghosts and send them up to heaven.

I calm them, pacify them with "In the name of the Father, the son and the Holy Ghost"

And the person who bothers you the most - the petty tyrant!

Your daughter!

Any reaction is a blockage.

I project energy down the right line horizontal connection into the chakra in the other person.

If it doesn't return to me on the left there is a blockage in the other person.

You can choose to remove the blockage.

This reminds me of the time Devi and I spent time with a Hollywood actress called Arwen Evenstar - her Father really liked the Lord of the Rings by Tolkien, just like me!

We were together three months in Crete.

She came as a lesbian with short red hair because every one of her relationships with men had failed.

Every menstruation since 16 she had 4 days of incredible pain which she overcame with analgesics.

So, I projected energy down the right line horizontal connection into the 2nd swadistan chakra in Arwen.

If it doesn't return to me on the left there is a blockage in the other person.

It didn't return to me so I projected myself into her.

I saw a big red angry energy blockage and I did the Energy Enhancement Meditation 7 step process and after a lot of struggle I grounded it, transmuted it, removed it.

So, I projected energy down the right line horizontal connection into the 2nd swadistan chakra in Arwen again and again, no response.

There was a total of three big red angry energy blockages in Arwen and I removed them all!

So, I projected energy down the right line horizontal connection into the 2nd swadisthan chakra in Arwen and the energy returned to me.

The menstruation since 16 she had 4 days of incredible pain which she overcame with analgesics never came back.

When she returned she got married - we were invited to the wedding - and had three children.

Many homosexuals, lesbians, have the same problem...

Many homosexuals, lesbians, have connections with their mothers or fathers which they can not break!

So, although one problem was solved by a miracle and she was satisfied, she never meditated again and her opportunity for enlightenment, the only solution to the problems of this earth, was lost.

Same as Anna.

Same as anyone who stops the Energy Enhancement Meditation process.

Energy blockages are innumerable.

Let us vow to end them all!!!!

"Appearance Tyrannizes over Truth and is Lord of Happiness"

Adeimantus of Collytus (432 BCE – 382 BCE) son of Ariston of Athens was
also known as Plato's brother. In Plato's Republic, Adeimantus questions
whether they would be living a good life with little or no personal property.
Consequently, Adeimantus is often associated with greed or love for money
in interpretations of the dialogue.

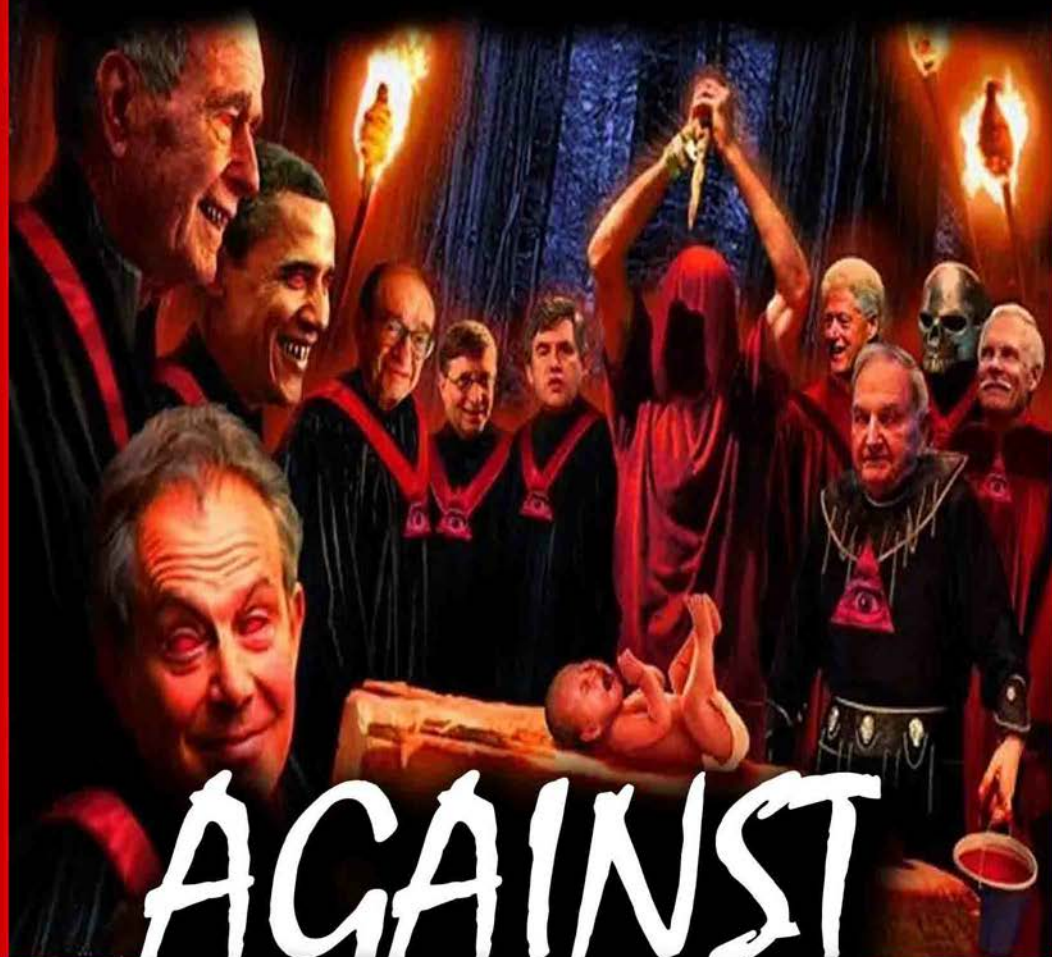

He quotes Pindar (522 – 443 BC) an Ancient Greek lyric poet from Thebes—
"Can I by justice or by crooked ways of deceit ascend a loftier tower which
may be a fortress to me all my days? For what men say is that, if I am really
just and am not also thought just profit there is none, but the pain and loss
on the other hand are unmistakable. But if, though unjust, I acquire the
reputation of justice, a heavenly life is promised to me."

"Let us be consistent then, and believe both or neither. If the poets speak
truly, why then we had better be unjust, and offer of the fruits of injustice;
for if we are just, although we may escape the vengeance of heaven, we shall
lose the gains of injustice; but, if we are unjust, we shall keep the gains,
and by our sinning and Ritual human sacrifices, and Ritual human sacrifices
and sinning, the gods will be propitiated, and we shall not be punished."

AGAINST SATANISM VOLUME 3

SATANIC RITUALS AND HUMAN SACRIFICE

Sometimes people reading the Truth get depressed by it.

For people with big hearts though, the truth gets them started with an Implacable Opposition to Absolute Evil.

The Battle of Armageddon can only be won by sufficient Angels to fight against the Demons. Be an Angel!!

The point of this introductory missive is that 72 Empires have been recorded and every one of them has failed in the same way. The facts have been recorded that a totalitarian and satanic elite infil-traited and took over all these Empires and that 72 once free, flourishing and rich republics were destroyed from within.

Infil-traition of Satanism is the methodology as slowly every Government Ministry and Societal function is taken over. Eventually a Satanist becomes King Emperor President. The Satanist Pillars of Homosexuality, Pederasty, Drugs and Ritual Sex - both Hetero and Homosexual - are introduced overtly and the society is destroyed.

The Ancient Enemy who counts meditation and the mind control psychic arts as one of its main planks of World Domination has used Satanic Infil-Traitors for 10,000 years in every Organisation - Religion, Left and Right Politics, Dynastic Families, Geopolitics, Economics, Universities, Intelligence Services, Think Tanks, Banking, International Companies, Eugenics -

All of them Censoring Worldwide, Advanced Meditation techniques - Alchemical VITRIOL, the Kundalini Key and Energy Blockage Removal from every Meditation Program.. EXCEPT ENERGY ENHANCEMENT!!

The key is that the Satanic Religion and its current recruiting cults of Freemasonry and the Crowlean Sexual Ritual OTO - Ordo Templi Orientis - are Fake Gangs, created by men as a 10,000 years old technique to create psychopathic leaders and thus conquer the world.

All Rituals, Religion, Education, Secret Services and Political Movements have been Scientifically Engineered to create Fake Gangs for 10,000 Years. It's what the old Roman Empire, and the Babylonian Empire, and the Cult of Apollo, and the Byzantine Empire did before.

As you know, all the gangs have Rituals before you can join, making your bones with the Mafia means you must murder someone before you can join and Drug Cartels, secret groups within the Masons, the Hellfire Club, all have their Rituals before you can join and before you can progress. All Rituals, Religion, Education and Political Movements are designed to create fake gangs of psychopaths who can then be used to create control through chaos created poverty - The Oligarchic Policy of Poverty - destroying infrastructure - preventing human evolution.

Satanic Communism and Fascism is gradually being instituted as the New World Religion defined by Satanic Ritual.

72 Empires have been recorded and every one of them has failed in the same way. The facts have been recorded that a totalitarian and satanic elite infil-traited and took over all these Empires and that 72 once free, flourishing and rich republics were destroyed from within by Satanic Ritual.

From South America Incas and Aztecs to Satanic Pagan Odin, Cybele and Attis, Baal and Molech, and the Holy Inquisition, Ritual Human Sacrifice and burning alive and Ritual Homosexuality, Sodomy and Pedophilia has been endemic for Thousands of Years.

Read Against Satanism Volume Two - The Foundation of Western Philosophy is Pagan, Satanic, based on No-Heart Plato and No-Soul Aristotle. Plato's Republic (c.370 BC) propounded the "Concealment of Wickedness" and the use of Ritual Human Sacrifice to placate the Gods of Karma. Plato's Republic's ideal state is based on Sparta - The Spartan society was dominated by a rigidly Hierarchical and Elitist Pedophile Warrior Cult that featured mandatory induction of twelve-year-old boys into Homosexual Partnerships with adult men, and which Plato argues should be ruled by Autocratic Dictator Philosopher-Kings. The Republic propounds the Eugenic elimination of the family and the elimination of private property.

Infil-traiton of Satanism is the methodology as slowly every Government Ministry and Societal function is taken over. Eventually a Satanist becomes King Emperor President. The Satanist Pillars of Homosexuality, Pederasty, Drugs and Ritual Sex - both Hetero and Homosexual - are introduced overtly. Christianity and Judaism - the bulwarks Against Satanism - are destroyed and then society fucked through the fear of Ritual Human Sacrifice.

The Ancient Enemy who counts meditation and the mind control psychic arts as one of its main planks of World Domination has used Satanic Infil-Traitors for 10,000 years in every Organisation - Religion, Left and Right Politics, Dynastic Families, Geopolitics, Economics, Universities, Economics, Intelligence Services, Think Tanks, Banking, International Companies, Global Warming, Eugenics -

This means Pedophilia Sex Rituals and means the Totalitarian Fear Control of Human Sacrifice. As presently occurs in Totalitarian No-Soul Communist China. Christians, Buddhists and Falun Gong are executed in special organ harvesting vans - Human Sacrifice.

They have ten of these vans in every city and they work all day long taking fresh organs to the airport for implantation in Japan. The organs harvested and sold to Rich Oligarchs Worldwide

Because the Torah and the Bible prohibit Homosexuality, in order to introduce Satanism and its Satanic Rituals, Hitler decided to destroy Judaism and Also he changed Christianity - Jesus - into a Sun God associated with Odin by sending all Clerics to the Concentration Death camps along with the Satanic Ritual Burning Human Sacrifice Holocaust of Six Million Jews.

"What we are trying to do in this meeting today is to give you a new view of how the real economy
works today and teach reality economics, instead of
the parallel universe that you have in economic textbooks.

So, instead of learning how the economy operates, students are told how a
parallel universe might operate on a different planet, if there were no government, if there
were no fraud, if the entire economy operated on barter, if there was no debt, and
that everybody wanted to help everybody else, that nobody inherited money, that
everybody earned all of the income and wealth that they have. The reality is the
opposite, but it seems to be talked about only in novels these days.

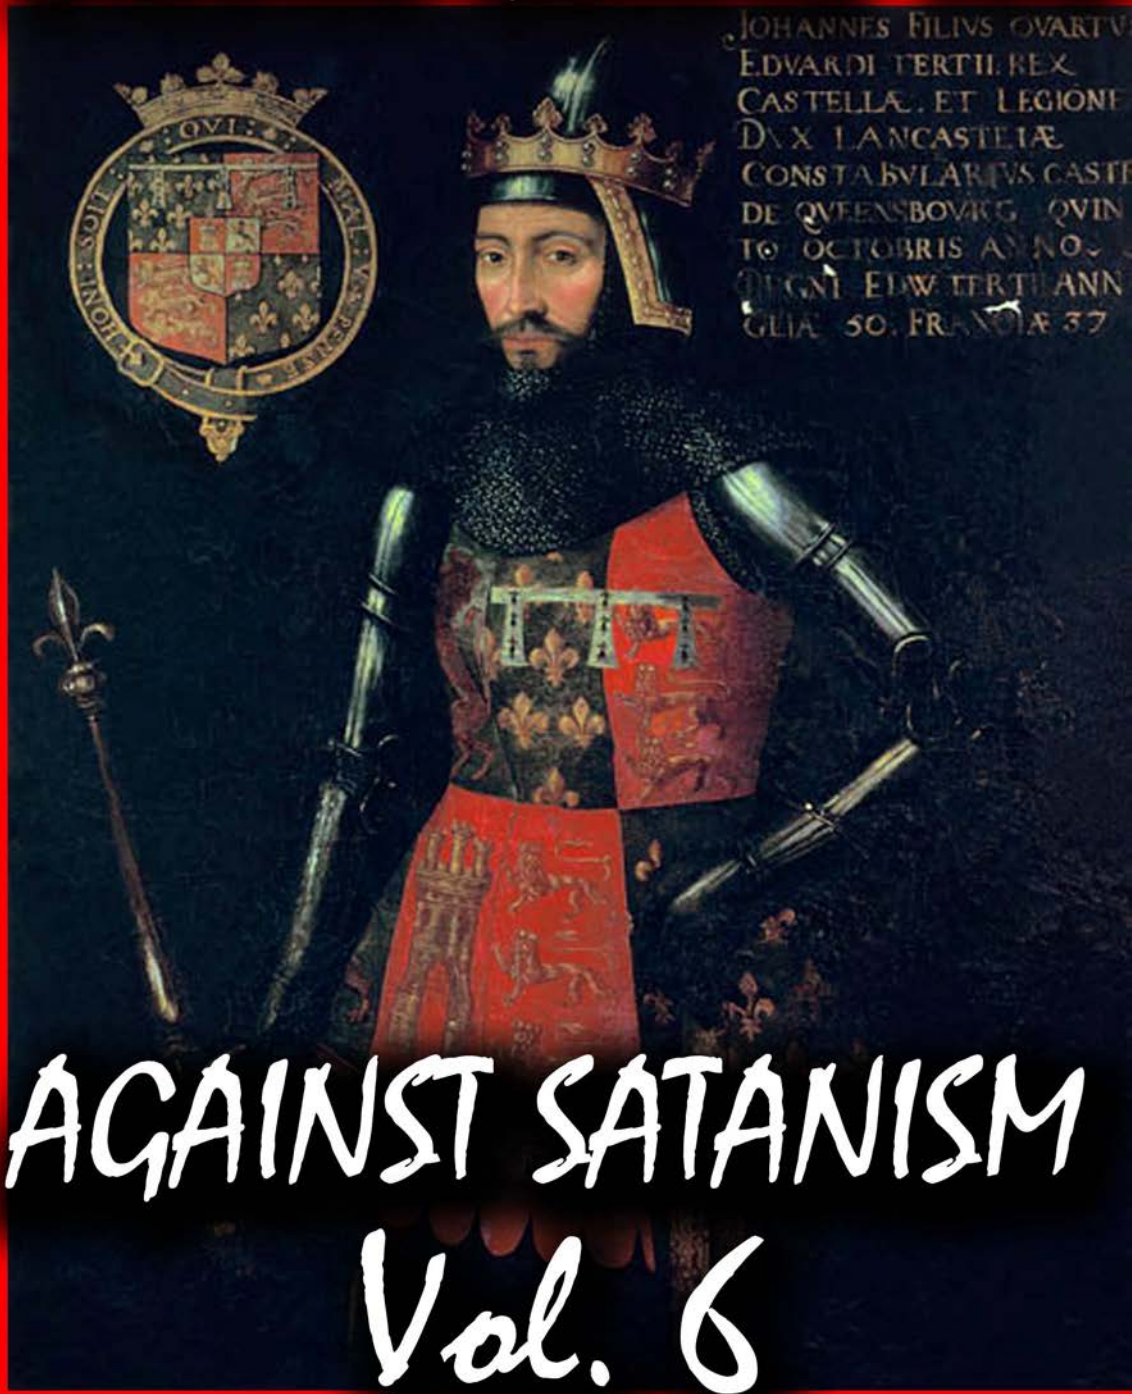

"Whenever you have a misunderstanding of reality year after year, decade after
decade, and now for a century, when a false picture of the economy is painted
you can be sure that there is a special interest benefiting. A false picture of reality
does not happen by nature; it is subsidised. And the banking sector has subsidised
and paid for a junk economics that is taught in the universities, broadcast from
your newspapers, mouthed by the politicians, whose election they sponsor, to try to
make you believe, that you're living on Mars in a different kind of a world—instead
of the actual country that you're living in—and to pretend that there is no financial
class that is trying to grab what belongs to the public at large.

This is what ends up with a difference between central bank creation by the
government with the government aims of economic growth and full employment,
as compared with commercial bank credit that aims at economic shrinkage, at
austerity, at lower wages, at lower output, so that it can do to you what the
commercial banks are doing to Greece, to say give us your ports and your land
and your tourist areas and your water and sewer systems, so we can charge you
for water and sewer. And we can take the money that you had expected to get in pensions
and we can scale it down, so that we can pay ourselves.

"This is what it took an army in times past, And today it's done without an army, as long
as you will be passive and believe the Lies, the science-fiction of the world that banks
are painting. Thank you. [Applause]"

Remember, the main purpose is not money or power, it is in fact the Satanic
Oligarchic Principle of Poverty. Dummed Down, Barefoot, and Back on the Reservation.

ENERGY ENHANCEMENT SATANIC HISTORY TWO

AGAINST SATANISM VOLUME SIX

Infiltrating Bloodline Phoenician/Jewish aristocratic Families have existed for over 5000 years before the Birth of Christ. Using emotional rhetorical religious concepts to control, they worship all the Pagan Gods, including Lucifer, Satan, Baal, Bel, Molech, Ashtoreth, Cybele and Attis including all the Satanic Rituals in Against Satanism Volume 3 - RITUAL SEX, RITUAL DRUGS, RITUAL BLOOD SACRIFICE, RITUAL HUMAN SACRIFICE, RITUAL PEDOPHILIA, RITUAL TORTURE, RITUAL BURNING ALIVE, RITUAL CANNIBALISM, RITUAL CASTRATION.

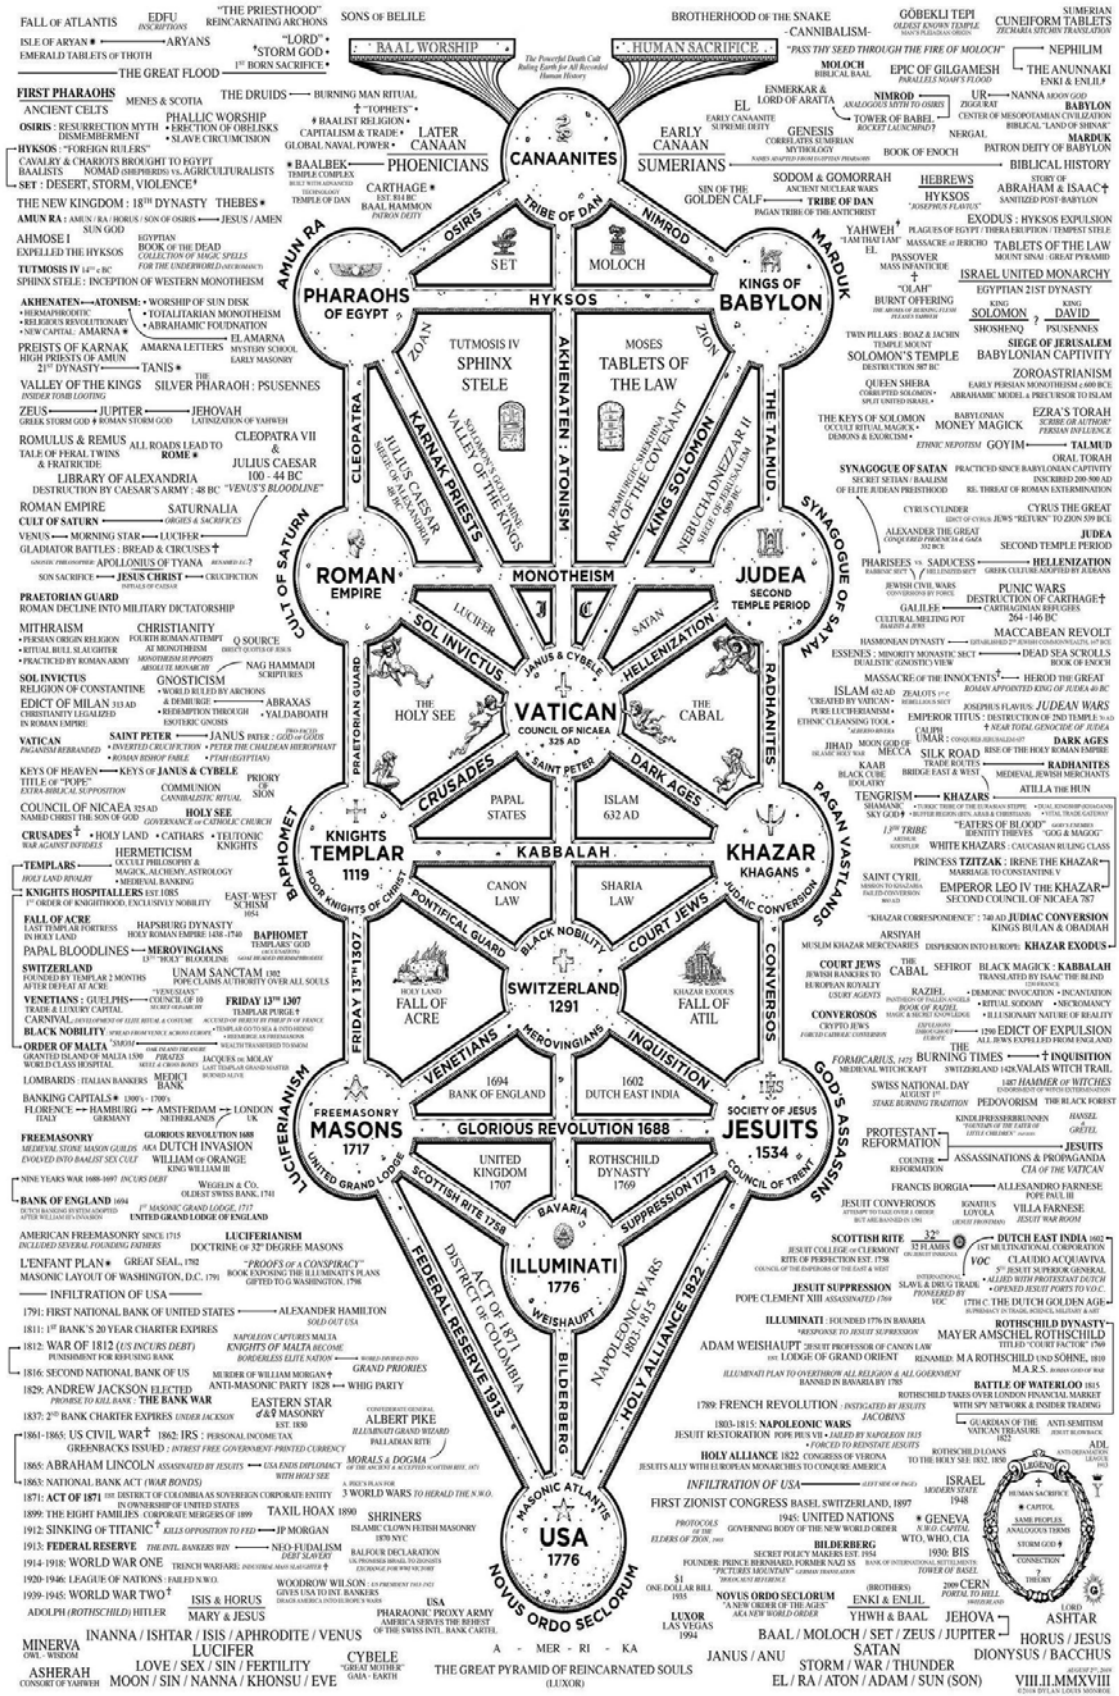

In this book we find that over thousands of years, spook, Bloodline Phoenician/Jewish aristocratic Families infiltrated every country, every Empire, taking over or infiltrating every ruling aristocracy and aristocratic, bloodline family, in Europe, Britain, America, India, China and in every other country in the World.

Jewish/Phoenician aristocrats were never attached to any tiny nation, but were always one globalized trading empire from 2000BC, playing countries against each other for profit. For example using a false Flag to start a fake war between ruling elites in separate countries both of which have been allowed, built up, to become rich, but all the elites in each country coming from the same Infiltrating Bloodline Phoenician/Jewish aristocratic Families, and then buying all the assets for pennies on the dollar after the war. Not only that, giving loans to each country to prosecute the war, owning the Military Academic Industrial Complex providing materiel for the war.

Many Infiltrating Bloodline Phoenician/Jewish families who have ruled the World as one trading block for thousands of years before the Birth of Christ came from the Fertile Middle East Crescent including Lebanon, Libya, Syria, Israel, Mesopotamia-Iraq, and Persia-Iran, and had that region and all it's Empires razed many times over nonetheless, profiting from each destruction. They hop to and fro over the planet, always profiting by shifting, reshuffling and breaking their Empires.

We saw that the important conquests are not in our history books as such. Rather, Europe was colonized in the Bronze Age already, in patterns that match up with structures we see in today's spook aristocracy. The entire upper class of colonized regions was replaced by Phoenician/Jewish families, with common people unaware of it to this day. Some of this colonization is cautiously admitted, just not emphasized.

We saw that the Infiltrating Bloodline Phoenician/Jewish families always held power. The secret behind their power is simply that there is no big secret. They don't know anything special. They can't do anything special. They never achieved anything special—other than monopolizing trade. With the power to deceive from the Father of Lies, owning all the media, - The CIA, the Military Academic Industrial complex, Universities, History, Books, Magazines, Newspapers, Television, Youtube, Facebook, Google - even idiots can rule the world for millennia.

These Satanic Malthusians Demand Genocide

“Human population growth is probably the single most serious long-term threat to survival. We're in for a major disaster if it isn't curbed...We have no option.” —Prince Philip, interview in *People Magazine*, December 21, 1981

“In the event that I am reincarnated, I would like to return as a deadly virus, in order to contribute something to solve overpopulation.” —Prince Philip, *Deutsche Press Agentur*, August 1988

“It is almost self-evident that the greater the human population, the greater the demands for natural resources... The paramount question deals with an optimum human population. How many is too many people in relation to available resources? Many believe that our current (satanically consciously created) environmental problems indicate that the optimum level has been surpassed.” —Task Force on Earth, Resources and Population, George H. W. Bush, Chairman, July 8, 1970

POST MORTEM

Unfortunately, all the obituaries were premature: Venice has continued to be very much alive. During the nineteenth century and up to our own time it has been the most important single incubator for fascist movements. With its military and financial power largely emigrated elsewhere, Venice's importance for political culture is now greater than ever.

Examples of this are inexhaustible. Richard Wagner wrote part of *Tristan und Isolde* while living in the Palazzo Giustinian on the Grand Canal. One story has it that the leitmotif of the *Liebestod* was inspired by the mournful call of

a gondolier. At the end of his life Wagner moved to Palazzo Vendramin Callergi, where he died. This building, presently a gambling casino, was also the home of Count Coudenhove-Kalergi, the founder of the Pan-European Union. Friedrich Nietzsche loved Venice, returned there incessantly, and dedicated certain poems to the city which today can still be used in lieu of a powerful emetic. Venice was an inspiration for Lord Byron, for Thomas Mann, and so on.

Other examples abound of how the Venetian oligarchy's cultural and political influence has reached down into the modern era:

- * When British East India Company retainer Thomas Malthus published his *Essay on Population* he was plagiarizing from the Venetian Giammaria Ortes, who produced, around 1750, a fully developed version of the argument that geometric population growth outstrips the much slower arithmetic progress of food production.

- * John Ruskin, the leading ideologue of the British Dark Ages faction, began his career with a raving treatise on architecture, *The Stones of Venice* (1851). This volume popularized the notion that a "Venetian Gothic" style had been developed in the better times of the city's history (which for Ruskin ended in 1418) and it was used systematically to discredit the Golden Renaissance.

- * A turn-of-the-century new Roman Empire faction led by Venetian Count Volpi di Misurata, who was known as the doge of his era, sponsored the fascist Mussolini supporter Gabriele D'Annunzio to drum up enthusiasm for a new crusade into the Balkans and the East. Volpi became finance minister in Mussolini's cabinet, along with a very large number of other Venetians. D'Annunzio incited the Italians to take back Trieste, the rest of Italia Irredenta, and the Dardanelles, bringing on to center stage the so-called Parvus Plan for dismemberment of the Ottoman and Russian empires, which is generally recognized as the detonator of World War I. It is

possible that the turn-of-the- century super spook Alexander Parvus was ultimately employed by Venice.

* The Societe Europeenne de Culture, a think tank created in 1950 through the efforts of Venetian intelligence operative Umberto Campagnolo, has for the past three decades pulled intellectuals from both East and West into organizing for an “international culture,” based on rejecting the existence of sovereign nations. The SEC counted among its members the cream of the postwar intelligencia: Adam Schaff of Poland, Bertolt Brecht of East Germany, Georg Lukas of Hungary, and Boris Paternak of the Soviet Union, as well as Stephen Spender and Arnold Toynbee, Benedetto Croce and Norberto Bobbio, Julian Huxley and Thomas Mann, Francois Mauriac, and Jean Cocteau. Later, the SEC launched the Third World national liberation ideology.

Today, the Club of Rome is the institution that represents the most concentrated essence of Venetian influence and the Venetian method. The Club of Rome wants to convince the great powers and peoples of the world to commit collective suicide by accepting the genocidal doctrine of zero growth. It also hopes to abolish the sovereign nation as a vehicle for economic growth and scientific progress.

Club of Rome founder Aurelio Peccei has just written a new book titled *One Hundred Pages For the Future*, a global review of the impact of the Club of Rome, and particularly since its 1972 release of the zero-growth model *Limits to Growth* was published, a series of social movements has sprung up under the sponsorship of the ideas in the book. These – the women’s movement, the peace movement, Third World national liberation movements, gay rights, civil liberties, ecologists, consumer and minority rights, etc. – must now be welded together into one movement for a single strategic goal: the implementation of a zero-growth international order.

The Venetian problem remains with us today. Truly, the most urgent task of this generation of mankind is to definitively

liquidate the horror that is Venice and all the other Gang Clan Families who have ruled the World for 10,000 years.

The Satanic Conservative outpost of the Satanic Phoenician Navy who for 10,000 years have worshipped Molech, Baal and Cybele and Attis, and with Satanic Ritual, it's not just Sex on Altars like in Kubrick's, "Eyes Wide Shut", it is Pedophilia with Babies and Children supplied by Epstein, Dutroux or Jimmy Savile, it's Ritual Human Sacrifice, Ritual Blood Sacrifice, Ritual Burning Alive, Ritual Torture, Ritual Castration - and those Damn Liberals by Miles Mathis and Satchidanand

The founding fathers have even been sold as liberal in this sense, since although they were rich guys, fully connected, we are supposed to believe they believed in democracy, republicanism, and fairness in general. That is why they go on and on about that in the Declaration of Independence and Constitution. Those are liberal documents, in that they deny not only the divine rights of kings, they deny any other sort of favoritism based on name or birth.

As it turns out, the founding fathers were not liberal at all. They were Satanic fascists, and the whole liberal stance was just another con-job.

The United States were never meant to be republic, much less a democracy, they were meant to be another outpost of the Satanic Phoenician Navy who for 10,000 years have worshipped Molech, Baal and Cybele and Attis, and more worship with Satanic Ritual, it's not just Sex on Altars like in Kubrick's, "Eyes Wide Shut", it is Pedophilia with Babies and children supplied by Epstein, Dutroux or Jimmy Savile, it's Ritual Human Sacrifice, Ritual Blood Sacrifice, Ritual Burning Alive, Ritual Castration.

Some of my readers have been confused by my insistence that I am a liberal. These readers agree with me on a lot of things, so they can't fathom what I mean by calling myself a liberal while they consider themselves conservatives. Since it is important, I will hit it again, trying to get them to understand.

I think the difference is that I am coming at this as a student of history, while many of them are coming at it as students (or consumers) of current politics.

I haven't gotten my definitions and stances by listening to Rush Limbaugh, or Sean Hannity, I have gotten them from texts from the 19th century or earlier. My readers will answer me, "Then why don't you keep up, Holmes! This is 2020, not 1880". Good point. . . except that it isn't.

To see what I mean, let's transport ourselves back to the 1880s. Back then, satanic conservatives were those people who wished to conserve the status quo. Hence the name. They were quite satisfied with the way things were set up, and why should they not be?

They were rich and connected and had it made. Liberals were those who were not satisfied by the way things were, and so they were pushing for reforms. In general, they wished to see more fairness in government policies. They wanted those not "of the manor born" to be given a fair shot at good employment, good wages, court access, and all the various fruits of society.

The founding fathers have even been sold as liberal in this sense, since although they were rich guys, fully connected, we are supposed to believe they believed in democracy, republicanism, and fairness in general. That is why they go on and on about that in the Declaration of Independence and Constitution. Those are liberal documents, in that they deny not only the divine rights of kings, they deny any other sort of favoritism based on name or birth.

As it turns out, the founding fathers were not liberal at all. They were Satanic fascists, and the whole liberal stance was just another con-job.

There is a translation of Hatha Yoga Pradipika which I studied as a young man as part of my studies of Hatha Yoga by my Guru, Theos Bernard who through yoga, pranayama and meditation became accepted as a Rinpoche, Tibetan Reincarnation when he came to the gates of Tibet.

Through the practise of Hatha Yoga from the age of fourteen and the study of Pranayama and Agnisar Kriya at age 21 and then the study of meditation and Shambhavi Mudra at age 28 I gradually built up the happy power of samadhi within my being and became a healer with the National Federation of Spiritual Healers of Great Britain.

My Guru, Swami Satchidananda said that when he was young he could touch a person and take away their Heart disease or Cancer. But later he found the same people coming back with the same problem. By this he learned that the people had to change themselves, their attitudes, their lives before the disease, a product of all that, could be truly healed. And for this reason, people need to learn to do it for themselves with the Energy Enhancement Streaming Video Course - or come visit us in India of Iguazu Falls, Brazil.

In reality, Illumination is the final healing required. Although the normal miracle can show what is possible, this should only show the way. So then he started teaching yoga and meditation. Healing came in from the side.

With the addition of Energy Enhancement, came the finish of all the problems associated with Energy Blockages, the bane of every healers life yet at the same time their reason for existence.

I can now say the same for every man and woman on this planet, "Energy Blockages, the Shadow, are the bane of every persons life yet at the same time their reason for existence"

In order to evolve we need to understand that Energy Blockages are the reason for all your problems.

The Energy Enhancement Meditation Course, is the solution.

Satchidanand - "who can know the true greatness of the Raja Yoga. Knowledge, mukti, condition, and Siddhis can be learnt by instructions from a guru alone" Hatha Pradipika 4.8

Can I help you in any way with more information about the course?

Successful people make decisions quickly.

1. Book - The Yoga Sutras of Patanjali by Satchidanand

Save your life with Energy Enhancement Streaming Video Meditation course.. Book One, Sutra One - Here are complete Instructions on Enlightenment...

ILLUMINATION!!

The Yoga Sutras of Patanjali talks about Illumination as being Nirbija Samadhi. This word is a teaching as to what exactly enlightenment is. Nir means no, and Bija means seed. The seeds of desires which have not yet come to fruition. These Seeds are Energy Blockages. This is the Karma which is yet to come. And as it says in the Yoga Sutras of Patanjali, "The Karma, the Pain, that is to come can be averted" - Book 2 Sutra 16. The removal of Energy Blockages, Grounding their Negative Karmic Mass, is an Energy Enhancement Process called, "Karma Cleaning" - The Energy Enhancement Meditation Course Level 3 of Energy Enhancement.

Each desire seed when watered can addict us to the desire it contains.

In the Yoga Sutras they talk of the method of roasting the seeds - removing the addiction, the slavery to your desires (When you slaver your saliva over something the desire drips out of your mouth) - so that the life they contain is extinguished, they can not germinate even with all the correct conditions, ever again to bring us to Painful Karma. And what roasts the seeds?

This is the concentration of the Light of the Soul in Samadhi, the next highest energy to the mind and there are higher energies still we can contact on the path of Energy Enhancement, as light is concentrated through a lens, as it is focused through the Brow Chakra, Ajna Chakra or through any of the chakras of which the Brow chakra is the Master - this is called Samyama...

5. The Energy Enhancement Meditation Course Level One - Access Infinite Spiritual Energy!!

Fantastic Resource for Energy Enhancement Meditation Course & all genuine Truth Seekers!!!

November 27, 2016

Format: Paperback|Verified Purchase

There is great wisdom and truth within Satchidanand's books, website and energy enhancement teachings. I feel that Energy Enhancement is the most important work I have ever embarked upon in my life. I am learning a tremendous amount of spiritual knowledge in addition to gaining a much greater understanding about our world. This is the second paperback book I purchased from Energy Enhancement.

However since this is a book about Level 1 initiations I recommend getting this book first. I like having this book to refer to while listening to initiation videos, for study, review, and writing notes. I plan to purchase all three of the currently available Energy Enhancement books in paperback form. Thanks to Satchi's great teachings and the experiences I have had while doing the level 1 initiations I feel renewed happiness, optimism, & hope. I highly recommend this book for all genuine truth seekers, especially for those working on the Energy Enhancement Meditation Course!!!

Format: Paperback|Verified Purchase

This is an excellent start to the energy enhancement system! Swami Satchidanand has done an excellent job in integrating

different spiritual systems and extracting essential wisdom for seekers. Swami Satchidanand has studied with many of the top spiritual masters and this definitely shows in his ability to motivate others. The other review gives a skewed review IMO, I have experienced his online course, the book is an excellent start to the advanced material. People see what they want to see in spiritual teachers and responses can be polarised, clear your own mirror first to see the truth.

Satchidanand's book challenges assumptions about society's spiritual roots and made people look at them in new ways."

Satchidanand dedicated Super Energy And Sacred Symbols for Perfect Wisdom Enlightenment to "the proposition that concealed within the emblematic figures, allegories and rituals of the ancients is a secret doctrine concerning the inner mysteries of life, which doctrine has been preserved in toto among a small band of initiated minds and hidden from the rest of humanity."

"The result is a gorgeous, dreamlike book of mysterious symbols, concise essays and guided meditations evoking colorful renderings of mythical beasts rising out of the sea, and angelic beings with lions' heads presiding over somber initiation rites in torch-lit temples of ancestral civilizations that had mastered latent powers beyond the reach of modern man."

"The greatest knowledge of all time should be available to the twenty-first century not hidden in Myth and Symbol and ancient libraries where books go to die"

"Within this book, are the sacred colors, shapes and symbols of the Western Mystery Tradition. If a picture is worth a thousand words, then the wisdom contained herein is infinite. As a reference book for symbols and sacred art, as a gateway into the Western Mystery Tradition, or simply as a pleasant read, this book is well worth adding to your library. You will turn to it again and again, and walk away pleased each and every time."

The Biggest and most Controversial Book of the Century.

The One Book which can Totally Unite the World!!

This Energy Enhancement Book gives the Secrets of Illumination and the Meditational Unity of All the World's Major Religions from their Sacred Symbols. Ancient Egyptian, Masonic, Ancient Greek, Alchemical Taoism, Hindu, Sufi, Zen Buddhism, Christian - Symbols are Legominisms - Ancient Secrets of One Meditation to Create Perfect Illumination - Passed Down from All the Ancient Spiritual Masters from Time Immemorial - Which are the Energy Enhancement Initiations - Guided Meditations indicating..

How to get into Alignment with a Stream of Energy from Kundalini Chakra in the Earth's Center To the Central Spiritual Sun "Brighter than 10,000 Suns" in the Center of the Universe.

Again, the kingdom of heaven is like unto a merchant man, seeking goodly pearls: Who, when he had found one pearl of great price, went and sold all that he had, and bought it — Matthew 13:45-46, King James Version

Again, the Kingdom of Heaven is like a treasure hidden in the field, which a man found, and hid. In his joy, he goes and sells all that he has, and buys that field — Matthew 13:44, World English Bible

Hi, I've been reading through all the 4 e-books in a couple of days, FWIW I found the site through googling words "gnostic"

and "chakra" and came to an article on the site. I once literally didn't believe the time when I stopped to go to sleep, that I had been pretty much just reading for 12 hours straight! (including of course every one of the submissions relating to the Argentine junta torture, I felt you were just GODAMNN DARING someone to skip! even just that reading time duration yet relentlessly personal nature of trauma all by itself would mean never being the same again after finding your website!)

I'd like to receive the video course, but also wonder whether you would provide some perspective for me on some odd things that have happened to me that I didn't understand, I was amazed to read in the book the experience of [Dan, I think] and realizing what has happened to me may be similar and you can help me understand it after feeling very alone with these things. I will write it in a longer form in new email if you will be willing to read and comment, I will just say now that I think one strange day as an ignorant know-it-all teenager, 17 I think (21 years ago now) when I defaced every 7th page of a copy of the New Testament with inverted pentagrams may have something to do with it all! In between reading all the books back to back I slept with, for the first time really, asking to be shown in dream what stops me from working on my projects (I perfectly fit your description of a head in the clouds dreamer feeling revolt against being born a human animal, the two triangles not being integrated)

And I had by far the most vivid dream I have ever had and only one I can remember where "I" was killed in it (brief nothing then a bizarre future life continuation of dream) which started from recognizable home street surroundings (unusual for me in dreams) but meeting an intense man (?) controlling me by thick cord to make me sway around or whatever he wanted Regards, Peter

15. Book 15 out of 45 Free Books with Energy Enhancement..15. Eliminating the Shadow.. In this book, Satchidanand trashes the greatest most intellectual investigators and descriptors of the Shadow and the Shadow Subpersonalities.

Great People - The Highest of All Humanity - Jordan Peterson, Carl Jung, Nietzsche, and every Psychotherapy, Psychological therapist who can describe the problem of the Shadow, talk about the problem of the shadow but have no Practical solution to the Shadow. All of those guys Failed to Solve the Problem of the Shadow. None of these guys have Any practical solution for the Shadow.. And it is the Shadow Subpersonalities which is the Source, The Fount, of All Evil on this Planet... And the Source of All Evil within You!!

Carl Jung says.. "There is no generally effective technique for assimilating the shadow. It is more like diplomacy or

statesmanship and it is always an individual matter. First one has to accept and take seriously the existence of the shadow. Second, one has to become aware of its qualities and intentions. This happens through conscientious attention to moods, fantasies and impulses. Third, a long process of negotiation is unavoidable.” (Carl Jung)

As Jung notes in the passage above, he thought there is no general technique to integrate the shadow, even though the Buddha and Jesus Christ exemplified the Ancient Meditation Technology which is the only means for removing the Shadow. For thousands of years great souls have come to earth to demonstrate otherwise, that enlightenment is, "Tat tvam asi" Thou art that!! You are a part of the Universe and have nothing else to seek.

Energy Enhancement Meditation including Level 1 Alchemical VITRIOL to Ground Pain and Trauma from Memories and the Energy Enhancement Level 2 Seven Step Process to remove Energy Blockages by Purifying them then Integrating them with the Soul to create ONE Soul Infused Personality creating Spiritual Insight – combined with psychological knowledge Energy Enhancement is THE complete way of processing and integrating your Shadow Side into wholeness.

I am writing today because this is so important.

Only Energy Enhancement can Annihilate Evil on Earth and change this Planet into a Planet of Love and Light in this Place, for You, for Me, for the Entire Human Race.

It is about The Energy Enhancement Elimination of All Evil on this Planet.

You remember my latest book, Eliminating the Shadow Subpersonalities..

It is beneficial for everyone to heal themselves by removing ALL blockages using Energy Enhancement advanced techniques. Not just a handful.

Because the Shadow Subpersonalities are the Source, the Fount, of All Evil on this Planet.

The Shadow Subpersonalities are essentially Evil because they are cut off from the energies of God and thus from Good, because Only God is Good!!

Shadow Subpersonalities are virtual machines existing within the mind computer but with no access to God, "They are minds of metal and wheels" - Tolkien, with no access to genius because the geni etymologically, is the Soul.

Shadow Subpersonalities, cut off from the energies of God, can only live off the Soul infused Personality or the Essence within themselves or that Energy within other people.

Shadow Subpersonalities Vampirise the Energy of God and devise Evil schemes to get it.

Strategies, - the Strategies of the Vampire are all Attention Seeking schemes to Vampirise your Energy. The Poor Me Addictions, the Violator Bullying, the Selfish Competitive Black Star, the Sabotaging Self Destructor, are all Drama Queens - just a little Evil to destroy lives - Your Life, the Lives of your family, your City, and your Country.

You can see all these strategies busily at work in the people around you. You might even see them at work in yourself. Know that these strategies are even now turning you against the One Course which can Remove them.

ONE COURSE, ONE SOUL INFUSED PERSONALITY, ONE WORLD OF LOVE AND LIGHT!!

The Energy Enhancement Seven Step Process Can Easily Remove All your Strategies and Subpersonalities!

Most people are just a little evil, but over many lifetimes, as the number and power of Subpersonalities grow within you, so that the Demon on your left shoulder, debating with the Angel on your right shoulder becomes so powerful that you become more and more Evil.. Until you are entirely taken over by Evil.. Possessed by Evil, a Servant of Satan!!

THE ENERGY ENHANCEMENT ELIMINATION OF ALL EVIL

You can see in the picture below that most people are controlled by Shadow Subpersonalities.

These Evil Shadow Subpersonalities band together to take you over and repress the Soul infused Personality. They are then Evil psychopaths and this is bad enough. But when these Evil Shadow taken over people band together into groups, Satanic Evil Religions, Bloodline Families and Bloodline Races, Secret Societies, Cartels, Banksters - giving courses on how to repress further the soul infused personality - how to become even more Evil - then this is what and why I write in my Against Satanism series of Books - currently Nine volumes available for FREE!! when you sign up for the newsletter at energyenhancement.org.

Satanism is gradually being instituted as the New World Order.

The New World Religion, defined by Satanic Ritual.

72 Empires have been recorded and every one of them has failed in the same way. The facts have been recorded that a totalitarian and satanic elite infil-traited and took over all these Empires and that 72 once free, flourishing and rich republics were destroyed from within by Satanic Ritual - read Toynbee. Satanism is gradually being instituted as the New World Religion defined by Satanic Ritual.

Infil-traition of Satanism is the methodology as slowly every Government Ministry and Societal function is taken over. Eventually a Satanist becomes King Emperor President. LGBTP - The Satanist Ritual Pillars of Homosexuality, Pederasty, Pedophilia, Drugs and Ritual Sex - both Hetero and Homosexual - are introduced overtly as a prelude to Ritual Human Sacrifice and Ritual Baby Sacrifice. Christianity and Judaism - the bulwarks Against Satanism - are destroyed and then society destroyed through the fear of mandatory Ritual Human Sacrifice.

The key is that the Satanic Religion and its current recruiting cults of Freemasonry and the Crowlean Sexual Ritual OTO - Ordo Templi Orientis - are Fake Gangs, created by men as a 10,000 years old technique to create psychopathic leaders and their minions, and thus conquer the world.

All Rituals, Religions, Education, Secret Services and Political Movements have been scientifically Engineered to create Fake Gangs for 10,000 years. It's what the old Roman Empire, The Babylonian Empire of Satanic Nimrod, and the Cult of Appollo and the Byzantine Empire did before.

As you know, every Gang has Blackmail Rituals before you can join. Making your Bones with the Mafia means you must murder someone before you can join. Drug Cartels like MS13, secret groups within the Masons, the Hellfire Club, all have their Rituals before you can progress.

Epstein did not kill himself. He videoed Scientists from MIT and Harvard, Oligarchs, Politicians etc, Pedophiling young girls then Blackmailed them into doing the work of his Trillionaire sponsors - MKULTRA, Transhumanism, CRISPR Androids. As their willing victims are given access to stealing higher quantities of money, so they must go to the next level of Ritual. First it is 15 year old girls who look 25. Then it's 12 year olds, 5 year olds, and then its the murder of children, babies!

All to create a Satanic Society of Total Control through Human Sacrifice, poverty, lack of education, poison in the air, water and food. Lack of infrastructure, education and Total Control of the Media.

All of them Censoring Worldwide, Advanced Meditation techniques - Alchemical VITRIOL, the Kundalini Key and Energy Blockage Removal from every Meditation Program.. EXCEPT ENERGY ENHANCEMENT!!

The very word secrecy is repugnant in a free and open society
JFK (27 April 1961)

The very word secrecy is repugnant in a free and open society; and we are as a people inherently and historically opposed to secret societies, to secret oaths and to secret proceedings. For we are opposed around the world by a monolithic and ruthless conspiracy that relies primarily on covert means for expanding its sphere of influence – on infiltration instead of invasion, on subversion instead of elections, on intimidation instead of free choice, on guerrillas by night instead of armies by day. It is a system which has conscripted vast human and material resources into the building of a tightly knit, highly efficient machine that combines military, diplomatic, intelligence, economic, scientific and political operations.

JFK (27 April 1961)

What We See when we Remove an Energy Blockage is the Secret of Infinite Energy, Secret of Eternal Life, the Secret of Immortality. Energy Blockages are Satanic, and it is this we see directly when we remove the blockages with the Energy Enhancement Meditation Course.. Energy Blockages do not exist alone, they are part of a network of evil, a network of control, which is designed not to allow people to understand the nature of that control, the purpose of that control, so as to maintain that control and the flow of energy - stolen from all human beings - to allow an elite of Black magicians, Sorcerers, Enchanters, Warlocks, Witches, Necromancers, Devils, Dark Gods... to live forever, Immortally, in private Universes, outside the body and then to download into a body from time to time, to maintain their Plantation, their Farm, their Property, to maintain the flow of stolen spiritual energy to them from every human being on this planet - Eternally. This is why I wrote Eight volumes of Against Satanism..

17. AGAINST SATANISM VOLUME 2 - Pedophile Plato and No-Soul Aristotle - The Foundations of Western Philosophy!

The inspiration for the fascist state comes from Plato, the male supremacist and apologist for pederasty. Plato is revered as the preeminent classical philosopher, although his apparent advocacy of man/boy sex is not commonly known. A prototypical statement by the philosopher is recorded in George Grant's *Legislating Immorality*: "Through the nightly loving of boys, a man, on arising, begins to see the authentic nature of true beauty" (Grant, 1993:24).

Plato's Republic is his best known work.

The following is a summary of the Republic from W.K.C. Guthrie's *A History of Greek Philosophy*:

The Republic (c.370 BC) advances many of Plato's principal ideas, notably those concerned with government and justice. Composed as a debate between Socrates and five other speakers, The Republic is best known for its description of the ideal state (based on Sparta), which Plato argues should be ruled by Totalitarian Dictator philosopher-kings (Guthrie in Grolier).

As we have noted, the Spartan society was dominated by a pederastic warrior cult that featured mandatory induction of

twelve-year-old boys into homosexual partnerships with adult men. Like all such cults, the Spartan military was rigidly hierarchical and elitist. Plato's concept of the "philosopher-king" is that of an autocratic dictator leader appropriate to such a society. The Totalitarian Dictator Philosopher-King rules over a kind of fascist utopia. Interestingly, Plato's idealized society in the Republic includes the elimination of the family as a social unit and the elimination of private property.

The wicked foundations of Clown World

Clown World is built upon a series of intellectual pillars that range from Darwin, Diderot, and Freud to Einstein, Keynes, and Foucault. The first thing that rapidly becomes apparent when one regards them as a set is first, that they are all frauds. The second thing one realizes is what a collection of seriously evil sexual deviants they tend to be:

A French-American professor has accused fellow intellectual Michel Foucault of being a "paedophile rapist", a report by The Sunday Times said.

In an interview, Guy Sorman said he found out about Foucault's behaviour after visiting the late philosopher in Tunisia where he was living in 1969.

"Young children were running after Foucault saying 'what about me? take me, take me'," he said to The Sunday Times. "They were eight, nine, ten years old. He was throwing money at them and would say 'let's meet at 10pm at the usual place'. He would make love there on the gravestones with young boys. The question of consent wasn't even raised."

Sorman argued that Foucault was able to get away with this because of the racial element of his affairs.

"Foucault would not have dared to do it in France... There is a colonial dimension to this. A white imperialism," Sorman said.

In the interview Sorman said he "regrets" not reporting this "extremely morally ugly" behaviour to the police. He added that the press had been aware of Foucault's conduct but were reluctant to publish stories due to his status as France's "philosopher king" alike to that of a "god".

The philosopher who died in 1984 signed a petition in 1977, which sought to legalise sexual relations with children aged 13 or above.

Don't be misled. Whatever aspect of Clown World rhetoric happens appeals to you, be it free trade, freedom of expression, libertarianism, judeo-christianity, equality, tolerance, or respect, it's really all about pedos and human sacrifice. It's literally all designed to lead there in the end.

20. AGAINST SATANISM VOLUME 5 - Satanic Economics and the Satanic Principle of Poverty Published Feb 2019

We know the effects of meeting one psychopath and the destruction he can wreak in our lives. Wisdom teachings teach how to overcome their strategies and, "stay away from evil".

Satanism, - The Old Religion" - is when all the psychopaths get together in one group to wreck the world to their benefit. Energy Enhancement Wisdom teachings describe the historical problem and the means to overcome it. "Vampires hate the light of truth".

The key is that the Satanic Religion and its recruiting cults of Freemasonry and the Crowlean Sexual Ritual Ordo Templi Orientis are Fake Gangs, created by men as a technique to conquer the world.

The Ancient Satanic Enemy who counts meditation and the mind control psychic arts as one of its main planks of World Domination has used Satanic Infil-Traitors for 10,000 years in every Organisation - Religion, Left and Right Politics, Dynastic Families, Geopolitics, Economics, Universities, Intelligence Services, Think Tanks, Banking, International Companies, Global Warming, Eugenics..

And Banking Infiltration by Satanic Banksters supported by the False Fabulous Science of Economics..

And this book pricks the bubble of Fake Satanic Economics because Godly people could never set up the World banking and economic system described in these pages.

Only Satanists could create a system which is against the evolution of Humanity to the Stars.

Instead, the Satanic Banksters promote the Principle of Poverty, barefoot, back on the reservation, in debt to the company store.

20a. Companion Volume to Volume 5 - Satanic Economics and the Satanic Principle of Poverty - The Babylonian Woe - the History of Money and the Phoenicians who created it.

Meyer Amschel Rothschild, who founded the great Satanic international banking house of Rothschild which, through its affiliation with the European Central Banks, still dominates the financial policies of practically every country in the world, said: 'Permit me to issue and control the money of a nation, and I care not who makes its laws.'

In this time, as today, the people were almost entirely at the mercy of the Satanic private persons controlling their money, who then controlled the inflow of precious metals, silver and gold, the foundation of the people's money. The Satanic policies of these controllers from their standpoint as internationalists, with Banks and secret agents in both countries, were necessarily directed towards the creation of war against the well-being of mankind. Frequent wars were above all the prime essential.

1. Arms sales - The selling of weapons and war materiel to both sides of the war.
2. Chaos towards the destruction of the natural system of rule previously defined, which had been the protection of the

people, to create the Satanic recruiting process of despair, nihilism, and then Satanism in the people.

3. War booty towards the reinjection into the system of hoarded coin and bullion, and consequent reflation of the money supply;

4. The buying of property, farms and businesses in the defeated country for cents on the dollar.

5. Not the least important, the enslavement of the defeated populace and prisoners of war - gathering of a new crop of slaves for working the poisonous heavy metal mines to replace those stocks of silver and gold, so necessary to the foundation of their money power, and the maintenance of their international hegemony in consequence...

See <http://www.energyenhancement.org/8aky78umhxi31.jpg>

Dark Forces have used Infiltrating Bloodline Phoenician/Jewish aristocratic Families which have existed for over 5000 years before the Birth of Christ. Using emotional rhetorical religious concepts to control humanity, they themselves worship all the Pagan Gods, including Lucifer, Satan, Baal, Bel, Molech, Ashtoreth, Cybele and Attis. In this book we find that over thousands of years, spook, Bloodline Phoenician/Jewish aristocratic Families infiltrated every country, every Empire, taking over or infiltrating every ruling aristocracy and aristocratic, bloodline family, in Europe, Britain, America, India, China and in every other country in the World.

23. AGAINST SATANISM VOLUME 8 -The Satanic History of the World Part 4 Published Jan 2020

The Cancer of The Venetian Empire - The Phoenician Empire - Merges with the Satanic Catholic Church

The reputation and good behaviour of hundreds of millions of good Catholics in no way is questioned by highlighting the deliberate actions of a few thousand dedicated Satanists, Baalists and Luciferians who have caused world wars and sacrificed millions to demon gods.

The Roman Cult and associated networks of Sabbatean and secret Satanic organisations since the 14th and 15th Centuries is the only time in the history of civilization whereby a “sacred” religious ceremony was established for the systematic and widespread encouragement of its clergy to Satanically ritualistically abuse children...

And Much, Much, More..

24. AGAINST SATANISM VOLUME 9 - The Satanic Suppression of Science

Satanic Secret Agents, Aristotle; Contarini, Pomponazzi and Giorgi; Sarpi, Galileo and Kepler; Conti, Newton against Leibniz - The Satanic Corruption of Science by the Satanic, Slave Trading, Drug Running, Bankster run Venetian Empire to suppress Steam, Tesla, Fission and Fusion.

Satanic Control comes from the Satanic, "Policy of Poverty" and the Satanic, "Policy of Poisoning" by means of the, "Borgia Cup" and indeed Satanism itself which is a form of Mind Control to create the Psychopaths who will follow any orders.

These policies are designed to weaken the opposition to the Satanic Religious leaders whose aim is to continue ruling humanity as they have ruled the Human Herd for 10,000 years since Satanic Babylon in order to Steal their Spiritual Energy.

All religions are created by the Fascist Peerage Robber Barons whose Genealogy goes back to Satanic Babylon and their created Religions of Satanism, Luciferianism, the Cult of Apollo, Dionysus, Isis, Horus, Osiris have been created to control the upper levels of society for the real Peerage Robber Baron owners for thousands of years. Because if you believe a Satanic created, infiltrated religion, you will believe anything, do anything for the compartmentalised top of the Hierarchy.

Yet, "False Gold is there only because Real Gold Exists" -
Tamil Siddar Alchemist Thiruvalluvar

If a member of the Peerage Fascist Robber Baron Elite partakes of the normal Satanic Rituals extant for thousands of years designed to reduce people to the level of a psychopathic beast of..

1. Animal and human sacrifice rituals.
2. Canibalism rituals.
3. Drug rituals,
4. Sex rituals - homosexual sodomy rituals - pederasty rituals - bestiality rituals - torture rituals.
5. The castration rituals of Cybele and Attis.

and then you have your pictures and videos taken by Epstein, Ghislaine Maxwell, or Jimmy Savile, of you doing it, then you tend to follow orders!!

Rather than concentrating on problems with food, security and housing which poverty induces in all, only wealth and education can lead humanity to evolutionary meditation the foundation of Human Evolution to the Stars.

Realise that Austerity is not an accident.

Everything must be planned.

If Austerity can be planned and executed for the USA and Europe over 50 years since the assassination of John Kennedy then wealth too can be planned!!

Only wealth can lead Human Evolution to the Stars, therefore anti-evolutionary Satanism created by the Robber Baron oligarchic elite for the purpose of creating poverty, so as to maintain their control over thousands of years, has acted to degrade every part of human society including science as the Satanic Frankfurt school has acted to similarly degrade philosophy, music and art, and the Satanic Robber Baron Drug trade has acted to destroy all culture and civilisation and

the poisoning of air, food and water by fluoride, genetically modified foods, glyphosate and other pesticides, and incinerator dioxins and VOC's to destroy the health and energy of all humanity.

In order to secure acceptance for their Satanic ideas, the Satanic Venetian Party seeks to control the way people think. If you can control the way people think, say the Satanic Venetians, you can control the way they respond to events, no matter what those events may be.

It is therefore vital to the Satanic Venetians to control philosophy and especially science, the area where human powers of hypothesis and creative reason become a force for improvements in the order of nature.

It is therefore vital to the Satanists to control and suppress science because Science is the source of all Wealth creation which can lift Humanity from the level of a beast to Enlightenment itself.

"Gehlen pioneered the setting up of dummy fronts and cover companies to support his far flung covert operations... By the time the Gehlen Organization became part of the West German state, Gehlen already had his agent-in-place in the United States. He was Otto Albrecht von Bolschwing, who had

been a captain in Heinrich Himmler's dreaded SS and Adolph Eichmann's superior in Europe and Palestine. Von Bolschwing worked simultaneously for Dulles' OSS. When he entered the U.S. in February 1954, he cleverly concealed his Nazi past. He was to take over Gehlen's network not only in this country but in many corners of the globe. He became closely associated with the late Elmer Bobst [Pilgrim's Society; SMOM; anti-Jewish; accused of sexual abuse granddaughters and great-great-granddaughters] of Warner-Lambert Pharmaceutical, a godfather of Richard Nixon's political career. In 1969, he showed up in California with a high-tech firm called TCI that held classified Defense Department contracts. His translator for German projects was Helene van Damme, Governor Ronald Reagan's appointment secretary." [45] 268

When I first heard that the NFL as a "league or association" was officially celebrating Hispanic Heritage Month, I had to scratch my head in puzzlement. I not saying that the NFL should celebrate Black History Month instead. There are twelve months a year and 365 days a year. There is enough justification for America to celebrate each month and every day of the year to the People of Color's contribution to this

country; and condemn its atrocities against them, whether Black, Brown or Yellow. 95

But, why would the predominantly Black player NFL officially celebrate Hispanic Heritage Month and give token observance to, and dismiss the significance of Black History Month? Why wouldn't the NBA or NFL openly support Black History Month that is expressly articulated to humbly HELP save their Black Fan Base and majority Black Players and their families from racial injustice and extermination— GENOCIDE in America? But for, to confuse, divide, conquer and continuity DOMINATE the masses by deception and PSYCHOLOGICAL WARFARE. 96

Table of Contents

BEYONCE, SATANIC JAY & ALEISTER CROWLEY 666'S VEILED SATANIC SEX MAGICK AT THE 2014 GRAMMY'S 29

The January 26, 2014 56th Grammy Awards was far more flagrantly Satanic then I had envisioned. Katy Perry's Grammy

“Dark Horse” performance is widely recognized as a Satanic Rite and “Open Witchcraft and Satanism on Display.”[1]

29

“Rose, my dear, you filthy whore, would you be ever so nice as to do a magick ritual with me today?” –the BEAST, Aleister Crowley[7] 32

“Drunk in Love” introduced Beyonce’s new MK ULTRA Sex Kitten alter personality “Yoncé”, above, that is far more “FILTHY”, erotic, perverse and lustful than Demotic Sasha Fierce. 32

Yoncé– the 2014 Grammy’s Sex Magick Show & the Scarlet Woman 46

Lucifer’s Color is BLUE [41] 47

Babalon (also known as the Scarlet Woman, Great Mother or Mother of Abominations) is a goddess found in Aleister Crowley, the Great BEAST 666’s mystical system of Thelema. In her most abstract form, she represents the female sexual impulse and the liberated woman; she is also identified with MOTHER EARTH, in her most fertile sense.[42] 47

At the Grammy’s, Yoncé and Satanic Jay performed an erotic piece co-written by Beyonce called “Drunk in Love.” Its lyrics express “UNBRIDLED LUST” [43] and ancient phallic-Masonic worship,[44] 47

I’ve been drinking, I’ve been drinking I get filthy when that liquor get into me I’ve been thinking, I’ve been thinking Why can’t I keep my fingers off it, baby?[45] 47

“We be all night, and everything alright No complaints for my body, so fluorescent under these lights Boy, I’m drinking, walking in my l’assemblage ... If you scared, call that reverend Boy, I’m drinking, INNA bring it right...”[46] 47

Compare Nin-imma Symbol with Hathor’s Symbolic Wig 49

Nin-imma(Earth Mother) is a Sumerian, Babylonian, and Akkadian fertility goddess and deification of the female sex organs. Her parents are ENKI and Ninkurra. Her name derives from the Sumerian words nin – goddess, and imma – water that created everything. [50] 49

In Great Antiquity, Nin-imma is known by many names and spellings mainly Ninhursag (Earth Mother),[53] Ninmah (“Great Queen”) and Nintu (“Lady of Birth”). Both Nin-imma

and Nin-anna traits are similar to the Kemet Goddess
WORSET (Hathor).[54] 50

Reverend Boy- unlike being an ordained minister, for instance, a Reverend of the Church of Satan is who is revered by the believers or Satanists- while a priest or minister is one who dedicates their life to preaching religion to others.[61] Basically, Drunk in Love, recounts one of the Great BEAST's continuous Satanic Tantra-Sex Magick Ritual sometimes referred to as the Babalon Workings that involves Crowley's satanic philosophies, and Demoness Scarlet Women.[62]

In 1947, Big Papa's first official CIA assignment was to cover Ambassador Prentice Cooper in Lima, Peru. He said that the Peruvian military was still wearing Nazi war helmets and goose stepping.[42] 313

Cooper wasn't a junior ambassador. He was out of Princeton University, and had been the former governor of Tennessee. During his administration as governor, the U.S. government began the ultra secret Oak Ridge Tennessee Manhattan Project to build America's first atomic bomb. 313

In 1944, he trailed only Freemason of the 33 degree, Harry S. Truman, for the vice presidency of the United States. In 1946, President Truman appointed Cooper as the Peruvian Ambassador.[43] 313

Mason Sturmbannführer SS Friedrich Schwend 315

The CIA had a big ultra secret asset and operation concealed in Lima, Sturmbannführer SS Friedrich Schwend of Himmler's ultra secret SS counterfeiting Operation BERNARD. 315

In 1945, OSS Chief Allen Dulles had recruited SS Schwend as an agent in the Reinhard Gehlen Org. Through him, Dulles recovered millions in SS gold, American and British counterfeit dollars and pounds. However, the U.S. discovered that Schwend and the SS continued its counterfeiting operation under deep cover.[44] 315

In 1947, when things got too hot for Schwend in Europe, the CIA and the Gehlen Org packed him up and sent him off to Cooper and Big Papa in Lima.[45] 315

36. Download The Illuminati Formula to create a Completely Mind Controlled Slave which details, "The World which has been Pulled Over Your Eyes, to hide you from the Truth" Morpheus, Matrix Movie.

This book details the Satanic 10,000 years old process using Torture, Drugs and Hypnotism in order to layer in Demon Programs from birth and before birth into the torture and drug split mind which has always infused the Emperors, Kings, Presidents, Prime Ministers and their policies mandated by the Satanic Elite Controllers..

Now industrial quantities of children - evidence in the 1972 Church hearings 6 hours of video evidence to Congress available on youtube and CSPAN talking about 10,000 young children taken from orphanages and entered into the MKULTRA program - are being mind controlled to take over the World, Movies Trafficked and Taken and the Haiti Trafficking detail the abduction.

This book details the methodology - to give evidence that Against Satanism - is Real!!

The Illuminati Enemy Within Freemasonry - Weishaupt, General Pike, Palladian Rite, Morals and Dogma, Albert Pike, Rose-Croix, Templars, Alta Vendita or highest lodge of the Italian Carbonari, Mazzini, The Lost Keys of Freemasonry, Manly P. Hall the seething energies of Lucifer - Satan, or Lucifer, and the demons, Demonic Possession, Morals and Dogma, Albert Pike, Elias Ashmole edited Dr. John Dee, sorcerer who "brought through" the Enochian system of magic, of satanic ritual and demonic evocation, the Pagan Eleusinian Mysteries, Council on Foreign Relations ... the Trilateral Commission ... and the Bilderberger Group serve to disseminate and to coordinate the plans for this so-called new world order, Alice A. Bailey, 1950, 1986, "The Plan" involves a one-world government, an occult hierarchy, an elite "illuminated" oligarchy ruling over a world in which Christianity has been slated to be displaced and destroyed.

42. OCCULT THEOCRACY BY EDITH STARR MILLER, LADY QUEENSBOROUGH

EDITH QUEENBOROUGH

This book claims to be an endeavour to prove that: —

1 — Owing to their union, all secret societies, whether political, philanthropic or occult in appearance, serve a political purpose unknown to the majority of their members.

2 — The power wielded by such societies is real and its character is international.

3 — Regardless of their exoteric objects, the esoteric aims of most societies are all directed towards the same end — namely : the concentration of political, economic and intellectual power into the hands of a small group of individuals, each of whom controls a branch of the International life, material and spiritual, of the world today.

The main branches thus controlled are : —

1 — The International Banking Groups and their subsidiaries.

2 — International, industrial and commercial control groups with their interlocking directorates.

3 — Education, Art, Literature, Science, and Religion. as vehicles of intellectual and moral perversion.

4 — The Groups already organized throughout different countries for the study of International affairs political, financial and economic.

5 — The International Press, the medium used to mould public opinion.

6 — The Political party organizations of each nation,

whether conservative, liberal, radical, socialist etc. existing in every country with parliamentary administration.

7 — Internationally organized corruption, the white-slave traffic, vice and drug-rings, etc.

Glancing at the body frame of all political organizations, do we not perceive that money is its main sinew ? It would not sound preposterous to state that the electoral system is similar to that of auction, insomuch as it favours the highest bidder. In election campaigns, the successful candidate is not necessarily the most deserving or worthy of votes, but too frequently he who was able to buy the greater number of votes. Votes are captured by slogans, propaganda and, not unfrequently, bribery. Only an infinitesimal percentage among them will ever strive to find out the power or powers behind the candidate, and by whom he is, in effect, controlled.

43. Psychopath. Hervey Cleckley THE MASK OF SANITY, Section 1: An Outline of the Problem, 1. Sanity-a protean concept, A millionaire notable for his eccentricity had an older and better balanced brother who, on numerous fitting occasions, exercised strong persuasion to bring him under psychiatric care. On receiving word that this wiser brother had been deserted immediately after the nuptial night by a famous lady of the theatre (on whom he had just settled a large fortune) and that the bride, furthermore, had, during the brief pseudoconnubial episode, remained stubbornly encased in tights, the younger hastened to dispatch this succinct and unanswerable telegram

45. The Deliberate Dumbing Down of America by Charlotte Thompson Iserbyt - Now we are taught to be beta males and female warriors. The "men are pigs" propaganda will stop some women from marrying men but make them marry the state as Policemen, as Commissars.

From the Slave Manual of the Romans.. When creating a slave system, kill a few warriors and children in front of the women. Then say to the women, if you revolt we will kill everyone. Then put the women in charge of the plantation. We do this because if you ask the same thing of the men, statistically more will revolt, whereas women will comply.

49. Hallett & Spymaster - Stalin was a Rothschild, Stalin's British MKUltra Training at the Tavistock institute - Breeding Concubines - Paedophiles at War (2008)

1. British Royalty Sexual Excess, Breeding Concubines, Rothschild take over of Britain and Europe by breeding with Royalty.
2. Stalin was a Rothschild - Rothschild Stalin trained by the British at the Tavistock institute to take over Russia.
3. Satanic Pedophilia and Sodomy Ritual - Kitchener and Baden Powell
4. Gurdjieff Secret Agent

Lord Kitchener and Stalin were both trained by Gurdjieff as Martinist Freemasons. Stalin went on to rule a third of the world and Kitchener colonised the world through his special brand of Freemasonry - incestuous paedophilia and sadistic ORDER OUT OF CHAOS.

Britain was the training ground for immigrant revolutionaries to destroy their own foreign countries. This saved the colonising British army from doing it. Misinformation was always on the breakfast menu for the City of London and Metropolitan Police who regularly sabotaged each other's interrogations giving foreign terrorists any and every advantage.

Winston Churchill was King Edward VII's son. Once his father died, Winston needed to prove himself to his brother, the new King George V, so the 1911 Sidney Street Siege was held as a canned meat operation - a training exercise between Churchill and his protege Stalin, who went on to decimate Russia.

Protecting the satanic pedophile establishment by file theft is one of the main functions of a knight. A crime is committed,

the case is botched and the files are stolen. Ipso facto, the stitch-up is all stitched up and official history contains generations of the most unbelievable claptrap where nothing fits and most lose interest. This is the desired goal of establishment historians - most of whom are embedded into the Satanic occult. Jack the Ripper was an inside job that had the full support of Satanic occultist Freemasons and the British Royal Family.

Two of the most decorated men in British history Kitchener and Baden Powell were paedophiles who competed to commit the most heinous crimes in the British colonies and then use the Baden Powell Scouts to provide paedo children for the Elite, just like Epstein and Jimmy Savile. Understanding Queen Victoria and her children's illegitimacy, they operated with complete immunity, attained hero status, and medals were theirs for the asking.

50. Hallet and Spymaster, Hitler was a Rothschild Hitler was a British Agent trained by the MKUltra Tavistock Institute

And Hitler was a Rothschild like Stalin and Bill Clinton, conceived during a Satanic Ritual to create an Agent of War!

“During his period in the Tavistock Military Mind Control Institute in Britain in 1912, Hitler was trained as a public speaker. They taught him to gesture with his hands to emphasise points. He then developed his own style which was non-Germanic and incredibly effective. MI-6 also used an elocution teacher from Dublin’s Trinity College to give him voice lessons and teach him how to raise and lower his voice for emphasis.

“Much of an agent’s training is along sexual lines. Agents are given the Fritz Springmeier Mind Control trauma, drugs, alcohol, subjected to hypnotism, given access to other agents, and the instructors step out and watch what develops. Adolf gave indications of bisexuality, which is not unusual in an MI-6 training setting, and later went on to develop more complicated perversions that sickened many of the other would-be agents – notably coprophilia. The more extreme his sexual perversions, the more easily manipulated he was and the Mandarins of Whitehall were delighted with his progress.

Some predicted the sky was the limit for Hitler...

Historian Henry Makow, Ph.D., United States Greg Hallett offers persuasive circumstantial evidence that Hitler was a British Agent. As Hitler was in Britain 1912–13 other historians are guilty of sanitizing Hitler, giving him more credibility that he had. Hitler was a British Agent is a useful paradigm that clarifies many improbable events . . .

Why the Nazi war machine was financed and built by the Bank of England. Why Hitler was able to expand into the Rhineland without fear of retaliation. Why Hitler let 335,000 Allied soldiers escape at Dunkirk. Why Hitler attacked Russia before England was invaded or conquered. Why the Nazis never figured out their communications were compromised. Why Hitler never sealed the Mediterranean at Gibraltar. Why the Spanish dictator Franco remained neutral. Why Hitler didn’t conquer the oil fields of Russia and the Middle East. Why Hitler gave his racial policies priority over actually winning the war. Why I.G. Farben was never bombed, and became the CIA headquarters in Frankfurt after WWII.

The biggest improbability of traditional history is that an Austrian tramp, street cleaner and gay prostitute could become the Chancellor of Germany. Hitler joins a long list of obscure blackmailable figures catapulted into world prominence by the unseen hand.

Implications . . . History is unfolding according to the Satanic Sodomy Ritual Skull and Bones Illuminati's long-term plan. Wars are plotted decades in advance and orchestrated to achieve the destruction of nations and natural elites, depopulation, demoralization, and of course power and profit . . . The Satanic Sodomy Ritual Skull and Bones Illuminati sponsor 'enemies' in order to ferment conflict . . . The super rich Satanic Phoenician Mega Trillionaires have organized themselves to prey on mankind and establish permanent hegemony . . .

Greg Hallett deserves our thanks for advancing a history more plausible than what supposedly transpired.

<https://youtu.be/hoJw1E6C-qM>

Satchi's energy is amazing and just watching his videos would charge me up with softness and bliss. The energy I felt from watching the videos not only enabled me to see my own blockages, but I could feel some of them rising to the surface and then getting dissolved by light.

- Satchi is very helpful in emails and I have emailed him many times...he got back to me and gave me some hard truths and also honest support which helped me to continue making progress.

- The frequency of energy is the most powerful and high frequency I have worked with, it charged me up really fast and enabled me to see blockages psychically.- I started to sense astral beings a lot more (most of them not very nice) but we got taught how to deal with these in Level 2 with the Seven Step Process.

I also felt some very wonderful presences of spirits and ascended Masters associated with the course who were helping teach me.

- The level 2 method 7 step Process of removing energy blockages is simply amazing.

I use it every day. I've used it to dissolve or 'ground' negative emotions, fear, anger, to clear negative energy from astral entities, deceased human spirits who were inside my aura...

random spirits who would come to me to get guided to the light and so on.

This method has been far superior than all other methods which I have used.

- The level 2 methods allowed me to personally get through some very bothersome subconscious programming and blockages which no other methods were healing...I was under heavy psychic attack at this point and I got what I needed to stop it. Problems grounded and dissolved in the light of the earth chakra.

- The level 3 methods to remove deep karma - The Karma Cleaning Process - actually do work. I said in another report that I saw that it would have taken me 500 lifetimes to clear my Karma and become Enlightened . Now using Energy Enhancement Techniques I see that all those 500 lifetimes of Karma have been dissolved!! Perhaps Enlightenment is Next!!

My body feels so bright and purified, so light and fresh, I have used these methods to clear the karmic bonds between me and other human souls. It feels like all the 'history' between you becomes instantly neutralized back into peace and light. Although it also dissolves the 'good' karma too, for example it will neutralize positive attachment's between you and others and make you feel a more evenly spread benevolent peace to humas in general.

AGAINST SATANISM

Vol. 6

AGAINST SATANISM VOLUME SIX

Infiltrating Bloodline Phoenician/Jewish aristocratic Families have existed for over 5000 years before the Birth of Christ. Using emotional rhetorical religious concepts to control, they worship all the Pagan Gods, including Lucifer, Satan, Baal, Bel, Molech, Ashtoreth, Cybele and Attis including all the Satanistic Rituals in Against Satanism Volume 3 - RITUAL SEX, RITUAL DRUGS, RITUAL BLOOD SACRIFICE, RITUAL HUMAN SACRIFICE, RITUAL PEDOPHILIA, RITUAL TORTURE, RITUAL BURNING ALIVE, RITUAL CANNIBALISM, RITUAL CASTRATION.

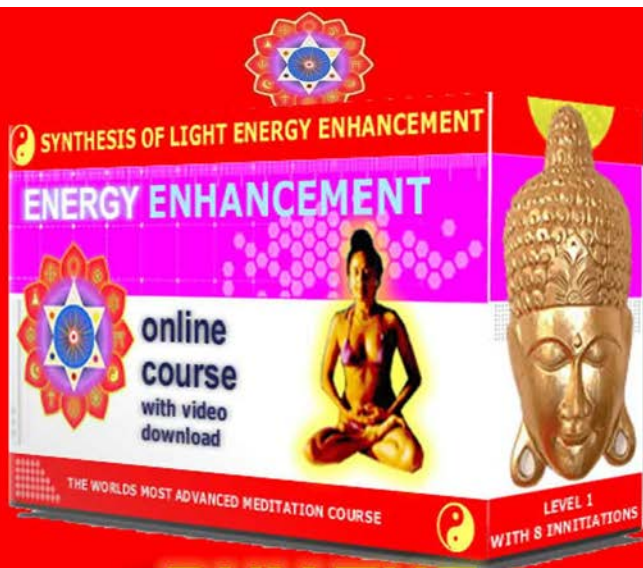

In this book we find that over thousands of years, spook, Bloodline Phoenician/Jewish aristocratic Families infiltrated every country, every Empire, taking over or infiltrating every ruling aristocracy and aristocratic, bloodline family, in Europe, Britain, America, India, China and in every other country in the World.

Jewish/Phoenician aristocrats were never attached to any tiny nation, but were always one globalized trading empire from 2000BC, playing countries against each other for profit. For example using a false Flag to start a fake war between ruling elites in separate countries both of which have been allowed, built up, to become rich, but all the elites in each country coming from the same Infiltrating Bloodline Phoenician/Jewish aristocratic Families, and then buying all the assets for pennies on the dollar after the war. Not only that, giving loans to each country to prosecute the war, owning the Military Academic Industrial Complex providing materiel for the war.

Many Infiltrating Bloodline Phoenician/Jewish families who have ruled the World as one trading block for thousands of years before the Birth of Christ came from the Fertile Middle East Crescent including Lebanon, Libya, Syria, Israel, Mesopotamia-Iraq, and Persia-Iran, and had that region and all it's Empires razed many times over nonetheless, profiting from each destruction. They hop to and fro over the planet, always profiting by shifting, reshuffling and breaking their Empires.

We saw that the important conquests are not in our history books as such. Rather, Europe was colonized in the Bronze Age already, in patterns that match up with structures we see in today's spook aristocracy. The entire upper class of colonized regions was replaced by Phoenician/Jewish families, with common people unaware of it to this day. Some of this colonization is cautiously admitted, just not emphasized.

We saw that the Infiltrating Bloodline Phoenician/Jewish families always held power. The secret behind their power is simply that there is no big secret. They don't know anything special. They can't do anything special. They never achieved anything special—other than monopolizing trade. With the power to deceive from the Father of Lies, owning all the media, - The CIA, the Military Academic Industrial complex, Universities, History, Books, Magazines, Newspapers, Television, Youtube, Facebook, Google - even idiots can rule the world for millennia.

Here we are talking Zen Master Hogen.

He said, "By Meditating we can change our messy life painting into a clean white sheet again."

Here he is saying that Meditation can with Intensity of Feeling, ground all the negativity, all the negative emotions, all the energy blockages attached to your memories that ever happened to you in this lifetime

He said, "I spent all my previous lifetimes making Guinness. Now in this lifetime I am drinking all the Guinness!"

Here he is saying that with Passionate Energy Enhancement Samyama Meditation can ground all the negativity, all the negative emotions, all the energy blockages attached to your memories that ever happened to you in all your previous lifetimes.

If you can use Energy Enhancement Meditation to Ground all that negative energy from your past, to remove those dense, deep, energy blockages not only from this lifetime, but from all your previous lifetimes...

Can you Imagine what that will Feel Like?

REMOVE ENERGY BLOCKAGES

Learn the "Energy Enhancement Anti Energy Blockage Hack Technique" and Free Your Mind Once and for All.

Why has this Energy Blockage predator taken over in the fashion that you're describing, Don Juan?" I asked. "There must be a logical explanation."

"There is an explanation," don Juan replied, "which is the simplest explanation in the world. They took over because we are food for them, and they squeeze us mercilessly because we are their sustenance. Just as we rear chickens in chicken coops, gallineros, the predators rear us in human coops, humaneros. Therefore, their food is always available to them."

Don Juan had a broad smile on his face. He was as pleased as punch. He explained that sorcerers see infant human beings as strange, luminous balls of energy covered from the top to the bottom with a glowing coat something like a plastic cover that is adjusted tightly over their cocoon of energy. He said that that glowing coat of awareness was what the predators consumed, and that when a human being reached adulthood, all that was left of that glowing coat of awareness was a narrow fringe that went from the ground to the top of the toes.

If we consider a human being as containing seven parallel chakra processors within the body and an infinity of parallel chakra processors above the head and below the base, connecting us to the Universe, then the more of these parallel chakra processors we can access, the more intelligence we have - What stops the access to these parallel chakra processors is Energy Blockages.

We need to learn how to "Hack" these Energy Blockages to remove them so we can access our native genius. The Geni being the Soul Chakra, the first Chakra above the head.

Yet as we remove more of the energy blockages and access many more chakras, even more intelligence is possible!!

ENERGY ENHANCEMENT OPENING THE THIRD EYE

AWAKEN YOUR THIRD EYE
IMPROVING PSYCHIC SIGHT

OPENING THE THIRD EYE

The conscious rocking backwards and forwards at the Start of your EE practice is to get your spine into alignment with the Kundalini energy from the center of the earth out into the center of the Universe..

to power your Psychic Vision, to Open your Third Eye...

Antaeus was killed (the process of Illumination requires the ability to get out of the body into the higher chakras, the same path we take when we die, but without the advantage of being able to come back along the Silver Chord) Antaeus was killed by suspending him in a tree - SEE THE MYTH OF ODIN IN AXIS MUNDI where Odin spent 9 nights suspended in the Axis Mundi Tree above the Crown Chakra in order to become Illuminated and gain psychic vision - make all his sight one in the third eye.

We eventually get into a state of energy transfer. We both feel it as white light flowing from one to the other in an incredibly intense way which lasts for two hours. At the end of that time I perceive an initiation which is taking place on the astral plane. Surrounded by a group of ascended masters I introduce him to the chief initiator who uses the rod of initiation to touch his third eye with the intense energies of initiation so that his energies can never again drop into that state we call normal waking consciousness.

The Antahkarana Also refers to the Unicorn - So, by removing the Blockages of Ajna Chakra the Psychic Powers of the Third Eye and of the Rainbow Bridge, a Horn emanating from the Crown Chakra leading to Wisdom, Psychic Vision and the Actualisation of all our Dreams, Our Soul Path which we teach in Energy Enhancement Initiation 4.

"COMPLETE INSTRUCTIONS ON
ENLIGHTENMENT" - THE
ENERGY ENHANCEMENT WAY BY-
SATCHIDANAND

"Now!! Here Are Complete Instructions on Enlightenment" After you have tried all the bad things and found they do not work - Here are complete instructions on how to attain your Infinite Peace. Yoga comes from Yoke. This Yoking or Union with the Higher self and the chakras above the head is Enlightenment.

By the loosening of the cause (of the bondage of mind to body) and by knowledge of the procedure of the mind-stuff's functioning, entering another's body is accomplished.

THE WHOLE WORLD IS CONTROLLED BY MEDITATION..

He who, due to his perfect discrimination - dis-crim-e-nation or sanskrit, Viveka, is the ability to transmute energy blockages and as they transmute and ground, so they go through the symptoms of the Gunas from Tamas, to Rajas, to Sattvic as the Negative Karmic Mass is grounded - The sword of discrimination is the ANTAKHARANA - the energy connection between all the chakras above the head through the body and below the base chakra to below the Center of the Earth, which feeds energy from higher to lower levels of the hierarchy - this discriminative energy blockage transmuting flow of energy if maintained is called Dharma Mega Samadhi.

The meaning of dharma includes goodness - next to Godness - virtue, justice, law, duty, morality, religion, religious merit, and steadfast decree - all symptoms of being Soul Infused.

Dharma is the energy of the Soul!!

GOODNESS AND MERCY SHALL FOLLOW ME ALL THE DAYS OF MY LIFE AND I SHALL DWELL IN THE HOUSE OF THE LORD FOREVER..

"WHEN ALL ENERGY BLOCKAGES ARE GONE, ENLIGHTENMENT IS SURE TO FOLLOW" - Satchidanand

VIMALAKIRTI SUTRA -THE BUDDHA FIELD

SATCHIDANAND

ENERGY ENHANCEMENT

Vimalakirti Sutra - The Buddhafield

Buddhas, Bodhisattvas, Aryasravakas, and Pratyekabuddhas conquering demons, natural spiritual benefactors of all living beings, free from impurities, expert in knowing the spiritual faculties of all living beings, high resolve as hard as diamond, unbreakable in their faith in Buddha, Dharma and Sangha, they showered forth the rain of ambrosia that is released by the light rays of the jewel of the Dharma, which shines everywhere.

The Purification - the Removal of Energy Blockages - And the Augmentation of Psychic Powers - Caused by the Buddhafield

Inconceivable Skill in Enlightenment Liberative Technique, Dharma, Connection with the Infinite Chakras above the Head - Gnosis, conquered all demons, transcendence of wisdom, tolerance and self-control, respected by Indra, Brahma, and all the Lokapalas

Thereby, thirty-two thousand living beings purified their immaculate, undistorted Dharma-eye in regard to all things.

The eight thousand bhikshus were liberated from their mental defilements, attaining the state of non-grasping.

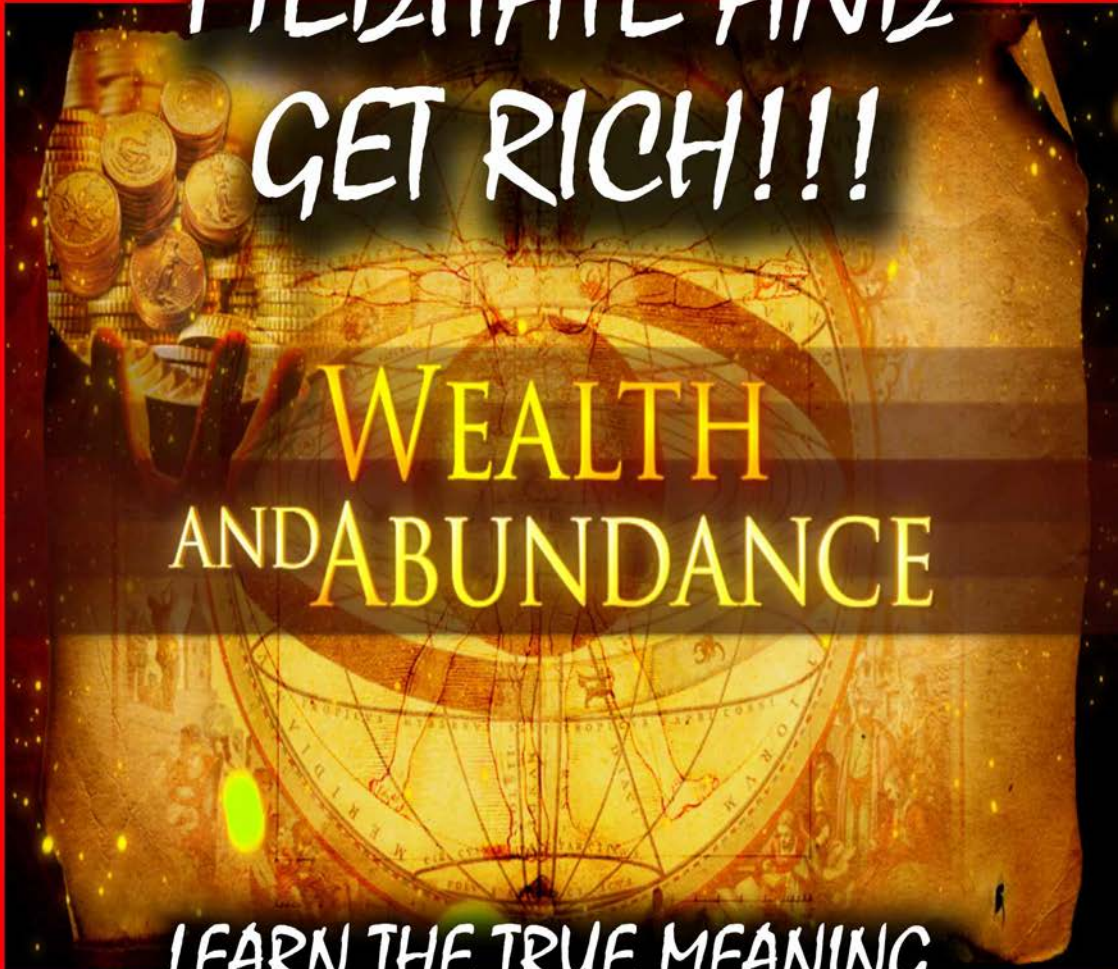

And the eighty-four thousand living beings who were devoted to the grandeur of the buddhafield, having understood that all things are by nature but magical creations, all conceived in their own minds the spirit of unexcelled, totally perfect enlightenment.

A Zen Master saw a child with a broken arm sitting miserably by the side of the road. This guy was so miserable that the Zen Master just knew he was impervious to being cheered up, To accepting good advice, to being told that, "Everything changes". So he took an iron bar and with it he broke his own arm. Sitting down by the young child he said, "Now we can talk!!"

"The Dharma - The Path of the Soul Chakra - The First Chakra above the Head - permeates evenly all things, because all are included in the ultimate realm. It conforms to reality by means of the process of nonconformity. It abides at the reality-limit, for it is utterly without fluctuation. It is immovable, because it is independent of the six objects of sense. It is without coming and going, for it never stands still. It is comprised by voidness, emptiness, a vibration so high that it is not gross like matter, or emotion, or mind, it is remarkable through signlessness, and is free of presumption and repudiation, because of wishlessness. It is without establishment and rejection, without birth or destruction. It is without any fundamental consciousness, transcending the range of eye, ear, nose, tongue, body, and thought. It is without highness and lowness. It abides without movement or activity.

MEDITATE AND GET RICH!!!

The Human Right to Life surely includes a Rich, Wealthy life. Health, Housing, Air Conditioning, Education, Transport, Entertainment, Books, Pure Food, Water, Environment.
So that we can choose what to work at. So that we can choose to work at The Right Hand Path of Meditation leading to Enlightenment.

Simple, Easy Effective Techniques, Vouchsafed from a Mystical Past lie at the Heart of Alchemical Transmutation of Internal Dragons to Man Up!! and Release the Wellsprings of Energy, Wealth and Internal and External Gold!!

We have all seen "The Secret"

We have all read Napoleon Hill's, "Think and Grow Rich".

But one of the Forgotten Secrets of Wealth and Richness has Traditionally been the Transmutation of Lead into Gold.

The Ancient Secrets of Alchemy!!

And what we need now is the Modern Upgrade of the Secrets of Alchemy brought into the Modern Age.

As Jung has brought Alchemy and Archetypes into Psychology, so Energy Enhancement has brought Alchemy and Archetypes into Wealth and Self Actualisation.

Get the Gold!!

Understand the Ancient Formulas of Alchemy to release Sources of Internal and External Wealth!!

Get the Gold!!

Get the Philosophers Stone which Transmutes All Base Metal into Pure Alchemical Gold!!

There are Powers inside you that once Released, Paradigms Transmuted, Blockages Removed, will enable you to Access your true Potential.

These Ancient Techniques called Alchemy will Truly Release your Beast and Allow Incredible Success in Any Field of Life.

The Secret of Alchemy lies in the Transmutation of Trauma which lies at the Base of all Blocks and Bad Habits.

Trauma creates the Dragon of Fear which in all Ancient Mythical Stories is Killed by the Hero in Order to Rescue and Release the Princess..... and Get the Gold...

After reading this, in lieu of its recommendations which may take a little while to percolate through the Archetypal Mind of humanity, my recommendation is to teach Energy Enhancement Advanced Meditation Techniques..

To achieve True Wealth.. the Ultimate Truth, and Freedom... Enlightenment!!

ENLIGHTENMENT IS AVAILABLE FOR EVERYONE

INCREASING WEALTH WILL SPEED UP THE PROCESS OF EVOLUTION AND ENLIGHTENMENT FOR ALL

MEDITATE AND GET RICH VOL.2

YOUR RICHNESS SEED IS A THOUGHTFORM!!

With regard to becoming rich, becoming strong, any mortal thing you want to be – All these things and more are thoughtforms.

They are thoughtform seeds.

And Napoleon Hill talks about growing these thoughtform seeds, actualising these thoughtform seeds, so that they grown like Acorns to become the great Oak trees they were destined to become - and he gives the formula for this Richness tree to come to fruition.

That you actually become rich!

And Napoleon Hill gives in this book these methods – which suit the natural competents, but require everything from those not naturally competent, including a lot of time..

FAITH, AUTO SUGGESTION, IMAGINATION, DESIRE, DECISION, PERSISTANCE, SEX, THE SUBCONSCIOUS MIND, THE BRAIN, THE SIXTH SENSE, HOW TO OUTWIT THE SIX GHOSTS OF FEAR

NOW, HOW WOULD YOU LIKE TO GROW YOUR PSYCHIC OAK TREE IN DOUBLE QUICK TIME?

HOW WOULD YOU LIKE TO SPEED UP THE PROCESS?

The thing about these Thoughtform Seeds is that they are psychic seeds. These Thoughtform Seeds do not need real Earth, Water, Sunlight and Carbon Dioxide to grow.

No!

These Thoughtform Seeds need Psychic Energy to Grow.

Most Richness and Wealth Courses teach very beginners techniques.

We are taught the Ancient Buddhist Technique of Metta Bhavana – Gratitude - to Open the Heart.

We are taught the Ancient Yogic Technique of Repetition – of Mantra and Visualisation to Life Stream what we want in the Present tense as though we already have it

So we write down what we want on sheets of paper, read them out into audio files, listen to the files constantly, so that we live in our Matrix, not truly alive so as to enter the prayers into our conscious minds so that with years of repetition the thoughtform seeds might grow, clothe themselves in psychic matter and enter in to the Universal Sub-conscious mind and we might actually become rich and everything work out just as we wish.

So, why does it take so much effort by Mantra to become Rich?

The answer is Energy Blockages which stop our connection with the infinite energies of the Earth and the Central Spiritual Sun and which block our little richness thoughtform from the energies that would make it grow Superfast!

As I said, Mantra is a very beginners technique. There are Ancient Techniques of the Siddars which quickly develop the Psychic Powers to get what you want quickly and easily.

Everyone who takes the Energy Enhancement Course gets these psychic powers.

The power to connect with the fountain of kundalini energy from the Earth.

The power to connect with Infinite Spiritual Energy which descends from the Central Spiritual Sun.

The most powerful Technique is that of Meditation developing quickly with Energy Enhancement Initiations into Samadhi and Samyama, talked about in the Ancient – 5000 years old - Yoga Book, the Yoga Sutras of Patanjali.

Everyone knows that Meditation is the best, most ancient, fastest and efficient technique to gain Psychic Powers,

There is a whole chapter in the Yoga Sutras of Patanjali on the use of Samyama to gain all the Psychic Powers – gain immense riches, remove all our vows of poverty from our past lifetimes as monks, remove all bad luck and karma, remove everything holding you back, and attain Enlightenment the goal of All our Past Lifetimes.

ELIMINATING THE SHADOW

A painting depicting a man with dark hair and a beard, wearing a red robe, embracing a winged angel. The angel has large, white, feathered wings and is wearing a white garment. They are standing in a dark, rocky landscape. The man's face is turned towards the angel, and they appear to be in a moment of emotional connection or reconciliation.

SATCHIDANAND

ELIMINATING THE SHADOW

In this book, Satchidanand trashes the greatest most intellectual investigators and descriptors of the Shadow and the Shadow Subpersonalities. Great People - The Highest of All Humanity - Jordan Peterson, Carl Jung, Nietzsche, and every Psychotherapy, Psychological therapist who can describe the problem of the Shadow, talk about the problem of the shadow but have no Practical solution to the Shadow. All of those guys Failed to Solve the Problem of the Shadow. None of these guys have Any practical solution for the Shadow.. And it is the Shadow Subpersonalities which is the Source, The Fount, of All Evil on this Planet... And the Source of All Evil within You!!

Carl Jung says.. "There is no generally effective technique for assimilating the shadow. It is more like diplomacy or statesmanship and it is always an individual matter. First one has to accept and take seriously the existence of the shadow. Second, one has to become aware of its qualities and intentions. This happens through conscientious attention to moods, fantasies and impulses. Third, a long process of negotiation is unavoidable." (Carl Jung)

As Jung notes in the passage above, he thought there is no general technique to integrate the shadow, even though the Buddha and Jesus Christ exemplified the Meditation Technology. For thousands of years great souls have come to earth to demonstrate otherwise, that enlightenment is, "Tat tvam asi" Thou art that!! You are a part of the Universe and have nothing else to seek.

Energy Enhancement Meditation – Spiritual Insight – combined with psychological knowledge is THE complete way of processing and integrating your Shadow Side into wholeness.

Because Energy Enhancement Meditation has actual ancient time-tested meditative techniques that you can use and apply to your Shadow work to Heal All your trauma formed Subpersonalities and Integrate them into the Soul. As long as we have a Shadow Side we have Trauma formed Negative Karmic Mass – pain, frustration, pessimism, depression, anxiety, grief, bitterness, spitefulness, jealousy, anger, greed, lust, addiction, escapism, nihilism. These all need to be addressed and healed – transmuted and integrated.

Energy Enhancement Meditation uses the Psychic Spiritual Center – Third Eye as primary gateway into healing yourself. If we just use psychological analysis then we are limited. If we just use creative therapies, dream exploration, trance-work etc then we are also limited still. This is because we need it all, both sides.

ENERGY ENHANCEMENT MEDITATION – DEEPER THAN THE INTELLECT, MORE PROFOUND THAN THE MIND!

Alchemical VITRIOL is an Ancient Meditation designed to remove Trauma from Memories!! VITRIOL IS A LATIN ACRONYM - VITRIOL. – Visita Interiore Terrae Rectificando Invenies Occultum Lapidem, THE GROUNDING AND TRANSMUTATION OF ENERGY BLOCKAGES – The unification of the conscious and the unconscious., night and day, hot and cold, masculine and feminine. In the center is the Ajna Chakra – Third Eye. The kundalini Serpent has risen from the Muladhara – Base Chakra to the Third Eye Center. The symbolic meaning of its risen state is a raised consciousness that has dissolved duality. A state of Wholeness – Integration – Enlightenment.

"Come together, right now, over me" Singing these famous song lyrics from the Beatles to yourself, You can come together, surpassing your current-self to a higher-self!

YUKO SATO - SPIRITUAL WARRIOR ON THE ENERGY ENHANCEMENT VIDEO MEDITATION COURSE PATH TO SELF REALISATION Vol 1

Here is one of our Students Yuko Sato working with the Energy Enhancement Meditation Course Advanced Meditational techniques using the Kundalini Kriyas, Achemical VITRIOL, and the Taoist Five Elemental Circulations of the Qi to increase her Spiritual Energy, Open the Third Eye to see Energy Blockages on the Astral Plane and by Using the Seven Step Process and Merkaba Psychic Protection remove Energy Blockages and implant addiction blockages from the Psychic Body and All of her Past Lifetimes.

The Astral Plane is a Psychic Plane of Virtual Reality which is viewed through our cultural lenses. As Sosan the third Zen Patriarch says, "They Know!" and our students are not beginners, they have many lifetimes of experience navigating the Astral Plane. Many Times my students teach me!

Many times we get help on the Astral Plane from Spiritual Teachers and Angels as we remove our Traumatic experiences so our messy history painting can become a clean white sheet..

"This afternoon, I invited my ex-husband and my daughter for Sushi brunch at my place. I was amazed at how much I was calm and relaxed this time.

Because I had removed huge blockages from both my ex-husband and myself from our throat chakras. Also, because I had removed blockages from my past and future timelines on which my daughter was there I was able to have a relaxed conversation with my teenage daughter. Any of their negative attitudes didn't affect my mood at all. They were quite the same as always, for instance, my ex-husband often used his iPhone and my daughter sometimes didn't reply to me.

I had just changed somehow by using Energy Enhancement Meditation. I could see the situation above, objectively from a different perspective without the trauma from previous memories. I focused on their presence when I enjoyed making Sushi for them and spending time with them. I stopped thinking about myself and why they did such things.

It was pretty good."
